3rd. After passing the requisite Examination for the degree of B.A., to spend two years in study * prior to a Scientific Examination for the Degree of Bachelor of Medicine; and two years more prior to the final or practical Examination for the same Degree. These four years of medical study may be spent either out of or in Oxford, at a first-class Hospital.

This Degree confers the Licence to Practise. For the Degree of Doctor in Medicine a dissertation has to be publicly read three years after the B.M.

The instruction in Natural Science is carried on at the MUSEUM, where the following Teachers have their Departments:—

Regius and Clinical Professor of Medicine, H. W. Acland, M.D., D.C.L., F.R.S.
Savilian Professor of Astronomy, Rev. C. Pritchard, F.R.S.
Savilian Professor of Geometry, Henry J. S. Smith, M.A., F.R.S.
Professor of Experimental Philosophy, R. B. Clifton, M.A., F.R.S.
Professor of Natural Philosophy, B. Price, M.A., F.R.S.
Professor of Geology, J. Phillips, M.A., D.C.L., LL.D., F.R.S.
Professor of Mineralogy, M. H. N. Story Maskelyne, M.A., F.R.S.
Professor of Chemistry, W. Odling, M.D., F.R.S.
Linacre Professor of Physiology, G. Rolleston, M.D., F.R.S.
Professor of Zoology, J. O. Westwood, M.A., F.L.S.

Lee's Reader in Anatomy, John B. Thompson, B.A., Ch. Ch.
Demonstrator in Anatomy, Charles Robertson, Esq.
Assistant Professor of Chemistry, T. H. G. Wyndham, M.A.
Demonstrator of Practical Chemistry, W. Donkin, M.A.
Medical Chemistry, C. C. Pode, M.B., M.A.
Radcliffe Librarian, H. W. Acland, M.D., F.R.S.
Sub-Librarian, Mr. J. Haines.

Sherardian Professor of Botany at the Botanical Garden, M. A. Lawson, M.A.
Lee's Reader in Chemistry at Christ Church, A. G. V. Harcourt, M.A., F.R.S.
Lee's Reader in Physics at Christ Church, A. W. Reinold, M.A.

The Medical Examinations take place annually in the Michaelmas Term.

Scholarships of about the value of £75 are obtainable at Christ-Church, Magdalen, and other Colleges, by competitive Examination in Natural Science. Every year a Radcliffe Travelling Fellowship is competed for by any who, having taken a first class in any of the Public Examinations of the University, or having obtained some University Prize or Scholarship open to general compe-

tition, propose to study Medicine. The Travelling Fellows receive £200 a year for three years, half this period being spent in study abroad.

More detailed information concerning the University may be obtained from the University Calendar, to be purchased of any Bookseller; concerning the General Education, from the Heads of Colleges; concerning the Medical Examinations, or the courses of study in general, from the Regius Professor of Medicine; and concerning the Scientific Education, from the Professors in the several Departments, as above named.

A course of lectures on Pathology is delivered during the Lent and Easter terms by the Professor of Physic.

A course on Anatomy and Physiology is delivered by Professor Humphry in the Michaelmas and Lent terms.

A course on Practical Anatomy is delivered by Professor Humphry and Dr. Wilson in the Michaelmas and Lent terms.

A course on Practical Histology is delivered by Professor Humphry, Dr. Wilson, and Mr. Martin in the October and Lent terms, and in the long vacation.

A course on Practical Physiology is delivered by Dr. Foster during the terms and in the long vacation.

The course on Chemistry is delivered during the Lent and Easter terms.

The course on Botany is delivered during the Easter term.

The Downing Professor delivers a course of lectures on Materia Medica in the Michaelmas and Lent terms.

Pupils have an opportunity of dissecting in private.

There is a rich and interesting Anatomical Museum open to medical students daily.

Students are admitted to the medical and surgical practice of the Hospital on the payment of 10*l.* 10s. for a year, or 15*l.* 15s. for an unlimited period.

Medical Students are required to enter at one of the seventeen Colleges, or as non-collegiate Students, and reside nine terms (nearly three years), during the first part of which time they are generally occupied in the study of Classics, Mathematics, &c.; then, having passed the previous Examination in these subjects, they can pursue the study of Medicine by attending the practice of the Hospital, and the Professors' lectures above specified. This done, they may continue their medical studies in Cambridge, or elsewhere.

If it be thought desirable, the student may continue his classical and mathematical reading for a longer period than the above arrangement contemplates; and may, in due time, present himself for the Examination in those subjects, whereby he becomes B.A.

PROCEEDINGS IN PHYSIC. M.B.

The candidate for M.B. must have resided nine terms (nearly three years), have passed the previous Examination in Classics, Mathematics, &c., and an Examination in Algebra, and have been engaged five years in medical study, of which six terms must have been in the University. Only four years of medical study, of which *four* terms are in the University, are required of those who graduate with honours as B.A.

There are three Examinations for M.B. The first may be passed at any time after the previous Examination; the second after two years of Medical study, and the third after the completion of the period of Medical study.

The first Examination is in Mechanics and Hydrostatics, Chemistry with Heat and Electricity, and Botany. The student must have attended lectures on Chemistry and Botany.

The Second Examination is in Comparative Anatomy, Human Anatomy, Physiology, and Pharmacology. Lectures must have been attended on Comparative Anatomy, Human Anatomy, Materia Medica, and Pathology, also Hospital Practice for one year.

The Third Examination is in Pathology and the Practice of Physic, Clinical Medicine, and Medical Jurisprudence. Lectures must have been attended on the Principles and Practice of Physic, Clinical Medicine, Clinical Surgery, Medical Jurisprudence, and Midwifery, also Hospital Practice for three years; and the Candidate must have served as Clinical Clerk, or had special charge of patients for six months.

After the Examinations have been passed, an Act must be kept. The candidate reads a thesis composed in English by himself on some subject approved by the Professor. He is then questioned in English by the Professor on the subject of the thesis, and on other subjects in the faculty of a more general nature.

M.D.

The candidate can be admitted to the degree of M.D. in the ninth term (nearly three years), after taking the degree of M.B. A Master of Arts may be admitted to the degree of M.D. at the prescribed period, when he has produced the same certificates and passed the same Examinations as are required for the degree of M.B.; but he is not required to have kept medical terms in the University.

An Act has to be kept similar to that required for M.B., and the Candidate is required to write a short extempore essay on one of four topics, relating severally to Physiology, Pathology, Practice of Medicine, and State Medicine, the selection being made by himself.

M.C.

The candidate for the degree of MASTER IN SURGERY is required to have passed the Examinations for M.B.; to have attended the Surgical practice of a Hospital for three years; to have been House-Surgeon or Dresser during six months; to have attended Lectures on Human Anatomy (two courses with dissections) during two seasons, on Surgery, Clinical Surgery, Midwifery (with ten cases), Practical and Surgical Anatomy, Pathology and Principles and Practice of Surgery, and Clinical Surgery, and Midwifery.

The full time required for the degrees of M.B. and M.C., from entrance at the University, is rather more than *four* years in the case of those who graduate with honours, as B.A.—*i.e.*, who go through the examination for either the Mathematical, Classical, Natural, or Moral Sciences Tripos. Many Medical Students take this course, and go through the Natural Sciences Tripos, because the subjects of the examination (Botany, Chemistry, and Comparative Anatomy) are akin to those of Medicine; and the Student who has passed in any of them is not required to be again examined in them for M.B. He may thus be entirely exempt from the first Examination for M.B., or from parts of it. In the case of Students who do not graduate with honours, the time required to obtain the M.B. and M.C. degree is *five* years. The expenses at Cambridge, including residence, lectures, &c., are about 150*l.* per annum; but these are in many cases lessened by Scholarships, which are very numerous, and obtainable by most Students of industry and ability. Some of these Scholarships are given for proficiency in Natural Science, and are open to competition to students who have not entered the University. An Examination for one or more Scholarships is held in Sidney College in October, in Downing College in May, in Trinity College in Easter week (this is open to all undergraduates of Oxford and Cambridge), and in St. John's, Clare, Caius, Pembroke, and St. Peter's Colleges in April or May. Information respecting these Scholarships may be obtained from the Tutors of the respective Colleges.

UNIVERSITY OF DURHAM.

REGULATIONS.

1.—No one shall be held to be a Student in Medicine who has not been registered in a register kept for that purpose. No one shall be so registered unless he has passed the Registration Examination, or such other examination as the Warden and Senate shall deem equivalent. The Registration Examination shall be directed to the rudiments of Religion, Literature, and Science, and shall be conducted by two or more Examiners nominated by the Warden.

2.—No Grace for a Licence in Medicine shall be granted, unless the Petitioner is of the age of 21 years, and has since his registration spent four years in medical study at one or more of the Schools recognised by the Licensing Bodies named in Schedule A of the Medical Act, 1858, one of the said four years having been spent at the University's College of Medicine, Newcastle-on Tyne. No Grace for a Licence in Medicine shall be granted unless the Petitioner has passed two Public Examinations. No one shall be admissible to the first of these Examinations unless he has spent two years at least in medical study as above prescribed. No one shall be admissible to the second of these Examinations unless he has spent four years at least in medical study as above prescribed, and has passed the first Examination. No one shall be admissible to either of these Examinations unless he has produced satisfactory testimonials of conduct, and such certificates of attendance on Lectures and Hospital Practice as the Warden and Senate shall require. Each of these Examinations shall be conducted by three or more Examiners, nominated by the Warden and approved by Convocation, and shall be directed to such subjects of Medical Science and Practice as shall have been fixed on by the Warden and Senate.

3.—No Grace for the Degree of Bachelor of Medicine shall be granted, unless the Petitioner is of the standing of three terms at least as a Licentiate in Medicine, and of eighteen terms (6 years) at least from the date of his Registration or Matriculation. No one, who is not a Bachelor of Arts, shall be admissible to the Degree of Bachelor of Medicine, unless he has kept three terms by residence at Durham or equivalent residence in the University of Durham College of Medicine, Newcastle-upon-Tyne, and has passed the final Examination for the Degree of Bachelor of Arts, or an equivalent to it, as hereinafter described, besides the Examination for the Degree of Bachelor of Medicine. Residence and attendance at Lectures in Arts at Newcastle-upon-Tyne for one Winter and one Summer Session shall be accounted as equivalent to the three terms' residence at Durham, provided always that such residence and attendance at Lectures shall be in addition to the four years of Medical Study required under clause 2 of this section. The Examination for the Degree of Bachelor of Medicine shall be directed chiefly to the Practice of Medicine. The details shall be arranged by the Warden and Senate.

4.—No Grace for the Degree of Doctor of Medicine shall be granted unless the Petitioner is a Bachelor of Medicine of the standing of twenty-one terms at least (7 years) from his Registration or Matriculation, and of three terms at least from his admission to the Degree of Bachelor of Medicine, nor unless he has performed such exercises as the Warden and Senate require.

5.—No Grace for a Licence in Surgery shall be granted unless the Petitioner is of the age of 21 years, has spent four years in Medical and Surgical Study since his Registration as a Student in Medicine, in some one or more of the Schools recognised by the Licensing Bodies named in Schedule A of the Medical Act, 1858, one of the said four years having been spent at the University's College of Medicine, Newcastle-on-Tyne. No Grace for a Licence in Surgery shall be granted unless the Petitioner has passed two Public Examinations. The first of these Examinations shall be the first Examination appointed for Students in Medicine. No one shall be admissible to it, who has not spent two years in Medical and Surgical study, as above prescribed. The second of these Examinations shall be partly the same as the second Examination appointed for Students in Medicine, and shall be partly in Surgical subjects. No one shall be admissible to it, who has not spent four years at least in Medical and Surgical study as above prescribed, and passed the first Examination. No one shall be admissible to either of these Examinations unless he has produced satisfactory testimonials of conduct, and such certificates of attendance on Lectures and Hospital Practice as the Warden and Senate shall require. Each of these Examinations shall be conducted by three or more Examiners nominated by the Warden, and approved by Convocation, and shall be directed to such subjects as shall have been fixed on by the Warden and Senate. The second Examination for a Licence in Surgery may or may not be passed at the same time with the Second Examination for a Licence in Medicine.

6.—No Grace for the Degree of Master in Surgery shall be granted unless the petitioner is a Licentiate in Surgery, and also a Licentiate in Medicine, and is of the standing of 18 terms (6 years) at least from the date of his Registration or Matriculation, and of three terms at least from the date of his admission to the Licence in Surgery. No one, who is not a Bachelor of Arts, shall be admissible to the Degree of Master in Surgery unless he has kept three terms by residence at Durham or the equivalent residence at Newcastle-upon-Tyne provided for in clause 3 of this section, and has passed the final Examination for the Degree of Bachelor of Arts, or an equivalent to it, as hereinafter described, besides the Examination for the Degree of Master in Surgery. The Examination for the Degree of Master in Surgery shall be directed chiefly to the Practice of Surgery. The details shall be arranged by the Warden and Senate.

7.—The Warden and Senate shall have authority to arrange for Students in the Faculty of Medicine an Examination equivalent to that for the Degree of Bachelor of Arts, by substituting for the Theological part of it an Examination in Hippocrates, Galen, or such other ancient medical author or authors as they may think fit.

8.—Any Student in Medicine who was registered before Easter Term, 1868, shall be entitled to be admitted to the Degree of Master in Surgery on the same conditions as are above required for a Licence in Surgery.

9.—These Regulations shall not interfere with the power of the University to grant Degrees by Diploma to persons of sufficient standing and approved merit.

Medical Scholarships.

A Medical Scholarship, of the annual value of £25, is awarded by Examination at the commencement of Michaelmas Term, early in October in each year, and is open to all candidates who have been duly registered as Students in Medicine. The scholarship is tenable for four years by a student pursuing his medical studies, and not of sufficient standing to proceed to a Licence in Medicine.

MEDICAL DEPARTMENT.—*Medical Officer*, J. Simon, Esq., M.D.; *Legal Assistant*, J. F. Rotton, Esq.; *Superintending Inspector*, E. C. Seaton, Esq., M.D.; *Inspectors*, Edward Smith, M.D.; George Buchanan, Esq., M.D.; H. Stevens, Esq., M.D.; J. N. Radcliffe, Esq., M.D.; R. T. Thorne, Esq., M.D.; F. H. Blaxall, Esq., M.D.; C. I. Beard, Esq., M.D.; E. Ballard, Esq., M.D.; Gwynne Harries, Esq., M.D.; *Assistant Inspector*, A. B. Farn, Esq.

To facilitate reference to this List, the following explanation is necessary:—

1. The COUNTIES are arranged *alphabetically;* as are also the UNIONS under each County.

2. Each *paragraph* contains the particulars of *one union.* The name of the Union is given in *small capitals*, and the name of each district in *italics.* The letter P. is placed before the *Population*, and the letter A. before the *Area* in *Acres.* Then follows the name of the Medical Officer, with the amount of his salary.

3. To a few of the Unions an asterisk * has been prefixed, to signify that the Clerks of such Unions have not replied to the inquiries forwarded to them. For the correctness of the entries so marked, the Editors do not hold themselves responsible.

4. In those cases where the amounts of extras have been given, it may, *as a rule*, be inferred that both medical fees and vaccination charges have been included.

INSTRUCTIONS TO MEDICAL OFFICERS OF HEALTH.

SINCE our legal abstract was in type [*ante* pp. 1-20], the following orders and instructions have been issued to the local sanitary authorities by the Local Government Board. It must be remembered that these only apply where, at the request of the local authority, part of the salary of the medical officer is paid by the Board.

The salary of the medical officer is to be approved by the Board, and the local authorities are advised to offer adequate remuneration. Extra services may be paid for, in addition to the salary. Where joint appointments are to be made, the authorities are invited to obtain the aid of the Board inspector for the district, for the purpose of drawing up a scheme for the approval of the Board. The district or districts to be assigned to the medical officer must be submitted to the Board for approval. No appointment must be made unless notice has been given at one of the two ordinary meetings, next preceding the meeting or meetings at which the appointment is to be made, and advertisement of the day of election has appeared in some public newspaper circulating in the district or districts, at least seven days prior to the day on which the appointment is to be made. The same rule must be followed on each vacancy. The local authorities may appoint temporary substitutes, but must report every such appointment to the Board. The medical officer is to hold office for such period as the local authorities may, with the consent of the Board, determine, or until he dies or resigns, or is removed by the local authorities, with the consent of the Board. Upon any "desirable change" being made with regard to duties, districts, or salaries, if the medical officer shall not acquiesce in the same, his appointment may, with the consent of the Board, be determined at six months' notice. As has been before stated (p. 14), the first appointments are to be for a period not exceeding five years.

The duties of the medical officer of health are defined to be as follows:—1. He shall inform himself as far as practicable respecting all influences affecting or threatening to affect injuriously the public health within the district. 2. He shall inquire into and ascertain by such means as are at his disposal the causes, origin, and distribution of diseases within the district, and ascertain to what extent the same have depended on conditions capable of removal or mitigation. 3. He shall by inspection of the district, both systematically at certain periods and at intervals as occasion may require, keep himself informed of the conditions injurious to health existing therein. 4. He shall be prepared to advise the sanitary authorities on all matters affecting the public health of the district and on all sanitary points involved in the action of the Sanitary Authority, and in cases requiring it he shall certify, for the guidance of the Sanitary Authority or of the justices, as to any matter in respect of which such certificate is required, as the basis, or in aid of, sanitary action. 5. He shall advise in the working and making of bye-laws which may be made. 6. On receiving information of the outbreak of any epidemic, infectious, or contagious disease, he shall visit the spot, to make proper inquiries, and advise as to the means to be taken to suppress the outbreak, and assist in the execution of the same. 7. He shall, on receiving information from the inspector of nuisances that his intervention is required in consequence of the existence of any nuisance injurious to health, or of any overcrowding in a house, take such steps authorised by the statutes in that behalf as the circumstances of the case may justify and require. 8. When the Sanitary Authority thinks it advisable

or he thinks it desirable, he is to visit and examine any animal, carcase, meat, poultry, game, flesh, fish, fruit, vegetables, corn, bread, or flour, exposed, intended for sale or food, and if necessary give such directions as may cause it to be seized, and the case dealt with by the magistrates. 9. He is to perform any duties imposed on him by any bye-laws or regulations of the Sanitary Authority. 10. He is to inquire into any offensive process of trade carried on within the district, and report on the appropriate means for the prevention of any nuisance or injury to health therefrom. 11. He is to attend at the office of the Sanitary Authority or some other appointed place at stated times. 12. He is to make a report from time to time of his proceedings, and the measures that may be required for the improvement or protection of the public health of the district, and report with respect to the sickness and mortality within his district. 13. He is to keep a book in which he records his visits of inspection, and his instructions, and the date and results of action taken thereon, and produce the book when required to the Sanitary Authority. 14. He is to make an annual report, comprising tabular statements of the sickness and mortality within his district, classified according to diseases, ages, and localities, with a general summary of his work and its results, and a record of action taken by him, or on his advice, during the year, in regard to offensive trades, bakehouses, and workshops. 15. He is to give immediate notice to the Local Government Board of any outbreak of dangerous epidemic, and make to the Board quarterly returns of sickness and deaths, and send copies of all reports. 16. He is, in matters not provided for by special order, to observe the regulations of the Board. 17. He must observe, so far as relates to his office, the provisions of the Diseases Prevention Act of 1855, when necessary. 18. He may be assigned duties in a portion only of a district.

In addition to the above he may be required to superintend and issue necessary directions to the inspector of nuisances, with reference to duties imposed by the Sanitary Acts or the Local Government Board; and the inspector is entitled to apply to him for advice on matters connected with his duties. The inspector must, moreover, give him notice of the outbreak of any infectious, contagious, or epidemic disease of a dangerous character, inform him when his intervention seems to be necessary, obey his instructions with respect to any measures which can be lawfully taken by him to prevent the spread of disease, produce his books at all reasonable times when applied to by him, and render him such information as he may be able with respect to any matters to which his duties relate.—[See also *ante*, pp. 14, 17, 18.]

VI. Every Candidate for the Degrees of Bachelor of Medicine and of Master in Surgery shall give sufficient evidence by Certificates—

1. That he has studied each of the following Departments of Medical Science,—namely, Anatomy, Chemistry, Materia Medica and Pharmacy, Institutes of Medicine, or Physiology, Practice of Medicine, Surgery, Midwifery, and the Diseases peculiar to Women and Children,* during Courses, including not less than One Hundred Lectures; Practical Anatomy, Six Months; Practical Chemistry, Three Months; Practical Midwifery—Three months at a Midwifery Hospital, or a Certificate of Attendance on Six Cases from a Registered Medical Practitioner; Clinical Medicine, Clinical Surgery, during Courses of Six Months, or Two Courses of Three Months, the Lectures being given at least Twice a week; Medical Jurisprudence, Botany, Zoology, with Comparative Anatomy, during Courses including not less than Fifty Lectures.

2. That he has attended for at least two years the Medical and Surgical Practice of a General Hospital, either at Aberdeen or elsewhere, which accommodates not fewer than eighty patients, and possesses a distinct Staff of Physicians and Surgeons.

3. That he has been engaged for at least three months, by Apprenticeship or otherwise, in compounding and dispensing Drugs at the Laboratory of an Hospital, Dispensary, Member of a Surgical College or Faculty, of a Licentiate of the London or Dublin Society of Apothecaries, or of a Member of the Pharmaceutical Society of Great Britain.

4. That he has attended for at least six months, by Apprenticeship or otherwise, the out-practice of a Hospital, or the practice of a Dispensary, or of a Registered Medical Practitioner.

VII. The studies of Candidates for the Degrees of Bachelor of Medicine and Master in Surgery shall be subject to the following regulations:—

1. One at least of the four years of Medical and Surgical study must be in this University.

2. Another of such four years must be either in this University, or in some other University entitled to give the Degree of Doctor of Medicine.

3. Attendance, during at least six winter months, on the Medical or Surgical practice of a General Hospital which accommodates at least eighty patients—and, during the same period, on a Course of Practical Anatomy—will be reckoned as one of such four years; and to that extent it will be held as equivalent to one year's attendance on Courses of Lectures, as hereinbefore prescribed.

4. One year's attendance on the Lectures of Teachers of Medicine in the Hospital Schools of London, or in the School of the Royal College of Surgeons of Ireland, will be reckoned as one of such four years; and to that extent it will be held as attendance on Courses of Lectures, as hereinbefore prescribed.

5. If the University Court, with the consent of the Chancellor, shall, at any time, by regulation to that effect, recognise, for the purpose of Graduation in this University, the Lectures of any private Teacher or Teachers of Medicine, then and in that case attendance on such Lectures will be reckoned in place of the year's attendance under Sub-section 4, or as part thereof, as the case may be.

6. Candidates may, to the extent of four of the departments of Medical study above required, attend in such year or years of their Medical and Surgical studies, as may be most convenient to them, the Lectures of the Teachers of Medicine specified in Sub-sections 4 and 5.

7. In the event of the Lectures of any private Teachers of Medicine being recognised in terms of Sub-section 5, all Candidates availing themselves of the permission to attend the Lectures of such Teachers, and not being, at the time, Matriculated Students of the University, must, at the commencement of the year of such attendance, enrol their names in a book which will be kept by the University for the purpose,—paying a fee of one-half the amount of the Matriculation Fee paid by Students of the University; but they shall not be thereby entitled to any of the privileges of a Matriculated Student of the University.

8. The Fee for attendance on the Lectures of any private Teacher, with a view to Graduation, shall not be of less amount than that exigible by Medical Professors of the University for the same course of instruction.

9. No attendance on Lectures will be reckoned if the Teacher give instruction in more than one of the prescribed branches of study, except in those cases where Professors of the University are at liberty to teach more than one branch.

10. It shall not be necessary for any private Teacher, attendance on whose Lectures is now recognised for the purpose of Graduation in the University, to obtain a new recognition from the University Court.

11. It shall be in the power of the University Court, if it shall see cause, at any time to withdraw or suspend the recognition of any private Teacher or Teachers.

VIII. Every Candidate for the Degrees of Bachelor of Medicine and Master in Surgery shall, at such Examination Term in which he proposes to graduate, lodge with the Dean of the Faculty of Medicine—

1. A declaration, in his own handwriting, that, on the day of Graduation, he will have completed his twenty-first year, and will not be under articles of Apprenticeship;

2. A statement of his studies, as well in Literature and Philosophy as in Medicine, accompanied with proper Certificates;

---

* Two Courses of Midwifery, of Three Months each, will be reckoned equivalent to a Six Months' Course, provided different departments of Obstetric Medicine be taught in each of the Courses.

3. An Inaugural Dissertation, composed by himself, to be approved by the Senatus Academicus.

PROFESSIONAL EXAMINATIONS.

These will be held twice in each year, namely, in April and July, directly after the close of the Winter and Summer Sessions.

IX. Every Candidate for the Degrees of Bachelor of Medicine and Master in Surgery shall undergo *Three* Professional Examinations, which will be conducted both in writing and *viva voce*, as follows:—

The *First* Examination (not to be taken before the end of the Second Year of study) to include Chemistry, Botany, Elementary Anatomy, and Materia Medica.

The *Second* Examination (not to be taken before the end of the Third Year) to include Advanced Anatomy, Zoology with Comparative Anatomy, Physiology, and Surgery.

The *Third* Examination (not to be taken before the end of the Fourth Year) to include Practice of Medicine and General Pathology, Clinical Medicine, Clinical Surgery, Midwifery, and Medical Jurisprudence.

1. The Examinations in Anatomy, Chemistry, Physiology, Botany, Zoology, and Materia Medica will be conducted, as far as possible, by Demonstrations of Objects exhibited to the Candidates; and those on Medicine and Surgery, in part, by Clinical Demonstrations.

2. Candidates may be admitted to Examination on the first two of these divisions, at the end of their Third Year; or to the three Examinations at the end of their Fourth Year.

3. If any Candidate, on Examination, be found unqualified, he shall not be again admitted to examination, unless he shall have completed another year of Medical study, or such portion of another year as may be prescribed by the Examiners, when he is found unqualified.

X. The Medical Examiners for Graduation in Medicine are the Professors in the Faculty of Medicine, and, in addition, three persons appointed annually by the University Court.

XI. The Degree of Master in Surgery shall not be conferred on any person who does not, at the same time, obtain the Degree of Bachelor of Medicine.

DEGREE OF M.D.

XII. The Degree of Doctor of Medicine may be conferred on any Candidate who has obtained the Degree of Bachelor of Medicine, and is of the age of twenty-four years, and has been engaged, subsequently to his having received the Degree of M.B. for two years, in attendance on an Hospital, or in the Military or Naval Medical Service, or in Medical or Surgical practice. Provided always that the Degree of Doctor of Medicine shall not be conferred on any person, unless he be a Graduate in Arts, or unless he shall, before or at the time of his obtaining the Degree of Bachelor of Medicine, or within three years thereafter, have passed a satisfactory Examination in Greek, and in Logic or Moral Philosophy, and in one at least of the following subjects, namely, French, German, Higher Mathematics, Natural Philosophy, and Natural History.

EXEMPTION FROM THE FOREGOING REGULATIONS.

XIII. Candidates who began their Medical studies before the first Tuesday of November, 1861, are entitled to graduate under the Regulations applicable to Medical Students in force before that date.

FEES FOR GRADUATION.

XIV. 1. Each Candidate for the Degree of M.B. shall pay a Fee of Five Guineas in respect of each of the three Professional Examinations; each such Fee of Five Guineas being payable at the time at which the Candidate comes forward to be examined in that Division in respect of which it is payable.

2. If the Candidate desires to be admitted to the Degree of Bachelor of Medicine only, he shall not, on admission thereto, be required to pay any further Fee in addition to the Fifteen Guineas so paid by him: but if he desires to be admitted to the Degree of Master in Surgery also, he shall, on being admitted to such Degree, pay a further Fee of Five Guineas.

3. And every Candidate for the Degree of Doctor of Medicine shall pay, in addition to the Fee paid by him for the Degree of Bachelor of Medicine, a Fee of Five Guineas, exclusive of any stamp duty which may for the time be exigible.

STATUTES OF THE UNIVERSITY OF EDINBURGH RELATIVE TO GRADUATION IN MEDICINE AND SURGERY.*

Three Medical Degrees are conferred by the University of Edinburgh, viz.—Bachelor of Medicine (M.B.), Master in Surgery (C.M.), and Doctor of Medicine (M.D.). The Degree of Master in Surgery is not conferred on any person who does not also at the same time obtain the Degree of Bachelor of Medicine.

I. The preliminary branches of Extra-Professional Education are English, Latin, Arithmetic, the Elements of Mathematics, and the Elements of Mechanics; and the proficiency of Students in these branches is ascertained by Examination, prior to the commencement of their Medical Study.

II. No Candidate is admitted to a Professional Examination who has not passed a satisfactory examination on at least two of the following subjects (in addition to the subjects mentioned above):—Greek, French, German, Higher Mathematics, Natural Philosophy, Logic, Moral Philosophy; and the examination on these latter subjects also takes place, before the Candidate has entered on his Medical Curriculum.

The Examinations under Sections I. and II. are conducted by Examiners in Arts, together with some of the Medical Examiners.

III. A Degree in Arts (not being an Honorary Degree) in any one of the Universities of England, Scotland, or Ireland, or in any Colonial or Foreign University, specially recognised for this purpose by the University Court, exempts from all Preliminary Examination; and an Examination in Arts by any Corporate Body, whose Examination has been recognised as qualifying for entrance on Medical Study by Resolution of the General Medical Council of the United Kingdom, provided the said Examination by the said Corporate Body shall be also approved by the University Court, shall exempt from Preliminary Examination in Arts, on all subjects comprised in the said Examination of the said Corporate Body.

IV. No one is admitted to the Degree of Bachelor of Medicine or Master in Surgery who has not been engaged in Medical and Surgical Study for Four Years,—the Medical Session of each year, or *Annus Medicus*, being constituted by at least two courses of not less than one hundred lectures each, or by one such course, and two courses of not less than fifty lectures each; with the exception of the Clinical Courses, in which Lectures are to be given at least twice a-week during the prescribed periods.

V. Every Candidate for the Degrees of M.B. and C.M. must give sufficient evidence by certificates—

1. That he has studied each of the following departments of Medical Science, viz.:—

Anatomy, Chemistry, Materia Medica, Institutes of Medicine or Physiology, Practice of Medicine, Surgery, Midwifery, and the Diseases peculiar to Women and Children; two Courses of Midwifery of Three Months each, being reckoned equivalent to a Six Months' Course, provided

* Every Student must be registered when commencing his medical studies. According to the Regulations of the General Medical Council, no Student can be registered who has not passed English, Latin, Arithmetic, Mathematics, along with one optional subject, as French, or German, or Greek, or Mechanics, or Natural Philosophy. The commencement of medical study is reckoned from the date of registration, and if registered the remainder of the Preliminary subjects may be passed at any of the periodical Preliminary Examinations before appearing for a Professional Examination. The Academic Year commences in the beginning of November—the Summer Session in the beginning of May. Preliminary Examinations in Arts for Medical Students take place in March and October; the First Professional Medical Examinations in April and October; the Second Professional Medical Examination in April, and the Final Medical Examination in June annually. The number of Students who attended this University during 1871-72 was 1854, of which 725 were medical students.

IX. Students who profess themselves ready to submit to an Examination on the First Division of these subjects at the end of their second year, may be admitted to Examination at that time.

X. Students who have passed their Examination on the First Division of these subjects may be admitted to Examination on the Second Division at the end of their third year.

XI. The Examination on the Third and Fourth Divisions cannot take place until the Candidate has completed his fourth *Annus Medicus*.

XII. Candidates may, if they choose, be admitted to Examination on the first two of these Divisions at the end of their third year; or to the four Examinations at the end of their fourth year.

XIII. If any Candidate at these Examinations be found unqualified, he cannot be again admitted to Examination unless he has studied during another year two of the prescribed subjects, either in the University, or in some other School of Medicine.

XIV. After the Candidate has satisfied the Medical Examiners, the Dean will lay the proceedings before the Senatus Academicus, by whose authority the Candidate will be admitted, on the first day of August, or, if that day be Sunday, then on the following day, to the Degree of Bachelor of Medicine, or to the Degrees of Bachelor of Medicine and of Master in Surgery.

XV. The Senatus Academicus, on the day here appointed, will assemble at Ten o'clock A.M., for the purpose of conferring Degrees; and no Candidate, unless a sufficient reason be assigned, shall absent himself, on pain of being refused his Degree for that year.

XVI. Candidates for Graduation are required to produce evidence of their having conformed to the Regulations which were in force at the time they commenced their Medical Studies.

XVII. The Degree of Doctor of Medicine may be conferred on any Candidate who has obtained the degree of Bachelor of Medicine, and is of the age of twenty-four years, and has been engaged, subsequently to his having received the Degree of Bachelor of Medicine, for at least two years in attendance on an Hospital, or in the Military or Naval Medical Services, or in Medical and Surgical Practice: provided always, that the degree of Doctor of Medicine shall not be conferred on any person, unless he be a Graduate in Arts of one of the Universities of England, Scotland, or Ireland, or of such other Universities as are above specified, or unless he shall, before or at the time of his obtaining the Degree of Bachelor of Medicine, or within three years thereafter, have passed a satisfactory Examination in Greek, and in Logic or Moral Philosophy, and in one at least of the following subjects, namely, French, German, Higher Mathematics, and Natural Philosophy. And provided also that the Candidate for the Degree of Doctor of Medicine shall, on or before the 31st March in the year in which he purposes to graduate, submit to the Medical Faculty a Thesis, certified by him to have been composed by himself, and which shall be approved by the Faculty, on any branch of knowledge comprised in the professional examinations for the Degree of Bachelor of Medicine, which he may have made a subject of study after having received that Degree.*

XVIII. The Medical Examiners for all Candidates for Graduation in Medicine are the Professors in the Faculty of Medicine, and, in addition, three persons appointed annually by the University Court.

XIX. The Provisions of these Statutes came into operation on the 4th of February, 1861.

XX. Persons who began their Medical Studies before the 4th of February, 1861, are entitled to graduate under the system in force before or after that date, according as they may comply with the regulations in force in the University before or after that date.

Note.—In conformity with the desire expressed by the Privy Council, it has been resolved that any candidate for a Degree in Medicine, must produce at his final examination, a certificate from a Dispensary or other Public Institution where Vaccination is practised, attesting that he has been personally instructed in the operation, and is acquainted with the appearances which follow its performance.

FEES FOR DEGREES.

First Professional Examination, £5 5 0; Second Professional Examination, £5 5 0; Final Examination, £5 5 0; Total Fees for M.B. Diploma, £15 15 0; Additional Fee for C.M. Diploma, £5 5 0; Additional Fee for M.D. Diploma, £5 5 0; Government Stamp-duty for M.D. only, £10; Total Fees and Stamp for graduating as M.D. only, by Regulations for Students commencing before Feb. 1861, £25 0 0.

NOTICE TO CANDIDATES FOR GRADUATION WHO COMMENCED THEIR STUDIES BEFORE 1861.

Candidates who commenced their Medical Studies by attendance on Qualifying Classes before the fourth day of February, 1861, are entitled to appear for Examination for the Degree of Doctor of Medicine, after four years' study, on completing their twenty-first year, and without having taken the Degree of Bachelor of Medicine. They are also exempted from the Preliminary Examinations mentioned in Sections I. and II., and require only to undergo an Examination in Latin. They

Botanic Garden: The Botanic Garden is adapted to the illustration of the Lectures on Botany, and is open to the Students of the Botanical Class during the Session.

Bursaries tenable by Medical Students: The Brisbane Bursary, of 50*l.* yearly, is held for four years by a Student of Medicine, who is Master of Arts. The Walton Bursary, of 36*l.* yearly, is held by a Medical Student (a native of England being preferred) for four years. The Armagh Bursaries, three in number, amounting each to 25*l.* yearly, for three years, are open to Students of Divinity and Medicine who have taken the Degree of M.A. A Logan Bursary of 15*l.* yearly is held by a Medical Student for four years.

Recognition by Public Boards: Attendance on the Lectures at the University of Glasgow qualifies for examination at all the Public Boards. Graduates in Surgery of this University are recognised by the English Poor Law Unions, and by the East India Government, on the same footing as Licentiates of the Royal College of Surgeons of England.

STATUTES RELATIVE TO GRADUATION IN MEDICINE.

Three Degrees in Medicine are granted by this University, which are respectively designated as follows, viz.:—Bachelor of Medicine (M.B.), Master in Surgery (C.M.), and Doctor of Medicine (M.D.) These Degrees are conferred by this University according to the following Regulations:—

I.—DEGREES OF BACHELOR OF MEDICINE AND MASTER IN SURGERY.

A.—*General Education*:—1. Candidates for these Degrees are required to pass an examination in the following branches, viz.,—English, Latin, Arithmetic, the Elements of Mathematics and the Elements of Mechanics. The proficiency of Students in these Branches is ascertained by examination, prior to the commencement of their Professional Education.

2. Candidates are also required, previous to their First Professional Examination, to pass an examination in at least *two* of the following subjects, selected by the Candidate, viz.:—Greek, French, German, Higher Mathematics, Natural Philosophy, Natural History, Logic, Moral Philosophy:—and this examination takes place, as far as possible, before the Candidate has entered upon his Medical Curriculum.

3. The Examinations in General Education are conducted by some of the Examiners in Arts (who may be Professors), together with some of the Medical Examiners.

4. A Degree in Arts (not being an honorary Degree) of any of the Universities of England, Scotland, and Ireland, or a Degree in Arts of any Colonial or Foreign University, which may for this purpose have been specially recognised by the University Court, exempts Candidates from Examination in General Education.

B.—*Professional Education*:—1. Candidates must have been engaged in Professional Study for a period of four years; the Medical Session of each year, or *Annus Medicus*, being constituted by attendance on at least two Courses of not less than one hundred Lectures each, or on one such Course and two Courses of not less than fifty Lectures each: excepting in the case of the Clinical Courses, in which it shall be sufficient that the Lectures be given twice a-week during the prescribed period.

2. Of the four years constituting the Curriculum, one at least must have been passed in the University of Glasgow, and another either in that University or in some other University entitled to give Degrees in Medicine. For the remaining years, if not passed at a recognised University, attendance during at least Six Winter Months on the Medical and Surgical Practice of a General Hospital, which accommodates at least eighty patients, with a Course of Practical Anatomy during the same period, may be reckoned one *Annus Medicus*; and another such year may be constituted by attendance for the requisite period on the Lectures of Teachers of Medicine in the Hospital-Schools of London, or in the School of the College of Surgeons of Dublin, or in such other Schools as may for the purpose be recognised by the University Court, with the consent of the Chancellor of the University. But attendance on Lectures by such Teachers is not recognised to the extent of more than four of the departments of Medical Study required for the Curriculum.

3. Candidates must produce Certificates of having studied the following departments of Medical Science, in the manner specified:—Anatomy, Chemistry, Institutes of Medicine or Physiology, Materia Medica and Pharmacy, Surgery, Practice of Medicine, Midwifery and Diseases of Women and Children,* each in a Course of not less than one hundred Lectures. Botany, Zoology, with Comparative Anatomy, Medical Jurisprudence; each in a Course of not less than fifty Lectures.

Pathological Anatomy, in a Three Months' Course of Lectures, with a supplemental Course either of Practice of Medicine or of Clinical Medicine. But a Course of General Pathology, of one hundred Lectures, will be held equivalent to the foregoing.

Clinical Surgery, Clinical Medicine; each in a Six Months' Course, or in two Three Months' Courses.

Practical Anatomy, during Six Months.

Practical Chemistry, during Three Months.

Practical Pharmacy, during Three Months; consisting in Compounding and Dispensing Drugs in the Laboratory of an Hospital or Dispensary, of a Registered Medical Practitioner, or of a Member of the Pharmaceutical Society of Great Britain.

Hospital Practice, Surgical and Medical; consisting in attendance during Two Years at a recognised General Hospital, accommodating not fewer than eighty Patients.

Practical Midwifery; consisting in attendance during Three Months at an Obstetric Hospital, or attendance on at least six cases of Labour, certified by a Registered Medical Practitioner.

Out-door Practice, during Six Months, at an Hospital or Dispensary, or with a Registered Medical Practitioner.

Vaccination; evidence of a practical knowledge of, obtained from a recognised institution.

C.—*Professional Examinations*: 1. Candidates are examined on all the departments of Medical Study required in the Curriculum, in three Divisions, as follows:—*Firstly*. On Chemistry, Botany, and Elementary Anatomy; *Secondly*. On Advanced Anatomy, Zoology, with Comparative Anatomy, and Physiology; and *Thirdly*. On Materia Medica, General Pathology, Surgery, Practice of Medicine, Midwifery, Medical Jurisprudence, Clinical Surgery, and Clinical Medicine.

2. The Examinations on these subjects are conducted partly in writing and partly *viva voce*. The Examinations on Anatomy, Chemistry, Physiology, Botany, Zoology, and Materia Medica are also conducted, as far as possible, by Demonstrations of objects; and those on Surgery and Medicine, in part by Clinical Demonstrations.

3. Candidates may be admitted to examination on the First Division of subjects, at the end of the Second year of their Studies, upon producing Certificates of their having attended the required Courses; and those who have passed the First Examination may be examined on the Second Division of subjects, at the end of their Third year of Study. The Examination on the Third Division of subjects cannot take place until the Candidates have completed their Course of Study, and have passed the Examination on the First Two Divisions.

4. Candidates may be admitted to the first two of these Examinations after their Third year of Study; or to the Three Examinations after the completion of their Studies; but they are strongly recommended to take the First and Second Examinations at an earlier period, as suggested in the foregoing Regulation.

---

* Two Courses of Midwifery, of Fifty Lectures each, are reckoned equivalent to one Course of One Hundred Lectures, provided they embrace different departments of Obstetric Medicine.

5. If any Candidate shall, on examination, be found unqualified, he cannot be again admitted to Examination until he shall have completed another year of study, or such portion of another year as may be prescribed by the Examiners.

6. The Medical Examiners are the Professors in the Faculty of Medicine of the University (including the Professor of Natural History), and the Assessors appointed annually for the purpose by the University Court.

D.—*Age of Candidates:* Every Candidate for the Degree of Bachelor of Medicine must produce a Certificate that, on the day of Graduation, he will have attained the age of twenty-one years.

E.—*Degree of Master in Surgery:* This Degree is conferred only on Candidates who obtain at the same time the Degree of Bachelor of Medicine.

II.—DEGREE OF DOCTOR OF MEDICINE.

Candidates for the Degree of Doctor of Medicine must produce evidence to the following effect:—

First, Of having completed the age of twenty-four years.

Second, Of having obtained the Degree of Bachelor of Medicine.

Third, Of possessing a Degree in Arts, or of having either before or at the time of obtaining the Bachelor's Degree, or within three years thereafter, passed an examination in Greek, in Logic or Moral Philosophy, and in one at least of the following subjects, which the Candidate is at liberty to select, viz.:—French, German, Higher Mathematics, Natural Philosophy, and Natural History.

Fourth, Of having been engaged, after obtaining the Degree of Bachelor of Medicine, for at least Two Years in attendance on an Hospital, or in the Military or Naval Medical Service, or in Medical and Surgical Practice.

Fifth, Each Candidate is required, previous to graduation, to produce an Inaugural Dissertation, composed by himself, on a subject in Medicine, or one of the allied Sciences, for the approval of the Senatus Academicus.

III.—GENERAL REGULATIONS.

1. The annual term for conferring Medical and Surgical Degrees is the first day of May.

2. The Professional Examinations are held in April and October. Before being admitted to examination, every Candidate must, at such period of the year as may be fixed by the Senate of the University, lodge with the Registrar a Statement* of his Studies, General and Professional, together with the proper Certificates, including, when necessary, that of age, his Inaugural Dissertation, or other Documents, and the Fees.

3. The Examinations in General Education are held in the beginning of October and beginning of April.

4. The Fees for the foregoing Degrees are as follow, viz.:—

For the Degree of M.B.	£15 15 0
For the Degree of C.M. (in addition to the fees for M.B.)	5 5 0
For the Degree of M.D. (in addition to the fees for M.B.), £5 5s., and Government Stamp for Diploma, £10 3s.	15 8 0

5. The foregoing Statutes apply to all Candidates who commenced their Medical Studies on or after the 1st October, 1861. Candidates who began their Medical Studies before that date are entitled to obtain their Degrees according to the Regulations existing at the time when they commenced their Studies.

REGULATIONS REGARDING MEDICAL DEGREES, 1864.

I. The Degree of Doctor of Medicine may be conferred by the University of *St. Andrews* on any registered Medical Practitioner above the Age of Forty Years, whose professional Position and Experience are such as, in the Estimation of the University, to entitle him to that Degree, and who shall, on Examination, satisfy the Medical Examiners of the Sufficiency of his Professional Knowledge: provided always, that Degrees shall not be conferred under this Section to a greater number than Ten in any One Year.

* This Statement is to be drawn out upon a printed Schedule, which the Candidates will obtain from the Registrar.

II. Any Person presenting himself as a Candidate for the Degree of Doctor of Medicine under the first section, without having previously obtained the Degree of Bachelor of Medicine, shall, on so presenting himself, pay a Fee of Fifty Guineas, inclusive of the Stamp Duty.

III. The Degrees in Medicine to be hereafter granted by the University of *St. Andrews* shall be divided into Three Classes, and be designated respectively Bachelor of Medicine (M.B.), Master in Surgery (C.M.), and Doctor of Medicine (M.D.)

IV. The preliminary Branches of extra-professional Education in the case of candidates for the Degrees of Bachelor of Medicine and Master in Surgery, shall be English, Latin, Arithmetic, the Elements of Mathematics, and the Elements of Mechanics; and the Proficiency of Students in these Branches shall be ascertained by Examination prior to the Commencement of their Medical Study.

V. No Candidate shall be admitted to a professional Examination for either of the last-mentioned Degrees, who has not passed a satisfactory Examination on at least Two of the following Subjects, in addition to the Subjects mentioned above:—Greek, French, German, Higher Mathematics, Natural Philosophy, Natural History, Logic, Moral Philosophy; and the Examination on these Subjects also shall take place before the Candidate has entered on his Medical Curriculum. (Further details regarding this Examination may be obtained on application to Dr. Bell, Professor of Medicine.)

VI. A Degree in Arts (not being an honorary Degree) of any of the Universities of *Scotland* or of *England* or *Ireland*, and also a Degree in Arts of any Colonial or Foreign University, which may for this purpose have been specially recognised by the University Court, shall exempt Candidates from all preliminary Examination.

VII. No one shall be admitted to the Degree of Bachelor of Medicine or Master in Surgery, who has not been engaged in Medical and Surgical Study for Four Years—the Medical Session of each Year, or *Annus Medicus*, being constituted by at least Two Courses of not less than One Hundred Lectures each, or by One such Course and Two Courses of not less than Fifty Lectures each; but, in the case of the Clinical Courses, it shall be sufficient that the Lectures be given at least Twice a Week during the prescribed Periods.

VIII. Every Candidate for the Degrees of Bachelor of Medicine and Master in Surgery shall give sufficient Evidence by Certificates:—

(1) That he has studied each of the following Departments of Medical Science, viz.:—Anatomy, Chemistry, Materia Medica and Pharmacy, Institutes of Medicine, or Physiology, Practice of Medicine, Surgery, Midwifery, and the Diseases peculiar to Women and Children; Two Courses of Midwifery, of Three Months each, being reckoned equivalent to a Six Months' Course, provided different Departments of Obstetric Medicine be taught in each of the Courses, General Pathology, or, in Schools where there is no such Course, a Three Months' Course of Lectures on Morbid Anatomy, together with a supplemental Course of Practice of Medicine, or Clinical Medicine: During Courses including not less than One Hundred Lectures.—Practical Anatomy, Six Months.—Practical Chemistry, Three Months.—Practical Midwifery, Three Months at a Midwifery Hospital, or a Certificate of Attendance on Six Cases from a Registered Medical Practitioner.—Clinical Medicine, Clinical Surgery, during Courses of Six Months, or Two Courses of Three Months; Lectures being given at least Twice a Week.—Medical Jurisprudence, Botany, Zoology, with Comparative Anatomy, during Courses including not less than Fifty Lectures.

(2) That he has attended for at least Two Years the Medical and Surgical Practice of a General Hospital, which accommodates not fewer than Eighty Patients, and possesses a distinct Staff of Physicians and Surgeons.

(3) That he has been engaged for at least Three Months, by Apprenticeship, or otherwise, in compounding and dispensing Drugs at the Laboratory of an Hospital, Dispensary, Member of a Surgical College or Faculty, of a Licentiate of the *London* or *Dublin* Society of Apothecaries, or of a Member of the Pharmaceutical Society of *Great Britain*.

(4) That he has attended for at least Six Months, by Apprenticeship or otherwise, the Out-practice of an Hospital, or the Practice of a Dispensary, or of a Physician, Surgeon, or Member of the *London* or *Dublin* Society of Apothecaries.

IX. No one shall be received as a Candidate for the Degree of Bachelor of Medicine or Master in Surgery, unless Two Years at least of his Four Years of Medical and Surgical Study, as above defined, shall have been in One or more of the following Universities and Colleges, viz.:—The University of *St. Andrews;* the University of *Glasgow;* the University of *Aberdeen;* the University of *Edinburgh;* the University of *Oxford;* the University of *Cambridge; Trinity College, Dublin; Queen's College, Belfast; Queen's College, Cork;* and *Queen's College, Galway.*

X. Subject always to the Condition specified in the Ninth Section, the studies of Candidates for the Degrees of Bachelor of Medicine and Master in Surgery shall be under the following Regulations:—

(1) The remaining Years of Medical and Surgical Study, other than those for which Provision is made by the Ninth Section, may be either in One or more of the Universities and Colleges above specified, or in the Hospital Schools of *London*, or in the School of the College of Surgeons in *Dublin*, or under such private Teachers of Medicine, as may from Time to Time receive Recognition from the University Court:

(2) Attendance during at least Six Winter Months on the Medical or Surgical Practice of a General Hospital which accommodates at least Eighty Patients, and during the same Period on a course of Practical Anatomy, may be reckoned as One of such remaining Years; and to that extent shall be held equivalent to One Year's attendance on Courses of Lectures, as prescribed in the Seventh Section:

(3) Attendance on the Lectures of any private Teacher in *Edinburgh*, *Glasgow*, or *Aberdeen*, shall not be reckoned for Graduation in *St. Andrews*, if the Fee for such Lectures be of less Amount than is charged for the like Course of Lectures in the University of *Edinburgh*, of *Glasgow*, or of *Aberdeen*, according as the Teacher lectures in *Edinburgh*, *Glasgow*, or *Aberdeen*.

XI. Every Candidate for the Degrees of Bachelor of Medicine and Master in Surgery shall, at such period of the Year in which he proposes to graduate, as may be fixed for the Purpose by the Senatus Academicus, lodge with the Senatus,—

(1) A Declaration, in his own Handwriting, that, on the Day of Graduation, he will have completed his Twenty-first Year, and will not be under Articles of Apprenticeship;

(2) A Statement of his Studies, as well in Literature and Philosophy as in Medicine, accompanied with proper certificates;

(3) An inaugural Dissertation, composed by himself, to be approved by the Senatus Academicus.

(Information regarding the Period of the Year in which the Examinations will be held, may be obtained by application to Dr. O. H. Bell.)

XII. Every Candidate for the Degrees of Bachelor of Medicine and Master in Surgery shall be examined both in writing and *viva voce*,—*First*, on Chemistry, Botany, Elementary Anatomy, and Materia Medica; *Secondly*, on Advanced Anatomy, Zoology with Comparative Anatomy, Physiology, and Surgery; and *Thirdly*, on Practice of Medicine, Clinical Medicine, Clinical Surgery, Midwifery, General Pathology, and Medical Jurisprudence.

XIII. Students, who profess themselves ready to submit to an examination on the First Division of these Subjects at the End of the Second Year of their Course, may be admitted to Examination at that Time.

XIV. Students, who have passed their Examination on the First Division of these Subjects, may be admitted to Examination on the Second Division at the End of the Third Year of their Course.

XV. The Examination on the Third Division shall not take place until the Candidate has completed the Fourth Year of his Course.

XVI. Candidates may be admitted to examination on the first Two of these Divisions at the end of their Third Year; or to the Three Examinations at the end of their Fourth Year.

XVII. If any Candidate, on Examination, be found unqualified, he shall not be again admitted to Examination, unless he shall have completed another Year of Medical Study, or such Portion of another Year as may be prescribed by the Examiners when he is found unqualified.

XVIII. The Degree of Master in Surgery shall not be conferred on any Person who does not at the same Time obtain the Degree of Bachelor of Medicine.

XIX. The Degree of Doctor of Medicine may be conferred on any Candidate who has obtained the Degree of Bachelor of Medicine, and is of the Age of Twenty-four Years, and has been engaged, subsequently to his having obtained the Degree of Bachelor of Medicine, for at least Two Years in Attendance on an Hospital, or in the Military or Naval Medical Service, or in Medical and Surgical Practice; provided always that, subject to the Provisions of the First Section, the Degree of Doctor of Medicine shall not be conferred on any Person unless he be a Graduate in Arts, or unless he shall, before, or at the Time of his obtaining the Degree of Bachelor of Medicine, or within Three Years thereafter, have passed a satisfactory Examination in Greek, and in Logic or Moral Philosophy, and in One, at least, of the following Subjects, namely, French, German, Higher Mathematics, Natural Philosophy, and Natural History.

XX. Except under the Provisions of the First Section, the Degree of Doctor of Medicine shall not be conferred on any Person who has not previously obtained the Degree of Bachelor of Medicine.

XXI. There shall be paid by each Candidate for the Degree of Bachelor of Medicine, a Fee of Five Guineas in respect of each of the Three Divisions of the Examination on Professional Subjects specified in the Eleventh Section of this Ordinance; each such Fee of Five Guineas being payable at the Time at which the Candidate comes forward to be examined in that Division in respect of which it is payable; and, if the Candidate desires to be admitted to the Degree of Bachelor of Medicine only, he shall not, on Admission thereto, be required to pay any farther Fee in addition to the Fifteen Guineas so paid by him; but, if he desires to be admitted to the Degree of Master in Surgery also, he shall, on being admitted to such Degree, pay a further Fee of Five Guineas: and every Candidate for the Degree of Doctor of Medicine, who has previously obtained the Degree of Bachelor of Medicine, shall pay, in addition to the Fees paid by him as a Candidate for the Degree of Bachelor of Medicine, a Fee of Five Guineas, exclusive of any Stamp Duty which may for the time be exigible.

N.B.—Full details regarding the Class-Books recommended for the Preliminary Examination, &c., may be obtained from Dr. Bell, Professor of Medicine.

REGULATIONS AS REGARDS THE EXAMINATION OF REGISTERED MEDICAL PRACTITIONERS ABOVE THE AGE OF FORTY YEARS.

The Examinations are held yearly, towards the end of April. The Graduation Fee is Fifty Guineas. Candidates whose Certificates are approved of by the Medical Faculty, are enrolled for examination in order of application, provided they have complied with the under-mentioned regulations as to Certificates and deposit. Candidates for Graduation shall lodge with the Professor

of Medicine the following Certificates and Deposit along with their application for admission to Examination:—

I. A Certificate of *Age*.

II. Certificates from three Medical Men, of such acknowledged reputation in the Profession, or of such standing in the Medical Schools, as shall satisfy the Senatus of the *Professional Position* and *Experience* of the Candidate.

III. A certain portion (viz. £10 10s.) of the Graduation Fee. This sum shall be forfeited should the Candidate fail to appear at the time appointed for examination, or should he fail to graduate.

IV. The examination shall be conducted both in writing and *vivâ voce*, and shall include the following subjects:—

(1) Materia Medica and General Therapeutics.
(2) Medical Jurisprudence.
(3) Practice of Medicine and Pathology.
(4) Surgery.
(5) Midwifery.

The College consists of Fellows and Members, and grants Licences to practise Medicine and Midwifery.

I. Of the Licence.

1. No one can obtain the Licence of the College until he has completed the age of twenty-one years.

2. Every Applicant for the Licence must produce evidence that he has been engaged in the study of Medicine during a period of at least four years subsequent to his Registration as a Medical Student, which period shall include attendance during not less than Four Winter Sessions, or Three Winter and Two Summer Sessions, at a recognised Medical School.

3. The Applicant must produce certificates that he has attended the following Courses at a University, or at some Medical School recognised by the College:—Anatomy, one course, six months; Practical Anatomy, six months; Chemistry, one course, six months; Practical Chemistry, three months; Materia Medica and Pharmacy, one course, three months; Physiology or Institutes of Medicine, one course, three months; Practice of Medicine, one course, six months; Clinical Medicine, six months; Principles and Practice of Surgery, one course, six months; Clinical Surgery, three months; Midwifery, one course, three months; Medical Jurisprudence, one course, three months; General Pathology or Pathological Anatomy, three months; Practical Pharmacy, three months. The Applicant must also produce evidence of having attended the practice of a Public Hospital (containing not fewer than 80 beds) during a period of not less than twenty-four months, twelve of which must have been spent in attendance on the Medical Wards. He must also have attended for six months the practice of a Public Dispensary; or have acted for six months as Clinical Clerk or Dresser in an Hospital; or have been engaged for six months as Visiting Assistant to a Registered Practitioner. The Applicant must also have attended at least six cases of Labour under the superintendence of a qualified Medical Practitioner, and must produce a Certificate to that effect. The Applicant will also be required to produce a certificate that he has studied Vaccination under a competent and recognised Teacher; and that he is thoroughly informed in every necessary part of the subject.

4. Every Applicant for the Licence must have passed the Preliminary Examination in Literature and Science, and have had his name inscribed in the Register of Medical Students, instituted by the General Medical Council, previous to the commencement of his Medical Studies. This Examination will embrace the following subjects:—1. English: Grammar and Composition. 2. Arithmetic, including Vulgar and Decimal Fractions. Algebra, including Simple Equations. 3. Geometry: First Two Books of Euclid. 4. Latin: Translation into English, Cicero de Senectute et de Amicitia, or Horatii Carmina, Lib. II. et III.—Parsing; Translation from English into Latin, the Latin words being supplied. 5. One of the following subjects, at the option of the Candidate:—(1.) Greek.—Herodotus' History, Book I., and Homer's Iliad, Book II. (2.) French.—Voltaire's Henriade. (3.) German.—Schiller's Wilhelm Tell. (4.) Natural Philosophy, including Mechanics, Hydrostatics, and Pneumatics.

5. Masters and Bachelors of Arts of any British or Foreign University, whose Course of Study may from time to time be approved of by the College, will be exempted from the Preliminary

Examination; also those who have passed the Examination of the National Educational Bodies, or of any of the Licensing Boards recognised by the Medical Act.

6. The Professional Examination will be divided into two parts, according to the following arrangement of subjects:—(1.) Anatomy, Physiology, Chemistry. (2.) Materia Medica and Pharmacy, Pathology and Pathological Anatomy, Practice of Medicine, Midwifery, Medical Jurisprudence, Clinical Medicine. No Candidate will be admitted to the First Examination until the end of his Second Winter Session; or to the Second until he has completed four years of professional study. The Examinations will be conducted partly *viva voce*, partly by written papers.

7. The following will be the periods of Examination up to October, 1873:—(1.) Preliminary Examinations in Literature and Science—Wednesday, 30th October, 1872; Tuesday, 29th April, 1873; Wednesday, 30th July, 1873. (2.) First Professional Examinations—Wednesday, 16th October, 1872; Wednesday, 15th January, 1873; Wednesday, 26th March, 1873; Wednesday, 30th, April, 1873; Wednesday, 16th July, 1873: Wednesday, 15th October, 1873. (3.) The Second Professional Examinations will be held on the Thursdays following the First Professional.

8. Candidates for the License of the College who have passed the first Professional Examination before a Qualifying Body (provided it be as extensive as that required by this College), will be at once admitted to the second part of the Examination.

9. Meetings for the Examination of Candidates who already possess a qualification from a recognised Licensing Body will be held on the first Wednesday of every month (with the exception of September and October), and, if necessary, on the following days. Candidates are required to communicate with the Secretary to the College not less than eight days before the date of the Examination at which they propose to appear.

10. No Candidate is admissible to Examination who has been rejected by any Licensing Board within three months previous to his Examination.

11. The Fee payable by a Licentiate is Ten Guineas. In the event of a Candidate being unsuccessful at his Examination, the sum of Two Guineas will be retained to defray expenses.

12. Candidates may be admitted to Special Examination, on days other than those appointed above, on bringing forward reasons satisfactory to the Council, and on paying an Extra Fee of Five Guineas. Should the Candidate be unsuccessful, the sum of Eight Guineas will be returned to him.

II. Of the Membership.

1. Any Licentiate of a College of Physicians, or Graduate of a British or Irish University, with whose knowledge of Medical and General Science the College may be satisfied, may be admitted a Member of the College, provided he shall have attained the age of twenty-four years.

2. Every motion for the election of a Member shall be made at a quarterly meeting of Fellows by one of the Fellows present, and seconded by another; and this motion shall be determined by ballot at the next quarterly meeting—a majority of three-fourths being necessary to carry it in the affirmative.

3. Every Member on the Roll of Attendance, whose address has been communicated to the Clerk, shall be summoned to attend all meetings of the Fellows and Members.

III. Of the Fellowship.

1. No one shall be elected a Fellow of the College until he has been at least one year a Member thereof, and has attained the age of twenty-five years.

2. Every motion for the election of a Fellow shall be made at a quarterly meeting of Fellows by one of the Fellows present, and seconded by another; and this motion shall be determined by ballot at the next quarterly meeting of Fellows—a majority of three-fourths being necessary to carry it in the affirmative.

3. If an urgent reason satisfactory to the Council be assigned, a Candidate may be proposed at an extraordinary meeting of the Fellows summoned for the purpose, and his petition may be balloted for at an extraordinary meeting of the Fellows specially summoned for the purpose; provided that the holding of this special meeting be agreed to by a majority of five-sixths of the Fellows present at the meeting at which the Candidate was proposed; provided also that not less than one week intervene between the two meetings, and that due notice of the intended ballot be given in the billets summoning the second meeting. The Candidate shall in this case pay to the Treasurer a sum of Ten Guineas in addition to the ordinary Fees.

4. Every Fellow resident within five miles from the General Post-Office of Edinburgh shall, on his election, have his name placed on the Roll of Attendance, and shall pay the Annual Contribution, and be subject to all the Laws of the College regarding Fines. Fellows resident beyond five miles shall have the option of having their names on the Roll of Attendance or not; but if their names be on the Roll of Attendance, they shall pay the Annual Contribution, and be subject to Fines.

5. Any Fellow may petition that his name be taken off the Roll of Attendance, which petition shall be determined by ballot at next quarterly meeting.

6. Any Fellow whose name is not on the Roll of Attendance may have it inserted by giving notice to the Secretary, who shall report to the next quarterly meeting; after which, the Fellow shall be entitled to all the privileges of the Fellowship, and may take his seat at the first meeting of the College.

7. Any Fellow leaving Edinburgh for a length of time, and omitting to petition to have his name taken off the Roll of Attendance, or wishing the same to be continued on it during his absence, shall be charged with his Annual Contribution and Fines.

8. Fellows whose names are not on the Roll of Attendance shall not have the use of the Library and Reading-room, except in the cases specified in Laws 9 and 10.

9. Fellows whose names are not on the Roll of Attendance, on coming to reside in Edinburgh, or within five miles thereof, for a period not exceeding six months, may, with consent of the Council, be allowed the use of the Library and Reading-room.

10. Fellows not on the Roll of Attendance, who reside permanently in Edinburgh, or within five miles thereof, but are not engaged in practice, may, with the consent of the Council, be allowed the use of the Library and Reading-room on payment of the Annual Contribution.

IV. Of the Fees.

1. The Fee to be paid by a Member shall be Thirty Guineas.

2. When a Licentiate shall be raised to the rank of Member, he shall pay Twenty Guineas.

3. When a Member shall be raised to the rank of Fellow, he shall pay Thirty Guineas, exclusive of Stamp-duty.*

4. All Candidates for Fellowship or Membership must lodge their Fees, and the amount of Stamp-duty payable at the time to Government, with the Treasurer, previously to presenting their petitions.

Examinations for the Double Qualification of Licentiate in Medicine and Licentiate in Surgery.

The Royal College of Physicians of Edinburgh, and the Royal College of Surgeons of Edinburgh, while they still continue to give their Diplomas separately, under separate Regulations, have made arrangements by which, after one series of examinations, the student may obtain the Diplomas of both Colleges. The general principle of this Joint Examination is, that it shall be conducted by a Board, in which each body is represented, for examination in those branches which are common to both Medicine and Surgery; but that the College of Physicians shall take exclusive charge of the examination in Medicine, and the College of Surgeons of the examination in Surgery. The object of the joint-examination is to give to students facilities for obtaining from two separate bodies, and at less expense, a qualification in Medicine and a qualification in Surgery. Students passing that examination successfully, will be enabled to register two qualifications under the Medical Act, —Licentiate of the Royal College of Physicians of Edinburgh, and Licentiate of the Royal College of Surgeons of Edinburgh. The arrangement for thus conferring a double qualification by the co-operation of the two Colleges is in conformity with Section XIX. of the Medical Act, and received the special sanction of the General Council of Medical Education and Registration, at a Meeting held on the 7th August, 1859. A code of regulations to be observed by candidates for the double qualification, both as regards General and Professional Education and Examination, may be had on application at the Hall of the Royal College of Physicians, or at the Hall of the College of Surgeons, Edinburgh.

Regulations.

Schools of Medicine.—1. Every candidate for a Surgical Diploma must have followed his course of study (Professional Education, 2.) in a University; or in an Established School of Medicine, as defined below; or in a Provincial School specially recognised by the College of Surgeons of that division of the United Kingdom in which it is situate.

2. Under the title Established School of Medicine are comprehended the Medical Schools of those cities of Great Britain and Ireland in which Diplomas in Surgery are granted, and such colonial and foreign schools as are similarly circumstanced in the countries in which they exist.

Qualifications of Teachers.—1. The following classes of persons shall be entitled to give Lectures which may be attended as part of the course of study:—1st, In the Universities of Great Britain and Ireland—the Professors of those Institutions. 2nd, In Scotland, Fellows of the Royal College of Physicians of Edinburgh, Fellows of the Royal College of Surgeons of Edinburgh, and Fellows

---

* The Stamp-duty on the Fellowship payable to Government is £25.

of the Faculty of Physicians and Surgeons of Glasgow, whose Lectures have been sanctioned in each case by the College or Faculty to which the Lecturer belongs.* 3rd, In England, Fellows and Licentiates of the Royal College of Physicians of London, and Fellows and Members of the Royal College of Surgeons of England whose status as Teachers has been admitted by those Colleges respectively. 4th, In Ireland. Fellows and Licentiates of King's and Queen's College of Physicians in Ireland, and Fellows of the Royal College of Surgeons in Ireland, whose status as Teachers has been admitted by those Colleges respectively.†

2. The College will not recognise any course of lectures delivered subsequently to 1st May, 1839, by a Professor or Teacher who lectures upon more than one of the branches of instruction included in the Curriculum; nor any course delivered by a Professor or Teacher who, in addition to the said course, lectures upon a branch of instruction, medical or general, not included in the Curriculum, unless such Professor or Teacher shall have obtained special leave from the College to do so.

3. Notwithstanding the above regulation, the teaching of two branches may be undertaken by one individual in the following instances, without disqualification being incurred—viz., Anatomy and Practical Anatomy; Chemistry and Practical Chemistry; and further, Clinical Medicine or Clinical Surgery may be taught simultaneously with any one of the other courses of education prescribed in the Curriculum, by a Physician or Surgeon qualified according to the regulations of the Colleges, and attached to a public hospital of the size prescribed by the regulations.

PROFESSIONAL EDUCATION.

1. Candidates commencing professional study after September 16, 1866, must have been engaged, during four years after the Examination in General Education, in professional study, which shall include not less than four Winter Sessions', or three Winter and two Summer Sessions' attendance at a recognised Medical School.‡

2. The Candidate must have attended the following separate and distinct Courses of Lectures at such Schools and under such teachers as are defined in the *Schools of Medicine* and *Qualifications of Teachers*.

		Duration—at least
Anatomy	2 Courses §	Six months each.
Practical Anatomy		Twelve months.
or, in the option of the Candidate—		
Anatomy	1 Course	Six months.
Practical Anatomy		Eighteen months
Chemistry	1 Course	Six months.
Practical or Analytical Chemistry	1 Do.	Three months.
Materia Medica	1 Do.	Three months.
Physiology	Not less than 50 Lectures.‖	
Practice of Medicine	1 Course	Six months.
Clinical Medicine	1 Do.	Six months.¶
Principles and Practice of Surgery	1 Do.	Six months.
Clinical Surgery	1 Do.	Six months.¶
A third Course of Surgery, which may be either Principles and Practice of Surgery or Clinical Surgery, at the option of the Candidate	1 Do.	Six months.¶
Midwifery and the Diseases of Women and Children	1 Do.	Three months.
Medical Jurisprudence	1 Do.	Three months.

The six-months' Courses delivered in Scotland must consist of not fewer than one hundred Lectures, with the exception of Clinical Medicine and Clinical Surgery. The three-months' Courses must consist of not fewer than fifty Lectures.

3. Besides the above-mentioned courses of lectures, the Candidate must produce the following certificates:—1st, Of having attended six cases of Labour under the superintendence of the Practitioner who signs the certificate, who must be a Registered Medical Practitioner. 2nd, Of having attended, for three months, instructions in Practical Pharmacy; the certificate to be signed by the teacher, who must be a Member of the Pharmaceutical Society of Great Britain, or a Chemist and Druggist recognised by either College on special application, or the Superintendent of the Labo-

---

* The College enacted, in 1846, Statutes regarding the manner of sanctioning lecturers and teachers in the Edinburgh School, which is by special examination on their several departments.

† The only lecturers excepted from this law are those on chemistry, who may be persons non-medical, if recognised by the College after examination by a joint board with the College of Physicians, in conformity with Statutes enacted in May, 1847, and printed separately.

‡ Candidates commencing professional study before the 16th September, 1866, will be admitted to their final Examination after four Winter Sessions' or three Winter and two Summer Sessions' attendance at a recognised Medical School. (See Professional Education, 2.)

§ The two courses must not be attended in the same Session.

‖ In those Schools of England and Ireland in which two separate courses of lectures are delivered at separate hours, one on Anatomy, the other on Anatomy and Physiology, the former of these courses will be received as a course of Anatomy, and the other as a course of Physiology.

¶ Two courses of Clinical Medicine of three months each, if not simultaneous, will be held equivalent to one course of six months. They must be attended during the period of attendance at the hospital where they are delivered. The same rules apply to Clinical Surgery.

ratory of a Public Hospital or Dispensary, or a Registered Medical Practitioner who dispenses medicines to his patients. 3rd, Of having attended, for twenty-four months, a Public General Hospital, containing at an average at least eighty patients. 4th, Of having attended, for six months, the Practice of a Public Dispensary specially recognised by the College, or of having been engaged for six months as visiting Assistant to a Registered Practitioner. 5th, Of having been instructed in Vaccination; the certificate to be signed by the teacher, who must be a Registered Practitioner.* 6th, Of having attended, for three months, the post-mortem room of a recognised Hospital. This rule applies to all who commenced professional study after 1st October, 1861.

4. The following order of study is recommended as a guide to the Student, though not enjoined:

First Year . Anatomy,—Practical Anatomy,—Chemistry,—Practical *or* Analytical Chemistry, —Hospital.

Second Year . Anatomy,—Practical Anatomy,—Physiology,—Surgery,—Materia Medica, *the last either in this or the Third Year*,—Hospital.

Third Year . Practice of Physic,—Clinical Surgery,—Practical Anatomy,—Practical Pharmacy, —Pathological Anatomy,—Hospital.

Fourth Year . Surgery, *or* Clinical Surgery,—Midwifery and the Diseases of Women and Children,—Clinical Medicine,—Medical Jurisprudence,—Practical Midwifery,—Hospital.

5. It is strongly recommended to Students to avail themselves of any opportunities which they may possess of attending, in addition to the courses of instruction which are absolutely prescribed, Lectures on Ophthalmic and Mental Diseases; also on Botany, Zoology, and Comparative Anatomy, and of obtaining practical instruction in the use of the Microscope.

Preliminary Examination in General Education and Registration.—1. All Students who intend becoming Candidates for the Diploma of the College must have passed the complete Examination in General Education, and have had their names inscribed in the Register of Medical Students instituted by the General Medical Council, at the commencement of their Professional Studies.

2. The subjects of the Preliminary Examination in General Education shall be as follows, viz.:—1. English language, including Grammar and Composition. 2. Arithmetic, including Vulgar and Decimal Fractions; 3. Algebra, including simple Equations. 4. Geometry, first two books of Euclid. 5. Latin. 6. One of the following subjects, at the option of the Candidate:—(1) Greek. (2) French. (3) German. (4) Natural Philosophy, including Mechanics, Hydrostatics, and Pneumatics. N.B. In Latin, Greek, French, and German, parsing of words from the passages given to be translated will be required; also, translation of short sentences from English into the respective languages.—Prospectuses containing more specific information as to the subjects of Examination in General Education may be had on application to the Officer of the College.

3. The Preliminary Examinations shall be conducted at stated periods,† by a Board of Examiners in Arts chosen from time to time by the College, in conjunction with the Royal College of Physicians.

4. Students who intend to undergo the Preliminary Examination, shall give in their names, addresses, and places of birth to the officer, not later than three days before the day of examination, and shall pay a fee of ten shillings, not to be returned in case of rejection.

5. Candidates, the commencement of whose Professional Studies was prior to 16th September, 1866, may pass the Preliminary Examination in General Education at any of the periods previous to the First Professional Examination; but are recommended to do so at the earliest possible period. Candidates under this regulation who have not passed a Preliminary Examination in General Education, will be required to undergo that Examination before admission to the first Professional Examination, and shall pay a fee of 1*l.*

6. Certificates of having passed the Examinations in General Education, conducted by certain Educational Bodies, shall exempt from the preliminary examination in General Education instituted by the Colleges. Of these a list will be found in the Appendix III., p. 852.

PROFESSIONAL EXAMINATIONS FOR THE DIPLOMA OF THE COLLEGE.

1. Candidates for the Diploma of the College shall be subjected to two Professional Examinations, to be conducted at separate sittings, partly in writing and partly orally.

2. Opportunities for both Examinations will be presented six times in each year.† On each of these occasions the Candidates shall assemble to write answers to the questions proposed, and the oral examinations shall be conducted on the days immediately succeeding.

3. Unsuccessful Candidates either at the first or second Examination will be remitted to their studies for a period to be determined by the judgment of the Examiners, but not in any case less than three months.

4. *First Examination.*—The first Examination shall embrace Anatomy, Physiology, and Chemistry; and shall take place not sooner than the end of the second Winter Session.

5. Candidates who desire to pass the first Professional Examination must apply to the Secretary

on or before the Saturday preceding the day of examination,* and must produce certificates of attendance in regard to all those Courses of Study which have reference to the subjects of that examination. They must also produce evidence of having passed the Preliminary Examination.

6. The sum of 4*l*. must be paid to the Treasurer of the College for this Examination, not later than Ten A.M. of the day preceding it. This sum will be considered as paid to account of the entire fee of 10*l*. payable for the Diploma.†

7. In the case of a Candidate being unsuccessful at this Examination, 2*l*. will be returned to him, the remaining 2*l*. being retained to meet the expense of conducting the Examination.

8. *Second Examination.*—The second Examination shall embrace Surgery and Surgical Anatomy; also medicine, midwifery, Materia Medica, and Medical Jurisprudence; and shall not take place before the termination of the Winter Session of the last year of Study. In the case of Candidates who began their course of Study after 16th September, 1866, it will not take place till four years after the Examination in General Education [See *Professional Education*, 1.]

9. Applications for Examination must be made to the Secretary not later than the Tuesday previous to the day of the Examination.

10. Every Candidate must produce to the Secretary—1st, Satisfactory evidence of his having attained the age of twenty-one years, and of having been duly registered [See *Professional Education*]; 2nd, Certificates of having attended the prescribed classes, together with the certificates enumerated [*Professional Education*, § 3]; 3rd, The Certificate of his having passed the first Professional Examination; and 4th, A tabular statement (for which a printed form will be furnished by the Officer) exhibiting the full amount of his professional education, and distinguishing the Classes, Hospitals, and Dispensaries attended during each session of his studies. If he have been an Apprentice he must also insert the name of his master, the date of his indenture, and the length of time for which he was bound. This statement, accurately filled up, must be attested by his signature, and will be preserved by the College as a record.

11. If the Candidate have been an Apprentice to a Fellow of the College, he must also produce his discharged indenture.

12. On the production of these documents, the Secretary will give the Candidate a letter authorizing the Examiners to receive him as a Candidate.

13. The remaining fee payable to the College (being 6*l*.), together with the receipt for the fee paid for the first Professional Examination, must be lodged not later than ten A.M. of the day preceding the Examination-day, in the hands of the Treasurer, who will certify this upon the Secretary's letter. The sum of 4*l*. will be returned to unsuccessful Candidates.

14. Candidates who have passed the first Examination in Anatomy, Physiology, and Chemistry, at any of the Licensing Boards recognised by the Medical Act, will be admissible to the second Professional Examination on producing certificates of the whole Course of Study, of having passed their Preliminary and first Professional Examinations, and of having been registered according to *Professional Educations*. If any of the three subjects of the first Professional Examination have been omitted,‡ such Candidates will have to undergo an examination on the omitted subjects; and none of the subjects set down in § 8 will be omitted at the second Examination, even if some of them should have formed part of the first examination by another Board. The Fee will be 10*l*. Unsuccessful Candidates, under this regulation, will receive back 8*l*.

15. Candidates desirous of Special Examinations on other days than those fixed by the Regulations, must prepare a case to be submitted to the consideration of the authorities of the College, with evidence to show why it was and is impossible for them to avail themselves of the ordinary examinations, past or future. They must at the same time produce Certificates of the whole of the prescribed Course of Study, and of having passed the Preliminary Examination, and must state the earliest and the latest days within which they can present themselves. It is very desirable that all such Candidates, and especially those who are at a distance from Edinburgh, should present their applications as long beforehand as possible. The Fees for special examinations, which must be lodged by 10 A.M. of the day preceding the Examination-day, are as follows, viz.:—20*l*. for first and second examinations; of which 15*l*. will be returned to Candidates remitted on the first examination, and 6*l*. to Candidates successful in the first, but unsuccessful in the second examination;—17*l*. for second examination when the Candidate has passed the first under the conditions of *Professional Educations*, § 14. Of this 10*l*. will be returned to the Candidate if unsuccessful: 13*l*. for second examination when the Candidate has passed the first examination before the Examiners of the College. Of this 6*l*. will be returned to the Candidate if unsuccessful. N.B. Each of the two Professional Examinations requires one day for the written, and one for the oral part of the examination.

16. In order to test more effectually the practical knowledge of Candidates, recent dissections, anatomical specimens, and articles of the Materia Medica, will be employed during the examina-

* Candidates at a distance are requested to send their certificates much earlier, so as to give sufficient time for the exchange of one or two explanatory letters; as much disappointment has been occasioned by the discovery of defects in their Course of Study when it was too late to rectify them by the production of documents.

† The fee payable for the Diploma by Apprentices of those who were Fellows of the College prior to the Charter of 1851 is 5*l*.

tions; and all Candidates will be required to write out formulæ of prescription. They will also be subjected to a practical clinical examination in the Surgical Hospital, including the application of surgical apparatus, bandages, &c.

17. No Candidate shall be admissible to examination who has been rejected by any other Licensing Board within the three months preceding his application to be examined.

18. The sums stated in the various sections of this and the preceding Chapter include all Fees of every kind, and the Officer is prohibited from receiving any.

REGULATIONS TO BE OBSERVED BY LECTURERS IN EDINBURGH.

1. Every Lecturer at this School of Medicine shall ascertain, at least twenty-five times in a six-months' course, and twelve times in a three-months' course, the actual attendance given by his pupils.

2. He shall do this by calling the name of each pupil at least once a-week, and entering in a regular roll-book the presence or absence of each individual; the Students, of course, being kept in ignorance of the particular days on which this is to be done, excepting on the occasion of the first roll-call, which shall not be later than the fifteenth day of the Session.

3. The said roll-book shall be kept according to a form prescribed by the College; shall also be carefully preserved; and shall be at all times accessible to the Secretary and to the Treasurer of the College, on whom it shall be incumbent to examine the roll-book of each Class at least once during every Session, before the termination of the Winter and Summer Sessions respectively.

4. On granting Certificates of attendance on their Classes, the Lecturers shall use the annexed form, filling up the blanks with words at length, and on no account employing figures:—

"*I hereby certify that Mr.* ..... "*Edinburgh,*
attended my Course of Lectures ..... *commencing on* ..... *and terminating* ..... *; that the roll of the class was called* ..... *times during the Session; and that Mr.* ..... *was present on* ..... *of these occasions.*
"(Signed) ——— ———"

5. When a Student's Certificate of attendance bears that he has been more than five times absent in a six-months' course, or more than thrice in a three-months' course, when the roll of his class was called, the Inspector shall intimate this at the foot of that Student's letter to the Examiners, specifying the branch or branches on which the attendance was defective, in order that he may be particularly examined upon them. But if, on the other hand, a Student's Certificate of attendance bears that he has been more than eight times absent in a six-months' course, or more than four times in a three-months' course, he shall not be admitted to examination until he has attended another Course of Lectures on every such department of Study.

6. When a Student's absence has been occasioned by sickness, or any other unavoidable cause, such cause shall be stated in the Certificate of attendance granted by the Lecturer; and the President and Council of the College shall decide whether the Student shall or shall not be required to attend another course of such Lectures before presenting himself for examination.

7. The above Regulations shall be imperative on every Lecturer at this School of Medicine whose Lectures are recognised by the College; and it is hereby notified that, in the event of its being ascertained that any Lecturer evades the faithful enforcement thereof, the College will not hesitate to withdraw its recognition of his Course of Lectures.

ABSTRACT OF THE LAWS IN REFERENCE TO THE FELLOWSHIP.

1. No person shall be received as a Candidate for the Fellowship who is not in possession of the Diploma of the Royal College of Surgeons of Edinburgh, or of the Royal College of Surgeons of England, or of the Royal College of Surgeons of Ireland, or of the Faculty of Physicians and Surgeons of Glasgow.

2. No person shall be admitted as a Fellow who is under twenty-five years of age.

3. Every Candidate for the Fellowship (with the exception of those entitled to enter under the old constitution of the College, and with right to its Widows' Fund,*) shall lodge with the President a petition for admission, and shall be recommended by two Fellows as proposer and seconder, of whom one at least shall be resident in Edinburgh.

4. Candidates for the Fellowship (not embraced under the exception to Law 3) shall pay 25*l.* to the College Funds, including all Fees. The money shall be payable to the Treasurer immediately after the presentation of the petition to the College.

5. The billets calling the meeting at which the petition is to be presented shall intimate the name and surgical qualification of the Candidate, his professional appointments, if any, and the names of his proposer and seconder.

6. The petition shall be considered at a subsequent meeting, to be held not earlier than a month after the first; and, in the meantime, the petition, with the names of the proposer and seconder, shall be hung up in the library; and the billets calling the second meeting shall contain an intimation in the same form as those of the first.

7. At the meeting for considering the petition of the Candidate, the votes shall be given by

* The laws relating to the admission of this Class of Candidates, who are few in number, are purposely omitted.

ballot. Three-fourths of the votes are required to entitle the Candidate to be admitted; and the number of those voting shall not be less than twenty.

8. The Candidate shall be informed of the result of the ballot; but before taking his seat as a Fellow, he shall make a declaration to the following effect, and shall subscribe the same in the Sederunt-book:—"I hereby promise faithfully to maintain and defend all the rights, liberties, and privileges of the Royal College of Surgeons of Edinburgh, and to promote the interests thereof to the utmost of my power. I also promise faithfully to obey all the laws of the said Royal College, made and to be made."

9. Candidates who do not find it convenient to repair to Edinburgh may be permitted, by a vote of the College, to be enrolled as Fellows in absence, if they transmit letters of obligation to conform to No. 8, before taking their seats.

10. Every Fellow, on his admission, shall receive a Diploma with the seal of the College appended.

11. Every Fellow is entitled to attend the meetings of the College, and to take part in the proceedings and in the election of Office-bearers.

12. No Fellow of the College shall keep an open shop for the sale of drugs or other merchandise.

13. No Fellow of the College shall allow his name to be connected with advertisements or publications of an indelicate or immoral nature.

14. No Fellow of the College shall practise, or profess to practise, by the use of or according to any secret remedy or method of treatment; or shall allow his name to be connected with advertisements for the sale of any secret remedy, or for practice by the use of any secret remedy or method of treatment; or shall connect himself in partnership or otherwise, or continue in connexion, with any person practising by means of, or advertising, the sale of any secret remedy.

15. No Fellow shall be guilty of any deception or other immorality in the practice of his profession, or shall in any other way conduct himself inconsistently with the honour and decorum which become his position as a Fellow of the College.

By authority of the Royal College,

Surgeons' Hall, Edinburgh, *June*, 1872. JAMES SIMSON, *Hon. Sec.*

ABSTRACT OF REGULATIONS TO BE OBSERVED BY CANDIDATES FOR THE DIPLOMA.

1. Candidates for the Diploma of the Faculty commencing Professional Study after 2nd October, 1866, must have been engaged in Professional Study during Four Years *after* the Examination in General Education. This period of Study shall include at least Four Winter Sessions' or Three Winter and Two Summer Sessions' attendance at a recognised Medical School, and Candidates must have completed the following

CURRICULUM.

		Duration—at least
Anatomy	2 Courses of Lectures in distinct Sessions	Six months each.
Practical Anatomy		Twelve months.
Chemistry	1 Course of Lectures	Six months.
Practical or Analytical Chemistry	1 Do. Do.	Three months.
Physiology	not less than 50 Lectures.	
Materia Medica	1 Course of Lectures	Three months.
Practice of Medicine	1 Do. Do.	Six months.
Clinical Medicine	extending to	Six months.
Principles and Practice of Surgery	1 Course of Lectures	Six months.
Clinical Surgery	extending to	Six months.

*** In addition to the above Courses, another Course of Surgery, or of Clinical Surgery, at the option of the Candidate.

Medical Jurisprudence	1 Course of Lectures	Three months.
Midwifery	1 Do. do.	Three months.
Practical Midwifery	Attendance on at least Six Cases of Labour.	
Pathological Anatomy	Instruction in the Post-Mortem Rooms of a Recognised Hospital	Three months.
Practical Pharmacy	Instruction	Three months.
General Hospital	Attendance on the practice of a Public General Hospital	24 months.
Proficiency in Vaccination	Certificate from a Vaccine Institution recognised by the Faculty.	

Students are strongly recommended to avail themselves of any opportunities they may possess of studying Ophthalmic and Mental Diseases, Natural History, Comparative Anatomy, and the use of the Microscope, in addition to what is required in the Curriculum.

2. Candidates shall be subjected to Two Professional Examinations. The First Examination embraces Anatomy, Chemistry, and Physiology. Before being admitted to this Examination, the Student must have completed his Second Winter Session of Study, and must produce evidence of having been registered as a Medical Student in the form prescribed by the General Medical Council at the commencement of Professional Study, and of having given the required attendance on the first five branches of the Curriculum. The Second Examination embraces Surgery and Surgical Anatomy, Practice of Medicine, Materia Medica, Midwifery, and Medical Jurisprudence, and cannot be undergone before the termination of the full period of Study. A candidate about to appear for this Examination will receive, on application to the Secretary of the Faculty, a printed form which he must fill up, so as to show his whole course of Study. This form, attested by the Signature of the Candidate, will be preserved by the Faculty as a record, and everything entered in it must be verified by Certificates, which must be delivered to the Secretary for inspection, at least three days prior to the day of Examination. Candidates must at the same time produce evidence of having attained Twenty-one years of Age, and of having passed the First Professional Examination.

3. The First Examination will be held on the Second Tuesday of each month. Applications for Examination must be made to the Secretary, not later than Twelve o'clock, noon, of the Monday preceding the day of Examination. The Second Examination will be held, the written part on each of the above days, and the clinical and oral parts on the succeeding day. The hour of the Clinical Examination will generally be nine o'clock A.M. Applications for the Second Examination must be made to the Secretary, not later than the Saturday preceding the day of the written Examination.

4. The Fee for the Diploma is 10*l*., 4*l*. being payable to the Secretary on entering for the First Examination, and 6*l*. on entering for the Second.

5. The Examinations are conducted partly in writing and partly orally. Recent Dissections, Anatomical Specimens, Chemical Tests, Articles of the Materia Medica, the Microscope, Surgical Apparatus and Pathological Specimens are employed at the discretion of the Examiners. Candidates are also subjected at the Second Examination to a practical Clinical Examination at the Hospital.

6. Candidates for the Diploma of the Faculty, who possess a Qualification to practise, or who have passed the Examination in Anatomy, Physiology, and Chemistry, before any of the Licensing bodies enumerated in Schedule (A) of the Medical Act, on complying with the regulations in other respects, are admissible to the Second Professional Examination. In such cases the full Fee is exigible.

7. Unsuccessful Candidates are remitted to their studies for a period determined by the judgment of the Examiners; but not in any case for less than three months. In every such case 2*l*. of the Fee is retained, and the remainder is returned.

8. A Candidate, on showing a sufficient reason, may be admitted to Examination on a day specially arranged, on paying an extra Fee of 3*l*., which will be forfeited, in addition to the 2*l*. ordinarily retained in the event of the Candidate being remitted to his studies.

DOUBLE QUALIFICATION IN MEDICINE AND SURGERY, CONFERRED CONJOINTLY BY THE FACULTY OF PHYSICIANS AND SURGEONS OF GLASGOW, AND THE ROYAL COLLEGE OF PHYSICIANS OF EDINBURGH.

The Faculty of Physicians and Surgeons of Glasgow, and the Royal College of Physicians of Edinburgh, while they still continue to give their Diplomas separately, under separate regulations, have made arrangements by which, after one series of Examinations, the Student may obtain two separate Licences: one in Medicine and one in Surgery. The general principle of this Joint Examination is, that it shall be conducted by a Board in which each Body is represented; the object being to give to Students facilities for obtaining from two separate Bodies, and at less expense, a Double Qualification in Medicine and in Surgery. Students passing this Examination successfully will be enabled to register two Qualifications under the Medical Act, viz.:—Licentiate of the Faculty of Physicians and Surgeons of Glasgow, and Licentiate of the Royal College of Physicians of Edinburgh. The First Examination for the Double Qualification will be held in the Faculty Hall, Glasgow, on Jan. 9, April 1, May 1, July 17, Aug. 7, and Oct. 2. The Second Examination will be held, the written part on each of the above days, and the oral and clinical parts on the succeeding day. Applications to be admitted either to the First or the Second Examination must be made to the Secretary of the Faculty, not later than the Monday preceding the Examination. The Fee for the Diploma is 16*l.*, and is apportioned thus:—6*l.* is payable to the Secretary of the Faculty on entering for the First Examination, and 10*l.* on entering for the Second Examination. The curriculum of study embraces a course of Medicine additional to that required for the Licence of the Faculty. The other Regulations are the same as those for the Diploma of the Faculty.

PRELIMINARY EXAMINATIONS.

1. Preliminary Examinations in General Literature in accordance with the Regulations of the General Medical Council, will be held in the Faculty Hall on April 5, July 18, and Oct. 17, at eleven A.M.; and on each occasion the Examination will be continued on the succeeding day. The Examination will embrace the following subjects:—1. English Language, including Dictation, Grammar, and Composition. 2. Latin; Translation from *one* of the two following Books at the option of the Candidate, viz.; The Second Book of Cæsar's Commentaries, De Bello Gallico; Virgil, Æneid, Lib. VI.; An exercise in rendering English correctly into Latin, the Latin words being supplied. 3. Arithmetic—to Vulgar and Decimal Fractions inclusive: Algebra—including Simple Equations. 4. Geometry—First two Books of Euclid. 5. One of the following subjects at the option of the Candidate: (1.) Natural Philosophy—Mechanics, Hydrostatics, and Pneumatics. (2.) Greek—Xenophon's Anabasis, Book II.; or Homer's Iliad, Book VI. (3.) French—Voltaire; Histoire de Charles XII. (4.) German—Schiller's William Tell.

P.S.—In the Latin, Greek, French, and German Papers, questions on Grammar will be given, and special stress will be laid on the accurate answering of the grammatical questions.

ABSTRACT OF REGULATIONS FOR THE ELECTION, ADMISSION, ETC., OF FELLOWS.

1. A Candidate for the Fellowship of the Faculty as a Physician must be a Doctor of Medicine of a University of the United Kingdom, or of a foreign University recognised by the Faculty. A Candidate for the Fellowship as a Surgeon must be a Licentiate of the Faculty or a Fellow, Member, or Licentiate of one of the Royal Colleges of Surgeons of the United Kingdom, or a Master or Bachelor of Surgery of a University of the United Kingdom. 2. A Candidate must be proposed in writing by two Fellows, at an Ordinary Meeting of the Faculty. The proposal must state the medical or surgical qualification (as the case may be) in virtue of which he desires admission to the Fellowship; and after being proposed, he shall submit to the Council all necessary evidence of his professional qualifications, and of his being of unexceptionable moral character, and, if required by the President, he shall appear personally before the Council of the Faculty. 3. A copy of the proposal shall be placed in the Reading-room till the next Ordinary Meeting of the Faculty, when, the Council having reported that the Candidate is eligible, and no reasonable ground for delay being shown, the Faculty shall proceed to determine his election by ballot. 4. For the election of a Fellow two-thirds of the votes given must be in favour of his admission. An excerpt from the minute of the meeting, giving the result of the ballot, shall be sent by the Clerk of the Faculty to the Candidate, who, if elected, shall at the next meeting of the Faculty, or of the Council thereof, be admitted as a Fellow, upon making and subscribing the required declaration. 5. A Fellow who does not find it convenient to attend personally may be permitted by a vote of the Faculty to be enrolled in absence, if he transmits a letter of obligation to make and subscribe the required declaration before taking his seat. 6. The entrance fee (to be deposited with the Treasurer in every case before proposal) shall, for a resident Fellow, be 50*l.*, but from this sum the Candidate, if a Licentiate of the Faculty, shall be entitled to a deduction of whatever amount he may have already paid for his Diploma. 7. A Candidate residing beyond five miles from the Faculty Hall may be elected as a non-resident Fellow, with such privileges as are provided by Regulation No. 8. The entrance fee in such case shall be 25*l.*, but from this sum the Candidate, if a Licentiate of Faculty, shall be entitled to a deduction of half the amount he may have already paid for his Diploma. 8. The non-resident Fellows shall have the same privileges in the meetings of the Faculty and in the use of the Reading-room as the resident Fellows, but they shall not be eligible to any of the offices or appointments of the Faculty, and their use of the Library shall be such as the Library Committee may from time to time direct. 9. In the event of a non-resident Fellow coming at any time to reside within five miles of the Faculty Hall, he shall cease to have any right or privilege whatsoever as a Fellow, until he has paid to the funds of the Faculty the difference between the sum he has already paid, and the amount of the entrance fee of a resident Fellow exigible at the time of his admission as such. 10. No one shall be eligible for the Fellowship of the Faculty who keeps an open shop for the sale of drugs or other merchandise.

The following Degrees and Licences in Medicine and Surgery are granted by the University of Dublin, and are entitled to be registered under the Medical Act:—(1.) Bachelor in Medicine; (2.) Doctor in Medicine; (3.) Master in Surgery; (4.) Licentiate in Medicine; (5.) Licentiate in Surgery. The qualifications requisite for these Licences and Degrees are the following:—

I.—BACHELOR IN MEDICINE.

Qualification in Arts.—The Bachelor in Medicine must be a Bachelor in Arts of Dublin, Oxford, or Cambridge.

Qualification in Medicine.—Four years, at least, spent in the study of Medicine, including the following Courses of Lectures:—1. Anatomy; 2. Practical Anatomy; 3. Surgery; 4. Chemistry; 5. Materia Medica and Pharmacy; 6. Institutes of Medicine; 7. Practice of Medicine; 8. Midwifery; 9. Botany; 10. Laboratory Chemistry; 11. Medical Jurisprudence; 12. Two years' attendance on the Clinical Instruction of Sir Patrick Dun's Hospital, or other Medico-Chirurgical Hospital approved by the Board of Trinity College. 13. Certificate of personal attendance on cases of fever, specifying names and dates. 14. Six months' Practical Midwifery.

After the completion of the foregoing Courses, the Candidate for the Degree of Bachelor in Medicine must pass a public Examination of, at least, two days' duration, partly written and partly oral.

The Certificates of Lecturers in the following Schools are recognised by the University of Dublin:—The School of Physic, Trinity College; the School of the College of Surgeons; the Richmond Hospital, or Carmichael School; the Steevens's Hospital School; the Ledwich, or Peter-stree School; the School of the Catholic University.

The following Medico-Chirurgical Hospitals are recognised by the University of Dublin:—Sir P. Dun's Hospital; Hospitals of the House of Industry (Richmond, Whitworth, and Hardwicke); Mercer's Hospital; The City of Dublin Hospital; St. Vincent's Hospital; The Meath Hospital and County of Dublin Infirmary; Jervis-street Infirmary; Dr. Steevens's Hospital; the Adelaide Hospital; the Mater Misericordiæ Hospital.

II.—DOCTOR IN MEDICINE.

Qualification in Arts.—The Doctor in Medicine must be a Bachelor of Arts of Dublin, Oxford, or Cambridge, of three years' standing.

Qualification in Medicine.—The Doctor in Medicine requires no qualification in medicine, additional to that necessary for the Bachelor in Medicine.

III.—MASTER IN SURGERY.

Qualification in Arts.—The Master in Surgery must be a Bachelor of Arts of Dublin, Oxford, or Cambridge.

Qualification in Surgery.—Four years' study of Surgery, and attendance on the following Courses:—1. Anatomy, One Course. 2. Theory and Practice of Surgery, Two Courses. 3. Demonstrations and Dissections, Three Courses, each of six months. 4. Practice of Medicine, One Course. 5. Chemistry, One Course. 6. Materia Medica, One Course. 7. Midwifery, One Course. 8. Laboratory Chemistry, One Course. 9. Botany, One Course. 10. Medical Jurisprudence, One Course. 11. Attendance on the Clinical Instruction of three years in Sir Patrick Dun's or other recognised Medico-Chirurgical Hospital. 12. Six months' Practical Midwifery. 13. Three months' Ophthalmic Surgery.

Having completed the foregoing Courses, the Candidate for this Degree must pass a public Examination, partly written and partly oral.

IV.—LICENTIATE IN MEDICINE.

Qualification in Arts.—The Licentiate in Medicine must have kept two complete years in Arts.

Qualification in Medicine.—Same as the qualification for the Degree of Bachelor in Medicine,—viz., attendance on the prescribed Courses of instruction, and the passing of a similar public Examination.

V.—LICENTIATE IN SURGERY.

Qualification in Arts.—The Licentiate in Surgery must have kept two complete years in Arts.

Qualification in Surgery.—Same as for the Degree of Master in Surgery,—viz., attendance on the prescribed Courses of instruction, and the passing of a similar public Examination.

The Licences in Medicine and Surgery of the University of Dublin are recognised by the Boards of Examiners of the Navy, Army, and East Indian Army, and entitle the holder to register under the provisions of the Medical Act of 1858.

PRIVILEGES OF MATRICULATED MEDICAL STUDENTS.

Medical Students, being Junior or Senior Sophisters on the College Books, and in attendance on two of the winter courses of Medical Lectures, are exempted from the Classics of the Junior Sophister year, and from one of the three optional Courses (Mathematical Physics, Experimental Physics, or Classics) of the Senior Sophister year. To obtain this privilege it is necessary that the Student be matriculated in Medicine, and that the proper certificates of his attendance on Medical Lectures are submitted to the Senior Lecturer.

Students in Arts who are also matriculated in Medicine, having their names on the College Books, will be permitted to attend one Course free of expense, with the Professor of Botany, and are entitled to attend the Lectures of the Professor of Chemistry and Professor of Surgery on payment of half fees.

By the Act 40 Geo. III., c. 84, the several Lecturers and Professors of the School of Physic are bound during each Medical Session to return to the Senior Lecturer the names of such Students as have attended their Lectures.

The total expense of obtaining the degrees of Bachelor in Arts, Bachelor in Medicine and Master in Surgery is two hundred guineas.

The Candidates for the Medical and Surgical Licences of the University of Dublin are subject to the College discipline during their Course.

The Queen's University granting the Degrees of Doctor in Medicine and Master in Surgery, includes three Colleges—the Queen's Colleges of Belfast, Cork, and Galway—each of which possesses a Faculty of Medicine. The Curriculum of Medical study extends over a period of four years, and is divided into two periods of two years each. The First Period comprises attendance on Chemistry, Natural History, Anatomy and Pyhsiology, Practical Anatomy, Materia Medica, and Pharmacy. The Second Period comprises attendance on Anatomy and Physiology, Practical Anatomy, Theory and Practice of Surgery, Midwifery and Diseases of Women and Children, Theory and Practice of Medicine, Medical Jurisprudence. At least two of the above Courses of Lectures must be attended in some one of the Queen's Colleges; the remainder may be taken, at the option of the Candidate, in any University, College, or School recognised by the Senate of the Queen's University. Candidates are required before graduating to have also attended, in one of the Colleges of the Queen's University, Lectures on Experimental Physics and on one Modern Language, and to have passed the Matriculation Examination. They are further required to attend during the First Period, Practical Chemistry in a recognised Laboratory, and the practice during six months of a recognised Medico-Chirurgical Hospital containing at least sixty beds, together with Clinical Lectures delivered therein; and to attend during the Second Period, a recognised Midwifery Hospital, with the Clinical Lectures therein delivered, for a period of three months; or a Midwifery Dispensary for the same period; or ten cases of Labour, under the superintendence of the Medical Officer of any Hospital or Dispensary where cases of Labour are treated; and eighteen months' practice of a recognised Medico-Chirurgical Hospital containing at least sixty beds, and in which Clinical Instruction is delivered.

There are two University Examinations; one comprising the subjects of study in the First Period, the other the subjects of the Second Period. The University Examinations are held twice in each year, in June and September. Candidates who commence their Medical Studies elsewhere are admitted to the First University Examination before proceeding to College.

Further information will be found in the "Queen's University Calendar," or may be obtained by application to the Secretary, Queen's University, Dublin Castle.

KING AND QUEEN'S COLLEGE OF PHYSICIANS IN IRELAND.

Visitors.—Lord High Chancellor of Ireland; Lord Chief Justice Queen's Bench; Lord Chief Justice Common Pleas; Chief Baron Exchequer.

Pres., Dr. A. Hudson. *Vice-Pres.*, Dr. R. D. Lyons. *Censors:* Drs. R. D. Lyons, W. B. Jennings, J. Little, and T. W. Grimshaw. *Treas.*, Dr. A. Smith. *Regist.*, Dr. J. Magee Finny. *Prof. of Med. THE COLLEGE OF PHYSICIANS IN DUBLIN was founded in 1660 by Dr. JOHN STEARNE, Fellow and Professor of Physic in Trinity College, Dublin; was incorporated by Royal Charter of KING CHARLES II. A.D. 1667; and re-incorporated by their Majesties KING WILLIAM and QUEEN MARY, A.D. 1692, under the title of "THE KING AND QUEEN'S COLLEGE OF PHYSICIANS IN IRELAND."

REGULATIONS RELATIVE TO THE LICENCE IN MEDICINE.

Examinations for the Licence in Medicine are statedly held on the second Tuesday and following day in each month (except August and September).

The name of every Candidate, together with his Schedule* and the documents hereafter mentioned, must first be submitted to the College at one of its Meetings. These are held regularly on the first Friday in each month (except August and September), and no name can be received later than the Monday previous to such Meeting. If permission to be examined is granted, the Candidate may present himself at the next Examination, or at a subsequent one: in the latter case, however, he must intimate his intention four clear days before the Examination.

A Candidate who has not, previous to entering his name, obtained any of the Medical or Surgical Qualifications recognised by the College must produce—1. Evidence of having been engaged in the Study of Medicine for four years. 2. A Certificate of having passed the Preliminary Examination of one of the recognised Licensing Corporations before the termination of the second year of medical study. 3. Certificates of having studied at a school or schools recognised by the College the following subjects, viz.:—Practical Anatomy; Anatomy and Physiology, or Institutes of Medicine; Botany; Chemistry; Practical Chemistry; Materia Medica; Practice of Medicine and Pathology; Surgery; Midwifery; Medical Jurisprudence. 4. Certificates of having attended a Medico-Chirurgical Hospital in which regular Courses of Clinical Lectures are delivered, together with Clinical Instruction, for twenty-seven months; or such Hospital for eighteen months, with nine months' attendance on a Medical Hospital, and similar courses of Clinical Lectures and Clinical Instruction; the attendance in each case being for not more than nine months in any year—namely, for six winter and three summer months—and the attendance on a Medico-Chirurgical Hospital and Medical Hospital not being taken out in the same year. 5. A certificate of having attended Practical Midwifery for six months at a recognised Lying-in Hospital, or evidence satisfactory to the College in each individual case of having attended Practical Midwifery. 6. Certificates of character from two registered Physicians or Surgeons.

A Candidate who has already obtained a Medical or Surgical Qualification recognised by the College, is required to fill up a Schedule which will be supplied on application, and to lodge it in the same manner, as a Candidate not previously qualified; but the only documents he is required to produce are his Diploma or Certificate of Registration, and the Certificate of Practical Midwifery, and Testimonials as to character.

EXAMINATION FOR THE LICENCE IN MEDICINE.

The Examination is conducted, first, clinically; secondly, by printed questions, to be answered in writing; and, thirdly, *viva voce*, and consists of two parts. The subjects of the First Part or previous Examination are—Anatomy; Physiology; Botany; Chemistry. The subjects of the Second Part, or Final Examination are,—Materia Medica; Practice of Medicine; Medical Jurisprudence; Midwifery.

Candidates for the Second or Final Examination are examined in the Practice of Medicine at the bedside in one of the Dublin Hospitals. The name of the Hospital selected will not be declared to the Candidates until half an hour previous to the time of examination.

Candidates qualified as follows are required to undergo the *second part* of the professional Examination only, viz.:—1. Graduates in Medicine of a University in the United Kingdom, or of any foreign University approved by the College. 2. Fellows, Members, or Licentiates of the Royal Colleges of Physicians of London or Edinburgh, who have been admitted upon examination 3. Graduates or Licentiates in Surgery. 4. Candidates who, having completed the Curriculum as required by the Regulations, have passed the Previous Examination of any of the Licensing Corporations in the United Kingdom.

Candidates who are Physicians or Surgeons of five years' standing are further exempted from the clinical and written portions of the Final Examination.

DECLARATION REQUIRED OF CANDIDATES.

"I do hereby solemnly and sincerely promise that I will observe the Statutes and By-laws of this College, and to my power endeavour that the honour of the College be preserved entire; and in all things that belong to the honour or profit thereof, I shall be ready to give my advice and assistance.

"I hereby authorize the President and Fellows of the King and Queen's College of Physicians in Ireland to erase my name from the list of Licentiates, and I consent to surrender the Diploma received from the College, if I shall, after having obtained the licence of said College, keep open shop for the sale of medicines.

"I engage not to endeavour to obtain practice, or to attract public notice, by any unworthy means: I also engage that I will neither permit nor sanction the use of my name by any other person for such purposes, nor in connexion with any secret remedy; and in case of any doubt

* Blank Schedules are to be obtained on application at the College, or by letter, addressed to the Registrar, College Hall, Kildare-street. It is particularly requested that Candidates applying by letter will state whether they already possess any qualification, as the form of Schedule for those who have, differs from that required to be filled up by those who have not, obtained any Diploma.

relative to the true meaning or application of this engagement, I promise to submit to the judgment of the College.

"And I solemnly and sincerely declare, that should I violate any of the conditions specified in this declaration, so long as I shall be either a Licentiate or Fellow of the College, I thereby render myself liable, and shall submit, to censure of the College, or to expulsion and surrendering of the Diploma, whichever the President and Fellows of the College shall think proper to inflict."

REGULATIONS RELATIVE TO THE DIPLOMA IN MIDWIFERY.

Examinations for the Diploma in Midwifery are held every month (except August and September), on the day after that on which the Stated Examinations for the Licence in Medicine are held.

A Candidate for the Diploma in Midwifery, who is already a Licentiate of the College, is at liberty to present himself at any of the Examinations, provided he intimate his intention a week previously.

Candidates for the licence in Midwifery, who are not Members of the College, are required to fill up a Schedule, and apply for permission in the same way as Candidates for the Licence in Medicine, and will be admitted to Examination on the following qualifications:—The Degree or Licence in Medicine or Surgery from any University or College of Physicians or Surgeons in the United Kingdom, together with certificates of having attended a six-months' course of lectures on Midwifery, and at least thirty cases of Labour, and certificates of character from two registered practitioners. A declaration similar to that made by the Candidate for the Licence in Medicine is also required from the Candidate for the Licence in Midwifery.

FEES.

Fee for the Licence in Medicine, 15*l.* 15s. Fee for the Diploma in Midwifery, 3*l.* 3s. Fee for Licence in Medicine, and Diploma in Midwifery, if taken out within an interval of a month, 16*l.*

All Fees should be lodged to the credit of the King and Queen's College of Physicians, in the Royal Bank, Foster-place, Dublin, and the receipt given by the Bank deposited at the College a week before the day of Examination. Candidates at a distance may forward the Fee to the Registrar by crossed cheque, payable to the Treasurer of the College.

The Admission Fee, with the exception of 3*l.* 3s. deducted to meet the expense of the Examination, may be returned to any Candidate who may be rejected for the Licence in Medicine; and the Admission Fee, with the exception of 1*l.* 1s. deducted to meet the expense of the Examination, may be returned to any Candidate for the Licence in Midwifery who may be rejected; and in the case of a rejected Candidate afterwards presenting himself for Examination in Medicine or Midwifery within twelve months, the sum previously deducted of 3*l.* 3s. in regard to the Examination in Medicine, or of 1*l.* 1s. in regard to the Examination in Midwifery, will be allowed in the Fee paid for such second Examination.

For further particulars, see page 1191.

Qualifications of Candidates for Letters Testimonial.—Every registered pupil shall be admitted to an examination for Letters Testimonial if he shall have laid before the Council the following documents:—A receipt showing that he has lodged a sum of twenty guineas in the Bank of Ireland to the credit of the President, and for the use of the College; a Certificate that he has passed an examination as to his acquaintance with the Greek and Latin languages; a Certificate showing that he has been engaged in the study of his profession for not less than four years; Certificates of attendance during three years on a Hospital recognised by the Council, where Clinical instruction is given; Certificates of attendance on three courses of Lectures on Anatomy and Physiology, three courses of lectures on the Theory and Practice of Surgery, and of the performance of three courses of Dissections, accompanied by demonstrations; also Certificates of attendance on two

courses of lectures on Chemistry, or one course of lectures on General, and one on Practical Chemistry, one course of lectures on Materia Medica, one course of lectures on the Practice of Medicine, one course of lectures on Midwifery, one course of lectures on Medical Jurisprudence, and one course of lectures on Botany.

Quarterly Examinations.—Examinations shall be held Quarterly, on the second Tuesday in January, April, July, and October, to which Candidates cannot be admitted unless they be registered pupils, and at which they shall be divided into two Classes—Junior and Senior. The Junior Class shall produce Certificates of having attended three courses of Lectures on Anatomy and Physiology, three courses of Lectures on Practical Anatomy, with dissections; two courses of Lectures on Chemistry, one course of Lectures on Materia Medica, one course of Lectures on Botany, and one course of Lectures on Forensic Medicine. This Class shall be examined in Anatomy, Physiology, and Materia Medica. The Fee for this examination shall be five guineas; not to be returned in case of rejection, but to be allowed in the fee for the Second Examination. The Senior Class shall produce certificates of having attended three courses of Lectures on the Theory and Practice of Surgery, one course of Lectures on the Practice of Medicine, and one course of Lectures on Midwifery; also certificates of attendance on a recognised Hospital for three Winter and three Summer Sessions. This Class shall be examined in Surgery, Operative Surgery, the Practice of Medicine, and form of Prescription. Any Candidate who fails to acquit himself in Operative Surgery to the satisfaction of the Examiners, shall not be permitted to present himself for the subsequent Senior Class *viva voce* Examination. Both these Examinations shall be partly Written and partly Oral. The Fee for this Examination shall be fifteen guineas.

Fees to be paid by Candidates for Letters Testimonial.—The Candidate pays ten shillings for his Preliminary Examination, five guineas as Registered Pupil of the College, five guineas for the Junior Class Examination, which is not returned in case of rejection, but is allowed in the fee for his Second Examination, fifteen guineas for the Senior Class Examination—total £25 15s. Every Candidate rejected at the Quarterly Examinations shall be required to pay to the College the sum of two guineas on applying for re-examination, so as to recompense the College for the necessary expense. In addition to the foregoing, a fee of 1*l.* 1s. is to be paid to the Registrar, on handing each Licentiate his Diploma.

Qualifications of Candidates for the Fellowship. — Every registered Pupil or Licentiate shall be admitted to examination for the Fellowship, if he shall have laid before the Council the following documents:—A receipt, showing that he has lodged in the Bank of Ireland, for the use of the College, if he be a Licentiate, the sum of twenty guineas, or thirty-five in case he be only a Registered Pupil; provided in either case he intends to reside beyond ten miles from Dublin. Should the candidate intend to reside in Dublin, or within ten miles thereof, he shall lodge, if he be a Licentiate, thirty guineas; or if he be only a Registered Pupil, forty-five guineas. Fellows entering on the country list, who may subsequently settle as Practitioners in Dublin, or within ten miles thereof, shall pay ten guineas to the College. A certificate that he is twenty-five years of age. A certificate that he is a Bachelor of Arts of some University, or that he has been examined in such manner as the Council may, from time to time, direct, with a view to ascertain that he has obtained a liberal preliminary education. A certificate, signed by two or more Fellows of the College, of good general conduct during his professional education. Certificates that he has been engaged in the acquisition of professional knowledge for a period of not less than six years, during three of which he must have studied in one or more of the Schools and Hospitals recognised by the Council. He may have studied for the other three years in any School or Schools of the United Kingdom which shall be approved by the Council, or in any foreign School of repute. It is also required that the candidate shall have had opportunities of practical instruction, as House-Surgeon or Dresser, in a recognised Hospital. Certificates of attendance on the several courses of lectures required to be attended by candidates for Letters Testimonial, together with one course of lectures on Comparative Anatomy, one course of lectures on Natural Philosophy. A thesis on some Medical subject or Clinical Reports, with observations of six or more Medical or Surgical cases taken by himself. Candidates of the required age, who shall have taken the degree of Bachelor of Arts in a British or Irish University, and have complied with the foregoing regulations in other respects, will be admitted to examination at the end of five years of professional study, of which three years must have been passed in one or more of the recognised Schools or Hospitals. Licentiates of the College, who may not be able to show that they have followed the course of study specified in the preceding regulations, may, at the expiration of ten years from the date of their diploma, be admitted to the examination required for the Fellowship, provided they produce such evidence as shall be satisfactory to the Council that they have conducted themselves honourably in the practice of their profession.

Qualifications of Candidates for the Diploma in Midwifery.—Any Fellow or Licentiate of the College shall be admitted to an examination for the Diploma in Midwifery upon laying before the Council the following documents:—A certificate, showing that he has attended one course of lectures on Midwifery and Diseases of Women and Children, delivered by a Professor or Lecturer in some School of Medicine or Surgery recognised by the Council. A certificate, showing that he has attended the practice of a Lying-in Hospital, recognised by the Council, for a period of six months; or the practice of a Dispensary for Lying-in Women and Children, recognised by the Council, and devoted to this branch of Surgery alone. A certificate, showing that he has conducted thirty labour cases at least. Candidates for the Midwifery Diploma shall be publicly examined on the organization of the female; the growth and peculiarities of the fœtus; the Practice of Midwifery, and the Diseases of Women and Children; and, if approved of, shall receive a licence or diploma certifying the same. The Candidate pays 1*l.* 6s. for the Midwifery Diploma provided he takes it out within one month from the date of his Letters Testimonial, after that date the Fee will be 2*l.* 2s.

Examination of Candidates for the Letters Testimonial.—The examination of Candidates for Letters Testimonial shall be held, from time to time, as the Council may direct. Five Examiners at least shall be present at each examination. Each candidate shall be examined upon Anatomy, Physiology, the Theory and Practice of Medicine and Surgery, Materia Medica, and the form of Prescription; and shall perform such Surgical Operations or Dissections, or explain such Anatomical and Pathological preparations as the Examiners may require. Candidates for Letters Testimonial, or Fellowship of the College, being Licentiates of a College of Physicians or Graduates in Medicine of a University, shall be examined in General and Descriptive Anatomy, Physiology, the Theory and Practice of Surgery, and Operative Surgery; and if, after examination on these subjects, they shall be recommended to the Council, by the Court of Examiners, for admission as Licentiates, they shall be so admitted by the Letters Testimonial of the College. In addition to the oral examinations, candidates for Letters Testimonial shall be required to give written answers to written or printed questions to be delivered to them in such a manner as the council may direct. Candidates, whose answering shall be found insufficient, will not be allowed to present themselves a second time until after the expiration of six months from their first examination.

Order of Quarterly Examinations.—Candidates for Examination shall return their Names to the Registrar of the College, and lodge their Fees and Certificates one week before the day specified for Examination. In the *Junior Class* Candidates shall be examined in alphabetical order. The seven Examiners shall be summoned to attend at three o'clock, for the purpose of delivering their written questions to the Candidates, and appointing a Member of the Court to superintend. The Candidates shall assemble at the College at three o'clock P.M., when twelve, selected according to alphabetical order, will each receive three written questions on Anatomy and Physiology, and one on Materia Medica, which they will be required to answer within one hour; and the Examiner whose duty it shall be to superintend the writing of such answers, shall be appointed by rotation, beginning with the Junior Examiner. At the end of the hour each Candidate shall enclose his questions and answers in an envelope, with his name on the back, and hand the same to the Examiner superintending. The seven Examiners shall be summoned to attend on each day at four o'clock, to commence the Oral Examinations of the several Candidates, and four of them shall each be required to examine for one quarter of an hour, at four separate tables, viz., three on Anatomy and Physiology, and one on Materia Medica. Each Examiner at the conclusion of each Examination, shall express his opinion of same by "Marks," and shall hand such expression of opinion on paper to the Senior Councillor presiding at such Examination. One Councillor shall be summoned to witness the examination of each Candidate, and shall accompany him from table to table till his examination be completed, when the voting papers having been examined, and the result declared, the name of each successful Candidate shall be enrolled in a book kept for that purpose in the College.

Examination of Senior Class.—This Examination shall take place on the fourth Tuesday in January, April, July, and October. The Candidates shall assemble at the College at three o'clock, when twelve having been selected according to alphabetical order, will receive four written questions on Surgery and Practice of Medicine, which they will be required to answer within an hour. At the end of the hour each Candidate shall enclose his questions and answers in an envelope endorsed with his name, and shall hand same to the Examiner superintending. The seven Examiners shall be summoned to attend on each day at four o'clock, to commence the Oral Examination of the several Candidates, and four out of the said Examiners shall be required to examine each for a quarter of an hour, at four separate tables, viz. :—three on Surgery and Practice of Medicine, and one on the Forms of Prescription. In case of illness or absence of one of the four Examiners, then the next Examiner according to seniority shall take the place of the absent Member of the Court. Each Examiner, at the conclusion of his examination, shall express his opinion of same by "Marks," and shall deliver such expression of opinion on paper to the senior Councillor presiding at such Examination. One Councillor shall be summoned to witness the Examination of each Candidate, and shall accompany him from table to table till his examination be completed, when the voting papers having been examined, and the result declared, each successful candidate shall thereon be entitled to be recommended to the Council for the Letters Testimonial of the College; and such Candidate as shall not have answered to the satisfaction of the Examiners, shall be entitled to reappear for examination at the next Quarterly Examination.

Examination of Candidates for the Fellowship.—The examination for the Fellowship shall be held at stated periods, as the Council may direct. Five Examiners at least, together with the President, or Vice-President, and two members of the Council, shall be present at each examination. Each candidate shall be examined on two days, with such an interval as the Council may appoint. The subjects of the first examination shall be Anatomy and Physiology (human and comparative); those of the second, Pathology, Therapeutics, the Theory and Practice of Medicine and Surgery, and such other branch of Medical Science as the Council may from time to time direct. In addition to the oral examinations, candidates shall be required to give written answers to written or printed questions, to be delivered to them in such manner as the Council may direct. In the Anatomical examination the candidates shall also perform dissections and operations on the dead body. Candidates whose answering shall be found insufficient will not be allowed to present themselves a second time until after the expiration of one year from the first examination.

Examination in Midwifery.—The examination of candidates for the diploma in Midwifery shall be conducted by the Examiners in Midwifery. Such examinations shall be held, from time to time, as the Council may direct. Should a candidate be rejected, he shall not again be admitted to an examination until a period of three months shall have elapsed; and he then shall be obliged to produce satisfactory evidence of his having been engaged in the study of this branch of Surgery subsequent to such rejection.

Preliminary Examination, Registration, and Matriculation.—Registered pupils are admitted to answer the preliminary examination at any period previous to the examination for Letters Testimonial. Students who are not registered pupils are also admitted to answer the preliminary examination at any period previous to the final examination for Letters Testimonial, upon payment of a matriculation fee of ten shillings; but they are not enrolled as registered pupils, or entitled to the privileges reserved for such pupils, until they have paid the full registration fee of five guineas. Candidates for the Preliminary Examination will be examined in the English Language, including, Grammar and Composition; Arithmetic, including Vulgar and Decimal Fractions; Algebra, including Simple Equations; Geometry, first two books of Euclid; in Greek: The Gospel of St. John the Menippus of Lucian, or the First Book of Xenophon's Anabasis; in Latin: The First and Second Books of the Æneid of Virgil, the Jugurthine War of Sallust, or Third Book of Livy. These examinations are held quarterly, on the third Wednesday in January, April, July, and October in each year. Fee 10s. Candidates are requested to enter their names, and pay the fee to the Registrar, at least three days previous to the day of examination. Registered pupils are permitted to study in the Museum on two days in each week, and to read in the Library every day, from ten o'clock to three o'clock. They are also permitted to attend the Lectures on Comparative Anatomy, and to obtain certificate of such attendance without payment of any fee. No student is admitted as a candidate to the Quarterly Examination, or to the final examination for Letters Testimonial, until he has been enrolled as a registered pupil.

Professors and Lecturers are required to transmit to the College, on or before 25th of November in each year, returns of the names of the pupils who shall have entered to attend, and are then actually attending, their respective Lectures or Demonstrations. They are also required to ascertain, from time to time, whether the students so returned are in attendance or not, as similar returns are required in the course of the session. Certificates of attendance are not received as qualification for the Letters Testimonial or Fellowship of the College unless the name of the candidate who produces them appears in these returns for the periods corresponding to the dates of such certificates.

General Regulation of Schools.—Certificates shall not be received for attendance on Lectures delivered in Ireland, unless from Teachers in Schools permitting the visitation of the Council, and receiving their sanction; nor shall certificates be received from Teachers who deliver Lectures upon more than one distinct subject as hitherto allotted to Professors in Colleges and Universities. This regulation shall not, however, exclude the certificates of two or more Teachers, who may deliver conjointly, separate, perfect, and distinct courses on Anatomy and Physiology, and on the Theory and Practice of Surgery. Certificates of attendance on Lectures and of the performance of Dissections, shall be received from Professors and Lecturers in all Universities, Colleges, and recognised Schools in her Majesty's dominions, as qualifications for the Fellowship and Letters Testimonial of this College; and also certificates of attendance on all Hospitals recognised by the Council, where Clinical instruction is given. The Lectures on Materia Medica, Medical Jurisprudence, Practical Chemistry, and Botany, shall be delivered during the Summer Session in the School of the College, and in the Schools recognised by the College. Certificates shall not hereafter be received for attendance on Lectures delivered in Ireland, unless from persons who shall have acquired, either by education or practice, such ample information on professional subjects generally as is required from candidates for the Fellowship of the College, and who shall have enjoyed such opportunities of acquiring information on the particular subjects upon which they propose to lecture, as the Council may consider necessary to qualify them to perform that duty.

REGULATIONS REGARDING THE EDUCATION, QUALIFICATION, AND EXAMINATION OF CANDIDATES FOR THE LICENCE TO PRACTISE AS AN APOTHECARY.

Candidates for the Licence of the Hall must undergo a preliminary and a professional examination.

PRELIMINARY EDUCATION AND EXAMINATION IN ARTS;

An Examination in Arts will be held in the Hall four times in the year, namely, upon the third Thursday in January, April, July, and October, at twelve o'clock noon. This examination will be conducted by Graduates in Arts of the University of Dublin, with Assessors from the Court of the Hall. On and after the 20th day of April 1872, *the Arts Course* will be as follows: *Compulsory.*—1. English Grammar, Composition, Writing from Dictation, and the leading events of Roman and English History. 2. Arithmetic and Algebra, to Simple Equations. 3. Geometry: First Two Books of Euclid. 4. Latin: The Twenty-First Book of Livy, or the first Three Books of the Æneid of Virgil. 5. Greek: the first Two Books of the Anabasis of Xenophon, or the Ninth Book of the Iliad of Homer. 6. French: Charles XII., or "Voyage en Orient" of Lamartine. 7. German: "Wilhelm Tell," or "Die Rauber" of Schiller. Candidates will be examined in French or German, as they may select.

Optional.—1. Natural Philosophy: Mechanics, Hydrostatics, and Pneumatics. 2. Natural History: The Classification, Elementary Structure, and General Physiology of Vegetables and Animals.

PROFESSIONAL EDUCATION AND EXAMINATIONS.

Candidates for the Licence to practise must produce certificates to the following effect:—1. Of having passed an Examination in Arts previously to entering on professional study.—2. Of being at least twenty-one years of age, and of good moral character.—3. Of Apprenticeship to a qualified Apothecary or of having been engaged at practical Pharmacy with an Apothecary for a period of three years subsequent to having passed the Examination in Arts.—4. Of having spent four years in Professional Study.—5. Of having attended the following courses, viz.:—Chemistry, during one Winter Session; Anatomy and Physiology, two Winter Sessions; Demonstrations and Dissections, two Winter Sessions; Botany and Natural History, one Summer Session; Materia Medica and Pharmacy, with instructions in a Laboratory, three Months; Practical Chemistry, three Months; Principles and Practice of Medicine, one Winter Session; Midwifery and Diseases of Women and Children, Six Months; Practical Midwifery, at a recognised hospital, attendance upon twenty Cases; Surgery, one Winter Session; Forensic Medicine, one Summer Session; Instruction in the practice of Vaccination.— 6. Of having attended, at a recognised Hospital or Hospitals, the Practice of Medicine and Clinical Lectures on Medicine during two Winter and two Summer Sessions; also the Practice of Surgery and Clinical Lectures on Surgery during one Winter and one Summer Session.—7. Of having performed the operation of vaccination successfully under a recognised vaccinator. The examination for the Licence to practise is divided into two parts. The First—Chemistry, Botany, Anatomy, Physiology, Materia Medica, and Pharmacy. The Second—Medicine, Surgery, Pathology, Therapeutics, Midwifery, Forensic Medicine, and Hygiene. The first part may be undergone at the close of the second Winter Session, and after the Candidate has attended the Courses upon the several subjects named for this Examination, and the second after the completion of his studies at the termination of the fourth Winter Session. The professional examinations will be held *quarterly*, and will commence on the first and second Monday in the months of January, April, July, and October. They will be carried on as follows:—The *First Part*, for Junior Students, on the first Monday at Twelve o'clock noon; and on the Tuesday and Wednesday succeeding, at the same hour. Subjects:—Chemistry and Botany, *Monday:* Anatomy and Physiology *Tuesday:* Materia Medica and Pharmacy, *Wednesday:* The *Second Part*, or *Pass* Examination for Senior Students, on the second Monday, at Twelve o'clock, noon; and on the Tuesday and Wednesday succeeding, at the same hour. On *Thursday*, Clinical Examination. Subjects:—Medicine and Surgery, *Monday:* Midwifery and Diseases of Women and Children, *Tuesday:* Forensic Medicine and Hygiene, *Wednesday:* Clinical Examination, *Thursday.* The first two hours of each day will be devoted to writing Answers, and after that, two hours to an oral and practical Examination. Certificates and Diplomas will be granted to the successful Candidates on the Friday following, at four o'clock P.M. Candidates who fail to pass the first part of the Professional Examination will be remitted to their studies for *three* months, and unsuccessful Candidates at the Pass Examination will not be re-admitted until after the expiration of *six* months. Numerical values will be assigned to the Answers, both written and oral, in the several Examinations, and only Candidates who possess a proficiency of Medical knowledge in *all* the subjects will obtain "*The Licence to Practise.*" In case a Candidate is rejected for failure in any one subject, he will be re-examined in all.

Doctors of Medicine of any of the Universities of the United Kingdom, or Surgeons of any of the Royal Colleges of Surgeons, or Licentiates of any of the Royal Colleges of Physicians, whose qualifications as such appear in the Medical Register, and who, having first passed an Examination in Arts, have also served an Apprenticeship, or the required term at *practical* Pharmacy, to a qualified Apothecary, may obtain the Licence of the Hall by undergoing an Examination—the former in Pharmacy,* and the latter in Medicine and Pharmacy. Licentiates of the London Society of Apothecaries are admitted *ad eundem.*

The Licence entitles its Possessor to practise Medicine and Pharmacy in Great Britain and Ireland, and is recognised as a full qualification *in Medicine* for appointments in the Medical Department of the Army, Navy, and under the Poor Law Boards in England and in Ireland.

Candidates for the *Licence* must lodge their Testimonials, and enrol their names and address with the Clerk at the Hall, in Dublin, a week prior to the day of Examination.

An *Honor* Examination for Apprentices is held at the Hall in the first week in May annually, upon some subject of Medical or Pharmaceutical Chemistry, which is announced by the Council of the Hall at the commencement of the previous Winter Session, and a Prize of Five Guineas is awarded to the successful Competitor.

Candidates for *The Certificate of Assistant* to an Apothecary, in compounding and dispensing Medicine, will be examined in the British Pharmacopœia and in *Pharmacy*, scientific and practical, including the history, characters, and qualities of Medicines, with their preparations and doses, and in the translation of Latin Prescriptions. Neither "The Arts Certificate," or "The Certificate of Apprentice," is required for the Examination of Assistant, but Candidates must have Certificates of having attended a Course of Practical Instruction in Chemistry and in Pharmacy in a recognised Laboratory.

---

* The Examination in Pharmacy will include Practical Pharmacy, Pharmaceutic Chemistry, Toxicology, Medical Botany, and the British Pharmacopœia.

LEDWICH SCHOOL OF ANATOMY, MEDICINE, AND SURGERY PETER-STREET, DUBLIN.

FOUNDED 1810.

This School, claiming priority of foundation many years before any of its kindred unchartered institutions were projected, was established in 1810 by J. Kirby. At this period the Schools of the College of Surgeons and University were the only sources of medical education in Ireland, and this necessarily involved an absence of that competition always so conducive to the true spirit of improvement. Since its foundation, this School has maintained its character for the sound principles of its anatomical and surgical instruction, and numbers amongst its former pupils several of the most distinguished teachers of the Irish School of Medicine.

Anatomy, Physiology, Pathology, &c.: Drs. Ledwich, T. P. Mason and O'Leary. *Theory and Practice of Surgery:* Messrs. Wharton and Barton. *Surgical and Descriptive Anatomy, Demonstrations and Dissections:* Messrs. T. P. Mason, E. Ledwich, Glanville, Corry, Warde, O. Baily; *Libr. and Cur. of Mus.*, Alphonse Gages; *Asst. Chem.*, W. Plunkett; *Clerk*, G. C. Penny; *Sec.*, F. J. Sidney, LL.D.

The object of the Royal College of Science is to supply, as far as practicable, a complete course of instruction in Science applicable to the Industrial Arts, and to aid in the instruction of Teachers for the local Schools of Science.

The course of instruction extends over three years. In the first two years the instruction is general—in the last, it is specialized under the heads of Mining, Manufactures, Engineering, and Agriculture.

Diplomas of Associateship of the College are given to students who pass in all the subjects of the first two years, and take a 1st Class in all the subjects of one division of the third year.

Students may also enter for the separate courses and receive Certificates after Examination.

Examinations in the several subjects are held at the conclusion of the Academic year.

There are four Royal Scholarships, open to Students of the College, of the value of £50 each yearly, tenable for two years.

There are also nine Royal Exhibitions attached to the College, of £50 each, tenable for three years, which are given in competition to students in the various Science Classes in connexion with the Science and Art Department.

The Kilkenny Archæological Society was instituted in 1849. At first confined to the county and city of Kilkenny, it has since extended its operations to the entire of Ireland, and now comprises upwards of 600 members from all parts of the United Kingdom. Her Majesty by letter dated Dec. 27, 1869, signified her pleasure that its title should be "The Royal Historical and Archæological Association of Ireland," and conferred on it the privilege of electing Fellows. The Association meets at its apartments, Butler House, Patrick-st. Kilkenny, on the first Wednesday of January (annual meeting), April, July, and October, at two P.M., and publishes a Quarterly Journal and Annual Volume. Subscription of Fellows, 1*l.* per annum, with 2*l.* entrance fee; Members 10s. annually. The Fellows are entitled to receive the Quarterly Journal and Annual Volume of the Association. The Members are entitled to receive the Journal, and may obtain the Annual Volume on payment of 10s. additional. The Fellows of the Association who are not in arrear alone have the privilege of voting in cases where the Ballot is called for.

ROYAL MEDICAL BENEVOLENT FUND SOCIETY OF IRELAND.—Founded 1842.

Patron, H.M. Gracious Majesty the Queen. *Vice-Patron*, His Excellency the Lord Lieutenant.

OBJECT AND RULES OF THE SOCIETY.

1. That a charitable fund be created by Donations and Subscriptions, to be called the Medical Benevolent Fund of Ireland.

2. That contributions be received from all persons friendly to the objects of the Society, though not belonging to the profession.

3. That the object of the Fund be the relief of Medical men resident in Ireland under severe and urgent distress, occasioned by sickness, accident, or any other calamity.

4. That any Physician or Surgeon labouring under such afflictions be considered a fit object for the charity.

5. That the claims of contributors shall, as far as possible, have the preference, but that contributions to the Fund give no claim of right to relief, the Fund being one of pure charity; and that each case be judged according to the urgency of the distress.

6. That under circumstances of peculiar emergency, relief may be extended to the widows and orphans (under age) of Physicians and Surgeons, it being understood that it is not the design of this Fund to relieve Medical men from the necessity of providing for their families by ordinary life assurances, or such other means as prudence dictates.

7. That the management of the Fund be conducted by Committees of the contributing members, annually appointed; the Central Committee to be at Dublin, and Local Committees, subordinate to the Central, in each of the principal cities and towns; the Central Committee having power to appoint Local Committees wherever they may be required.

The following are the Committee, Treasurer, Secretaries, and Trustees for the ensuing year:—

This Society was formed in 1862 by the Union of the Belfast Medical Society with the Clinical and Pathological and the Ulster Medical Protective Societies. It has for its objects to afford its members increased facilities of consulting the best medical works and periodicals, by means of the Library; of deriving mutual instruction on medical subjects by means of its discussions and its Pathological Museum; and, as a collective body, of protecting the interests of the Medical Profession. It possesses a well-selected and valuable Library of ancient and modern works, medical and scientific; a Museum, containing many rare pathological specimens, both of which are in the Society rooms in the General Hospital; and almost all the Medical Journals are kept for the convenience of members. The Society meets monthly, from May to November; and fortnightly on Tuesday, from November to May. The Annual Meeting for the election of office-bearers, &c., is held on the first Monday in May, at the Society's rooms, Belfast General Hospital.

THE

POOR-LAW UNIONS

OF

Ireland,

GIVING THE NAME OF THE COUNTIES, UNIONS, DISTRICTS, POPULATION, AREA IN ACRES, NAMES OF MEDICAL OFFICERS, AND THEIR SALARIES.

LOCAL GOVERNMENT BOARD FOR IRELAND,

CUSTOM HOUSE, DUBLIN.

President, The Right Hon. the Chief Secretary to the Lord Lieutenant of Ireland, for the time being; *Vice-President*, Alfred Power, Esq., C.B.

Members of the Board, The Under Secretary to the Lord Lieutenant of Ireland, for the time being; John M'Donnell, Esq., M.D.; and Richard M. Bellew, Esq.

Chief Clerk, Benjamin Banks, Esq.

Inspectors, Richard Bourke, William J. Hamilton, Samuel Horsley, Richard Tipping Hamilton, Henry Robinson, Wm. P. O'Brien, Esqrs., Dr. Terence Brodie, Dr. Charles Croker King, Dr. George F. Roughan, and Dr. Thos. H. Burke.

Clerks, First Class, G. Barber, T. Collot, Richard Barney, P. Norris, E. J. Browne, and R. Hunt, Esqrs.

Second Class, D. T. Tracey, W. Ellard, R. H. Jephson, John M'Gloin, A. Stanley, A. McHugh, T. W. Foy, J. McVeigh, J. L. Browne, and T. Macdonnell, Esqrs.

Junior Clerks, J. Ryan, P. Martin, P. H. Gannon, G. H. Tench, Æ. M. Byrne, J. Smith, W. Franklin, W. Tracy, R. Kearney, J. Brenan, W. S. Betham, J. Brenan, jun., T. A. Mooney, H. J. Penny, J. J. Dowling, R. Cantrell, L. Leeson, J. Gilfoyle, H. M. Swaine, and J. P. Clarke, Esqrs.

Auditors of Union Accounts, Reuben Simms, James Martin, W. McDermott, C. Pelly, and G. W. Finlay, Esqrs.

Solicitors, Messrs. Geale and Dwyer, 18, Talbot-street.

To facilitate reference to this List, the following explanation is necessary:—

1. The COUNTIES are arranged *alphabetically*; as are also the UNIONS under each County.

2. Each *paragraph* contains the particulars of *one union*. The name of the Union is given in *small capitals*, and the name of each district in *italics*. The letter P is placed before the *Population*, and the letter A before the *Area* in *Acres*. Then follows the name of the Medical Officer, with the amount of his salary.

3. To a few of the Unions an asterisk * has been prefixed, to signify that the Clerks of such Unions have not replied to the inquiries forwarded to them. For the correctness of the entries so marked, the Editors do not hold themselves responsible.

4. In those cases where the amounts of extras have been given, it may, *as a rule*, be inferred that both medical fees and vaccination charges have been included.

ROYAL WARRANT FOR THE PAY AND NON-EFFECTIVE PAY OF MEDICAL OFFICERS.

"VICTORIA, R.

"Whereas we deem it expedient to revise and amend the regulations for the pay and half-pay of the Medical Officers of our army, our will and pleasure is, that Articles 283 to 298 of our royal warrant of the 3rd February, 1866, and so much of our royal warrant of the 1st October, 1858, as affects the half-pay and retired pay of the said officers, be cancelled; and that, instead thereof, this our present warrant be established and obeyed as the sole authority on the matters herein treated of.

"1. The daily rates of pay of the officers of the Medical Branch of the Hospital Department of our army shall be as follows:—

Medical Staff.	Pay, Daily. £. s. d.	Charge Pay.

"2. Every candidate to be admitted to the competitive examination for a commission as Assistant-Surgeon in our army shall be unmarried, and shall possess such a certificate or certificates as would qualify a civilian to practise medicine and surgery in Great Britain and Ireland; and before receiving a commission shall pass an examination in military medicine, surgery, hygiene, and pathology, after attending the authorized course in a General Military Hospital.

"3. An Assistant-Surgeon shall pass such examination as our Secretary of State for War may require, and shall have served on full pay with the commission of Assistant-Surgeon for five years, of which two shall have been passed in or with a regiment or depôt battalion, before he can be promoted to the rank of Surgeon.

"4. Assistant-Surgeons shall, as a general rule, be promoted to the rank of Surgeon in the order of their seniority in the service, unless unfit for the discharge of their duties from physical or professional incompetence or misconduct. In cases of distinguished service, however, an Assistant-Surgeon may be promoted without reference to seniority; and in such cases, the recommendation detailing the services for which the officer is proposed for promotion shall be published in the General Orders of the Army, and in the *Gazette* in which such promotion shall appear.

"5. A Surgeon, after twenty years' service in any rank, shall be styled Surgeon-Major, but a Surgeon of less than twenty years' full-pay service may be promoted to the rank of Surgeon-Major for distinguished service. The recommendation detailing the services for which the officer is proposed for promotion for distinguished service shall be published in the General Orders of the Army, and in the *Gazette* in which such promotion shall appear.

"6. A Surgeon must have served ten years in our army, with a commission on full pay, of which period two years must have been passed, with the rank of Surgeon, in or with a regiment or depôt battalion, before he can be promoted to the rank of Deputy-Inspector-General of Hospitals.

"7. All promotion from the rank of Surgeon or Surgeon-Major to that of Deputy-Inspector, and from the rank of Deputy-Inspector to that of Inspector, shall be given by selection for ability and merit, the selection being made from the whole rank of Surgeons, whether styled Surgeons or Surgeons-Major; and the grounds of such selection shall be stated to us in writing, and recorded in the office of our Commander-in-Chief.

"8. A Deputy-Inspector-General of Hospitals must have served five years at home, or three abroad in that rank, before he can be promoted to the rank of Inspector-General.

"9. Our Secretary of State for War in cases of emergency may shorten the several periods of service above mentioned, as he shall deem expedient for the good of our service.

"10. Good-service pensions shall be awarded to the most meritorious Medical Officers of our army, under such regulations as shall be from time to time determined by us, with the advice of our Secretary of State for War. Six of the most meritorious Medical Officers of our army shall be named our Honorary Physicians, and six our Honorary Surgeons.

"11. Medical Officers shall have the right to retire on half-pay after twenty years' service; Medical Officers of the rank of Surgeon-Major, Surgeon, or Assistant-Surgeon, shall be placed on the Retired List at the age of fifty-five, and all Inspectors-General and Deputy-Inspectors-General at the age of sixty-five years.

"12. Our Secretary of State for War may, when he shall deem it fit, employ officers of the Medical Branch of our Hospital Department in sundry situations, at such daily rates of pay, in addition to half-pay, as he shall from time to time determine.

"13. A Medical Officer who, having voluntarily resigned his commission, has subsequently been permitted to re-enter the army, shall not, except under very special circumstances to be approved by our Secretary of State for War, be allowed to reckon his former service.

"14. An Apothecary shall have the right to retire on half-pay after thirty years' good service.

"SERVICE ON THE WEST COAST OF AFRICA.

"15. A Medical Officer volunteering for service on the West Coast of Africa shall, in order to come under the provisions of the two following Articles, serve on the Coast for a period of at least twelve months, and shall be governed by the following regulations:

"16. Each year of such service shall be allowed to reckon towards promotion and retirement as two years of ordinary service, but it shall not so reckon towards increased pay, or qualification for the rank of Surgeon-Major. If an Officer shall be permitted, at his own wish, to prolong his stay on the Coast, his further service shall be allowed to reckon in proportion.

"17. For each year's service on the Coast a Medical Officer shall be entitled to a year's leave at home, and for every additional period beyond a year he shall have an equivalent extension of leave.

"NON-EFFECTIVE PAY.

"18. A Medical Officer placed on half-pay by reduction of establishment, or on the report of a Medical Board, in consequence of wounds or ill-health caused in and by the discharge of his duties, or on account of age (under Article 11), shall be entitled to half-pay at the following daily rates:—

		£	s.	d.
Inspector-General	after 30 years' service	1	17	6
" "	" 25 "	1	13	6
" "	" 20 "	1	10	0

"	" 10 "	0	11	0
Assistant-Surgeon	" 10 "	0	10	0
" "	" 5 "	0	8	0
" "	under 5 "	0	6	0

"19. The rate of half-pay awarded to Officers retiring for their own convenience, after twenty years' service on full-pay, shall not exceed one-half of their full-pay at the time of retirement.

"20. Every Medical Officer who shall retire after a service upon full-pay for twenty-five years, shall be granted a rate of half-pay equal to seven-tenths of the daily pay he may have been in receipt of when thus retiring or proceeding on half-pay, provided he shall have served three years in his rank or shall have served abroad for ten years in all ranks, or for five years with an army in the field. An Officer of twenty-five years' full-pay service, whose service falls within neither of these conditions, shall be entitled to only seven-tenths of the daily pay he was in receipt of prior to his last promotion.

"21. A Medical Officer placed on half-pay from any other cause shall be allowed only a temporary rate of half-pay (not exceeding the rates specified in Article 18) for such period and at such rate as our Secretary of State for War shall decide, with reference to the services rendered to the public by such Officer.

"22. Medical Officers of twenty years' full-pay service, placed temporarily on half-pay under Article 21, on account of ill-health may, however, be allowed to retire on permanent half-pay at the rate fixed by Article 18, if after one year on half-pay they shall be reported by a Medical Board to be permanently unfit for further service.

"23. An Apothecary shall be granted pay at the following daily rate, if placed on half-pay by reduction of establishment, or on account of age (under Article 14), or through ill-health, certified to the satisfaction of our Secretary of State for War to have been contracted in and by the service.

"By her Majesty's command,

"J. S. PAKINGTON."

QUALIFICATIONS AND EXAMINATION OF CANDIDATES FOR COMMISSIONS IN THE ARMY MEDICAL SERVICE.

1. Every Candidate desirous of presenting himself for admission to the Army Medical Service must be unmarried, and not under 21 nor over 28 years of age. He must produce a certificate from the District Registrar, in which the date of birth is stated; or, if this cannot be obtained, an affidavit from one of the parents, or other near relative who can attest the date of birth, will be accepted. He must also produce a certificate of moral character, from the parochial minister, if possible.

2. The Candidate must make a declaration that he labours under no mental or constitutional disease, nor any imperfection or disability that can interfere with the most efficient discharge of the duties of a medical officer in any climate.* He must also attest his readiness to engage for general service, and to proceed on foreign service when required to do so.

3. The Candidate must be registered under the Medical Act of 1858 as licensed to practise Medicine and Surgery in Great Britain or Ireland.

4. *Certificates of registration, character, and age must accompany this schedule when filled up and returned.*

5. Candidates will be examined by the Examining Board in the following subjects:—

Anatomy and Physiology, Surgery, Medicine, including therapeutics, the diseases of women and children, chemistry and pharmacy, and a practical knowledge of drugs. (The examination in Medicine and Surgery will be in part practical, and will include operations on the dead body, the application of Surgical Apparatus, and the examination of Medical and Surgical Patients at the bedside.)

The eligibility of each Candidate for the Army Medical Service will be determined by the result of the examinations in these subjects only.

Candidates who desire it will be examined in Comparative Anatomy, Zoology, Natural Philosophy, Physical Geography, and Botany, with special reference to Materia Medica, and the number of marks gained in these subjects will be added to the total number of marks obtained in the obligatory part of the Examination by Candidates who shall have been found qualified for admission, and whose position on the list of successful competitors will thus be improved in proportion to their knowledge of these branches of Science.

Marks will also be given to Candidates who are willing to pass an Examination in French or German.

6. After passing this examination, every Candidate will be required to attend one entire Course of Practical Instruction at the Army Medical School, on—(1.) Hygiene. (2.) Clinical and Military Medicine. (3.) Clinical and Military Surgery. (4). Pathology of Diseases and Injuries incident to Military Service.

7. At its conclusion the Candidate will be required to pass an examination on the subjects taught in the School. If he give satisfactory evidence of being qualified for the practical duties of an Army Medical Officer, he will be eligible for a Commission as Assistant-Surgeon.

---

* His physical fitness will be determined by a Board of Medical Officers, who are required to certify that the Candidate's vision is sufficiently good to enable him to perform any surgical operation without the aid of glasses. A moderate degree of Myopia would not be considered a disqualification provided it did not necessitate the use of glasses during the performance of operations, and that no organic disease of the eyes existed. Every Candidate must also be free from organic disease of other organs, and from constitutional weakness or other disability likely to unfit him for military service in any climate.

8. During the period of his residence at the Army Medical School each Candidate will receive an allowance of 5s. per diem, with quarters; or 7s. per diem, without quarters, to cover all costs of maintenance; and he will be required to provide himself with uniform (viz., the Regulation undress uniform of an Assistant-Surgeon, but without the sword).

9. All Candidates will be required to conform to such rules of discipline as the Senate may, from time to time, enact.

ARMY MEDICAL SCHOOL AT NETLEY.

President of the Senate.—Sir Galbraith Logan, K.C.B., M.D., Director-General Army Medical Department.

Other Members of the Senate.—Sir James Ranald Martin, C.B., Physician to the Council of India; Sir Alexander Armstrong, K.C.B., M.D., Director-General of the Medical Department of the Navy; the Professors of the Army Medical School; the Principal Medical Officer at Netley (*ex-officio*).

Professors.—Deputy Inspector-General T. Longmore, C.B., Military Surgery; Deputy Inspector-General W. C. Maclean, M.D., Military Medicine; E. A. Parkes, Esq., M.D., F.R.S., Military Hygiène; W. Aitken, Esq., M.D., Pathology.

Assistant Professors.—Staff Surg.-Maj. W. A. Mackinnon, C.B., Military Surgery; Staff Surg.-Maj. W. J. Fyffe, M.D., Military Medicine; Staff Surg. F. S. B. F. de Chaumont, M.D., Military Hygiène; Staff Surg. J. D. Macdonald, M.D., Naval Hygiène; Staff Asst. Surg. F. H. Welch, Pathology.

Secretary.—Henrich T. G. Borchert, Esq.

All gentlemen who have been successful in the competitive examinations, held twice a year (February and August) at Chelsea, for appointments in the medical service of the Army, attend subsequently at Netley a course of practical instruction in the duties they will have to perform in the Army. The course lasts four months, after which an examination is held to ascertain the progress made by each candidate. The lectures on Military Surgery include gunshot and other wounds; arrangements for the transport of wounded; duties of Army Surgeons in the field, during sieges, on transports, &c.; and other special subjects. Those on Military Medicine refer to the tropical and other diseases of the British possessions and colonies, and to the losses by disease in peace and war at home and abroad. The lectures on Hygiène comprise all duties relating to the examination of water, air, food, clothing, &c., of the soldier; his duties and exercise, and the circumstances affecting his health; the subjects of meteorology, statistics, and prevention of the principal diseases met with in the Army, on home or foreign service. The lectures on Pathology

have reference principally to the scientific examination of tropical diseases, and of other complaints which the Army surgeon is especially called on to investigate. The candidates also attend the wards of the Hospital to study the diseases of invalids under the Professors of Medicine and Surgery, the system of recruiting, and the modes of keeping the Army medical returns and records. They are also called on to make post-mortem examinations, to operate on the dead body, and pass through courses of practical instruction in the laboratory on the modes of recognising the qualities and adulterations of food, and in the microscopic room on the modes of microscopic examination of morbid tissues and of adulterations of food, &c. During his service at Netley, each candidate receives an allowance of 5s. per diem, and 2s. per diem for lodging money, if quarters are not found him. He wears uniform, attends the medical staff mess, and is under the usual military discipline.

MEDICAL DEPARTMENT OF THE NAVY.

Admiralty Office, Somerset House, London, W.C.

Director-General—Sir Alexander Armstrong, K.C.B., M.D. *Med. Off. at Somerset House*—Dep.-Insp.-Gen. A. E. Mackay, M.D.

QUALIFICATIONS AND EXAMINATION OF CANDIDATES FOR COMMISSIONS IN THE MEDICAL SERVICE OF THE ROYAL NAVY.

24th June, 1871.

The Lords Commissioners of the Admiralty are pleased to direct that the following Regulations, relative to the examination of Candidates for the appointment of Assistant-Surgeon in the Royal Navy, shall in future be adopted:—

1. Every Candidate desirous of presenting himself for admission to the Naval Medical Service must be not under 21 nor over 28 years of age. He must produce a Certificate from the District Registrar, in which the date of birth is stated; or, if this cannot be obtained, an affidavit from one of the parents or other near relative, who can attest the date of birth, will be accepted. He must also produce a Certificate of moral character.

2. The Candidate must make a declaration that he labours under no mental or constitutional disease, nor any imperfection or disability that can interfere with the most efficient discharge of the duties of a Medical Officer in any climate.*

He must also attest his readiness to engage for general service, and to proceed on foreign service when required to do so.

3. The Candidate must be registered under the Medical Act of 1858, as licensed to practise Medicine and Surgery in Great Britain or Ireland, and he must have performed the capital and minor operations of Surgery under a recognised teacher.

4. Certificates of registration, character, and age, must accompany this Schedule when filled up and returned.

5. Candidates will be examined by the Examining Board in the following subjects:—

Anatomy and Physiology.

Surgery.

Medicine, including Therapeutics, the diseases of women and children, Chemistry and Pharmacy, and a practical knowledge of Drugs. (The examination in Medicine and Surgery will be in part practical, and will include operations on the dead body, the application of Surgical Apparatus, and the examination of Medical and Surgical patients at the bedside.)

The eligibility of each Candidate for the Naval Medical Service will be determined by the result of the examinations in these subjects only.

Candidates who desire it will be examined in Comparative Anatomy, Zoology, Natural Philosophy, Physical Geography, and Botany, with special reference to Materia Medica; also in French and German; and the number of marks gained in these subjects will be added to the total number of marks obtained in the obligatory part of the examination by Candidates who shall have been found qualified for admission, and whose position on the list of successful competitors will thus be improved in proportion to their knowledge of these branches of science.

6. After passing this examination, every Candidate will be required to attend one entire Course of Practical Instruction in the Medical School at Netley, on—

(1) Hygiène.

(2) Clinical and Naval and Military Medicine.

(3) Clinical and Naval and Military Surgery.

(4) Pathology of Diseases and Injuries incident to Naval and Military Service.

7. At its conclusion, the Candidate will be required to pass an examination on the subjects taught in the School.

If he give satisfactory evidence of being qualified for the practical duties of a Naval Medical Officer, he will be eligible for a commission as Assistant-Surgeon.

---

* His physical fitness will be determined by a Board of Medical Officers, who are required to certify that the Candidate's vision is sufficiently good to enable him to perform any Surgical operation without the aid of glasses. Every Candidate must also be free from organic disease of other organs, and from constitutional weakness, or other disability likely to unfit him for Naval Service in any climate.

8. During the period of his residence at the Netley Medical School each Candidate will receive an allowance of 5s. per diem with quarters, or 7s. per diem without quarters, to cover all costs of maintenance; and he will be required to provide himself with uniform—viz., the regulation undress uniform of an Assistant-Surgeon, but without the sword.

9. All Candidates will be required to conform to such rules of discipline as the Senate may from time to time enact.

10. After completing three years' Full-Pay Service, Assistant-Surgeons will be allowed to be examined for the rank of Surgeon, but no Assistant-Surgeon can be promoted to the rank of Surgeon until he shall have served five years, two of which must have been in a ship actually employed at sea.

REGULATIONS SHOWING RANK, PAY, AND POSITION OF NAVAL MEDICAL OFFICERS.

1. Assistant Surgeons at Home, after completing their time for examination for the rank of Surgeon, may be granted two months' leave of absence on Full Pay, on condition of their resuming their studies at a Medical School or Hospital.

2. Promotion to the rank of Staff Surgeon is open to Officers for distinguished or special service, although 20 years on Full Pay may not have been completed; such Staff Surgeons will have 16s. a-day Half Pay.

3. Staff Surgeons rank with Commanders, according to date of Commission.

4. The whole time served on Full Pay as an Assistant Surgeon to be allowed to Surgeons to qualify for the rank of Staff Surgeon, provided the examination for Surgeon is passed before the Officer completes 10 years' service, otherwise only 10 years served as Assistant Surgeon will be allowed to count.

5. Staff Surgeons are appointed to the Flag Ships of Commanders-in-Chief on Foreign Stations, with an allowance of 5s. a-day in addition to their established pay.

6. The Hospital Allowances for Naval Medical Officers at Home and Abroad, in lieu of provisions for themselves and servants, and for fuel and light, are as follows:—

	At Home.	Abroad.
	£	£
Inspectors-General of Hospitals	85	130
Deputy Inspectors-General	67	112
Staff Surgeons and Surgeons	53	112
Assistant-Surgeons	39	108

In cases where Medical Officers draw provisions or fuel from public stores, they will be charged for the same at cost price.

7. The travelling allowances, extra pay, lodging money, and compensation for losses, are fixed for Naval Medical Officers according to their relative rank in the Service.

8. Medical Officers have cabins according to their relative rank in the Service, excepting always that the Senior Executive Officer of whatever rank has the one most suitable for his duties.

9. The Full and Half Pay of Naval Medical Officers is in accordance with the following scale:—

ADMIRALTY,
16*th August*, 1870.

INDIAN MEDICAL SERVICE.

REGULATIONS FOR THE EXAMINATION OF CANDIDATES FOR THE APPOINTMENT OF ASSISTANT SURGEON IN HER MAJESTY'S INDIAN MEDICAL SERVICE.

1. All natural-born subjects of Her Majesty, between 22 and 28 years of age at the date of the examination, and of sound bodily health, may be candidates.

2. They must subscribe and send in to the Military Secretary, India Office, Westminster, a declaration according to the annexed form.

This declaration must be accompanied by the following documents:—

(*a*) Proof of age, either by extract from the register of the parish in which the Candidate was born, or by his own declaration, pursuant to the Act 5 and 6 Will. IV., c. 62; such extract and declaration respectively bearing the stamps required by law.

(*b*) A certificate of moral character from a magistrate, or a minister of the religious denomination to which the Candidate belongs, who has personally known him for at least two preceding years.

(*c*) A certificate of registration, in accordance with the Medical Act of 1858, of the degrees, diplomas, and licences possessed by the Candidate.

3. On producing the foregoing qualifications, the Candidate will be examined by the Examining Board in the following compulsory subjects:—Anatomy and Physiology, Surgery, Medicine, including Therapeutics, the Diseases of Women and Children, Chemistry and Pharmacy, and a practical knowledge of Drugs. (The examination in medicine and surgery will be in part practical, and will include operations on the dead body, the application of surgical apparatus, and the examination of medical and surgical patients at the bedside).

4. The eligibility of each Candidate for the Indian Medical Service will be determined by the result of the examinations in these subjects only.

5. Candidates, who desire it, will be examined in French, German, Hindustani, Comparative Anatomy, Zoology, Natural Philosophy, Physical Geography, and Botany with special reference to Materia Medica, and the number of marks gained in these subjects will be added to the total number of marks obtained in the obligatory part of the examination by Candidates who shall have been found qualified for admission, and whose position on the list of successful competitors will thus be improved in proportion to their knowledge of these branches of science.

The subjects for this part of the examination will be taken from the following books:—(1) "Animal Kingdom," by W. S. Dallas, F.L.S. (2) "Outlines of the Structure and Functions of the Animal Kingdom," by Rymer Jones; or "Cours Elémentaire d'Histoire Naturelle," par Milne Edwards. (3) Lindley's "School Botany," Lindley's "Medical and Economic Botany," Henfrey's

"Elementary Course of Botany." (4) "Elements of Natural Philosophy," by Golding Bird and C. Brooke. (5) "Physical Geography," by Mrs. Somerville.

7. The Examiners in London will prepare a list in order of merit, with the marks affixed in the different subjects, to be transmitted to the Director-General and communicated to the Professors of the Army Medical School. If any Candidate is found to be deficient in any particular subject, this shall be stated, in order that he may receive special instruction on the point at Netley.

8. After passing his preliminary examination, every Candidate will be required to attend one entire course of practical instruction at the Army Medical School, before being admitted to his examination for a commission, on—(1) Hygiène. (2) Clinical and Military Medicine. (3) Clinical and Military Surgery. (4) Pathology of Diseases and Injuries incident to Military Service. These courses are to be of not less than four months' duration.

9. At their conclusion, the Candidate will be required to pass an examination on the subjects taught in the School. The examination will be conducted by the Professors of the School.

The Director-General, or any medical officer deputed by him, may be present and take part in the examination. If the Candidate give satisfactory evidence of being qualified for the practical duties of an Army Medical Officer, he will be eligible for a commission as Assistant-Surgeon. The commissions of Assistant Surgeons bear date from the day of joining at the Army Medical School.

10. During the period of his residence at the Army Medical School, each Candidate will receive an allowance of 5s. per diem, with quarters, or 7s. per diem without quarters, to cover all costs of maintenance; and he will be required to provide himself with uniform (viz., the regulation undress uniform of an Assistant-Surgeon of the British Service, but without the sword).

11. All Candidates will be required to conform to such rules of discipline as the Senate may, from time to time, enact.

The persons who shall be pronounced by the Examiners to be the best qualified in all respects will be appointed to fill the requisite number of appointments as Assistant-Surgeons in Her Majesty's Indian Army. Their position on the list of Assistant-Surgeons will be determined by the combined results of the preliminary and of the final examinations, and, so far as the requirements of the service will permit, they will have the choice of Presidency in India, according to their position on that list.

12. All Assistant-Surgeons who shall neglect or refuse to proceed to India under the orders of the Secretary of State for India, within two months from the date of their appointment, will be considered as having forfeited it, unless special circumstances shall justify a departure from this regulation.

13. The physical fitness of Candidates will be determined previous to examination by a Board of Medical Officers, who are required to certify that the Candidate's vision is sufficiently good to enable him to perform any surgical operation without the aid of glasses. A moderate degree of Myopia would not be considered a disqualification, provided it did not necessitate the use of glasses during the performance of operations, and that no organic disease existed.

Every Candidate must also be free from organic disease of other organs, and from constitutional weakness, or other disability likely to unfit him for Military Service in India.

India Office, July, 1872.

Declaration and Schedule of Qualifications, to be filled up by Candidates.

LIVES OF EUROPEANS PROCEEDING TO OR RESIDENT IN INDIA are assured at a moderate addition to the Home rates.

THE SUBSCRIBED CAPITAL OF THE COMPANY IS £5,000,000, OF WHICH £550,000 HAS BEEN PAID UP.

The sums assured under the Life Policies in force with the Company at the close of 1868, when the last actuarial investigation was made, amounted to £3,173,983, and the Life Reserve Fund to more than £943,000 (which sum is exclusive of, and in addition to, the Paid-up Capital and the Fire Reserve Fund), being equal to nearly 30 per cent. of the sums assured, or to more than 10½ times the Annual Life Premium Income. Under the Carlisle Table of Mortality, taking Interest at 3 per cent., the estimated present value of the Liabilities under the said Policies was £762,953.

The total Funds of the Company are over £1,650,000, and the Investments are of the safest description, yielding Interest at an average rate exceeding 4½ per cent. per annum.

In a contract of the nature of Life Assurance, SECURITY should obviously be the first consideration, and it may be confidently asserted that the Policy-holders in the Alliance enjoy the highest degree of security, for besides an AMPLE ACCUMULATED RESERVE FUND, there is the additional guarantee of a SUBSCRIBED CAPITAL of not less than FIVE MILLIONS sterling, coupled with the responsibility of a numerous body of Proprietors.

Whilst the Constitution of the Company has been framed so as to provide the most UNDOUBTED SECURITY, rendering it unquestionable that all engagements entered into under the Policies issued by the Company will be faithfully discharged, however remote may be the event upon which the sums assured become payable, the Policy-holders under the PARTICIPATING SCHEME are now entitled to 80 *per cent.* of the declared divisible Life Profits. Under the NON-PARTICIPATING SCALE, Policies are granted at reduced rates.

Detailed Prospectuses, Proposal Forms, Statement of Accounts, and other papers, may be had on application to

This Society undertakes every description of Life Assurance, and the public will find that the rates of Premium are as moderate as is consistent with perfect security.

TO MINISTERS OF RELIGION.—The Directors of the ARK ASSURANCE SOCIETY OF SCOTLAND, call the special attention of Ministers of Religion to this Office, the Assurance of their Lives being one of its most important features.

It is a well established fact in Life Statistics that, as a body, Ministers of Religion have a marked superiority in duration of Life, and the Directors of the ARK ASSURANCE SOCIETY OF SCOTLAND have had Special Tables computed by one of the most eminent Actuaries of the day for the Insurance of their Lives, on terms much lower than can be accorded to the public at large, and not necessarily incurring any debt on the Policy.

Prospectuses, Forms of Application, and all other particulars may be obtained on application to the General Manager.

Applications for Agencies are invited from Gentlemen for Towns where the Society is not at present represented.

The Clergy and all others qualified to make Assurances upon Life in this Society are informed that Assurances upon Life may be made upon payment of Reduced Annual Premiums, viz., upon payment of "four-fifths" of the rates chargeable according to the Society's Table, *subject to certain conditions*. A Prospectus setting forth the table of reduced rates, and the special conditions referred to, may be had by application at the Office.

Bonus.—The whole available Bonus is the sole property of Life Assurers; no part whatever is taken from it to be shared amongst Proprietors. At the end of every fifth year, profits are equitably apportioned amongst existing Life Assurances. By means of Bonus Five Hundred and Eighty-five of the earlier Life Assurances have been relieved altogether from the payment of Annual Premiums, and additions in almost every case have been made to the sums Assured; £280,000 was divided amongst Life Assurances in May, 1871.

Assurers have the privilege at the time of making an Assurance of selecting the mode in which the Bonus, whenever due, shall be applied, *i.e.*, either in an immediate Cash payment, or to the reduction of the Annual Premium, or to the increase of the Capital sum assured.

Next Bonus in 1876. Assurances made previously to such year will share therein.

ASSURANCES may be effected on LIVES, SURVIVORSHIPS, &c., &c., as stated in the Society's Prospectus, to any amount not exceeding £7,500.

This Society is strictly confined to the Clergy of the Church of England and of the Episcopal Church of Scotland, their Wives and Families, and the near relations of themselves and Wives.

Prospectuses, Bonus Accounts, &c., to be had at the Office, on personal application, or by letter.

REPORT READ AT THE FORTY-EIGHTH ANNUAL GENERAL MEETING HELD ON THE 29TH NOVEMBER, 1872.

THE transactions which it is the duty of the Directors to Report to this Meeting are those of the year ending June 30th, 1872.

The chief event of that period has been the Ninth Division of Profits. It will be remembered that at the Quinquennial Meeting in January last the Directors were able to recommend the declaration of the largest Bonus ever allotted by the Society, and that the share of it which fell to the Assured sufficed for the addition to the Participating Policies of **£323,871,** being on the average **49** per cent. of all the premiums paid on them during the Quinquennial Period, or for a cash distribution equal, to **29** per cent. of the like payments.

It may be interesting now to state that of the 8,038 Policies which shared in the Division, the holders of nearly one-half availed themselves of the facilities offered by the Society for commuting their bonuses. In 1133 cases reductions of premium were accepted, whilst the holders of 2594 Policies elected to take cash payments amounting in the aggregate to £60,193 : 13 : 0, and were thus enabled to test the reality of the Bonus, as well as to apply it to their own uses.

The result has been in the highest degree satisfactory, not only, as was to be anticipated, to those immediately benefited by the Division, but to the public at large, by whom the Directors have every reason to believe the soundness of the investigation, and the simplicity and fulness of the statement by which it was illustrated, have been greatly appreciated.

To this fact, and perhaps also in some measure to a general revival of confidence in Assurance Societies, may fairly be attributed the increase shown in the new business over that transacted during some years past. The New Policies issued in the year were **515** in number, assuring **£275,740**, at annual premiums amounting to **£9,851 : 4 : 9**, being an increase of 85 in the number of Policies, and of £1663 : 9 : 5 in the annual premiums, over those of the previous twelve months.

On reference to the annexed Financial Statements,* it will be seen that, in other respects also, the new Quinquennium has had a most satisfactory commencement. The income (**£247,111 : 3 : 7**) shows a substantial increase, whilst, owing to the favourable mortality, the ordinary expenditure has been unusually light. The extraordinary payments of the year on account of Bonus, amounting to £105,193 : 13 : 0, which are properly a charge on capital, have in consequence been almost met by the surplus of ordinary receipts over ordinary payments, which amounted to the large sum of **£89,292 : 11 : 0**. Large as these extraordinary payments have been, they have thus caused a diminution of only £15,901 : 2 : 0 in the Assurance Fund, which at the close of the year was **£1,810,557 : 8 : 9**.

Much prominence having of late been given to the question of the surrender of Policies, and much misunderstanding as to the usage of Assurance Companies in this respect appearing to exist, the Directors think it useful to illustrate the practice of this Society by a statement of the facts of the past year, during which there has been no change in the mode of dealing with such cases.

By virtue of its returns under Schedule 6 of the "Life Assurance Companies' Act, 1870," the Society is pledged to allow on surrender of whole-term Policies on which three full annual premiums have been paid, not less than **33** per cent. of the total premiums received, Policies granted on unhealthy lives being, for this purpose, treated as though the ordinary healthy rate only had been charged. The actual return made on Policies surrendered during the past year was, on the average, **39** per cent. of the premiums paid for without-profit Policies, and, for with-profit Policies, **43** per cent. exclusive, or **67** per cent. inclusive, of bonus. It will thus be seen that, so far as this Office is concerned, the interests of outgoing are considered equally with those of continuing Policy-holders, and that the Society endeavours to deal justly and liberally with all classes of its Assured.

The next Division of Profits will take place in January, 1877, and Persons who effect **New Policies before the end of June next** will be entitled at that Division to one year's additional share of Profits over later entrants.

Attention is particularly requested to the following important facts resulting from the principles on which the Society was founded in the year 1762, and upon which it has ever since been conducted:—

1. It has never allowed Commission or employed Agents under any circumstances, whereby more than Two Millions Sterling have been saved to the Assured.

2. Being a Purely Mutual Office, the whole of the Capital and Profits belong exclusively to the Assured, *no portion being diverted for dividends to Shareholders.*

3. The invested capital is upwards of £4,000,000.

4. The whole expenses of management average on an average only about 2½ per cent. on the annual income.

5. The Society allows the surrender of its policies at their true value, without any deduction, thereby rendering loss by forfeiture totally unnecessary.

6. Parties residing at a distance from London are assured without requiring their personal attendance at the Office. Assurances can thus be effected without expense, or the intervention of Agents, by direct correspondence with the Office in London.

Income, £140,911: Assets, £875,785.

New Business of 1871—Sums Assured, £343,500: New Premiums, £12,702.

The EXPENSES of MANAGEMENT are now only [illegible] per cent. on the income.

The assured PROFITS are ascertained every Five Years; and NINE-TENTHS of the whole are divided among the Assured. As considerably more than one-tenth of the Profits is derived from Policies which do not participate in the Profits, it will be seen that *the Assured have practically the whole of the Profits of this Society, as a Mutual Assurance Company*, dividing among themselves the whole of the Profits derived from their own Policies.

The PREMIUMS are calculated for every half-year of age.

The Conditions of the Policies allow persons whose lives are insured to reside or travel in any part of the world distant more than 33° from the Equator.

Policies in the hands of third parties are not vitiated by Suicide, or by the life assured transgressing the stipulated limits.

Policies are granted in conformity with the Married Women's Property Act, for the benefit of the Wife and Children of the Assured, which Policies are not subject to the control of Creditors.

The Business of the Society includes the Purchase and the Granting of Loans upon the security of Life Interests and Reversions; also the Granting of immediate Annuities.

The usual Commission allowed to Solicitors on all Policies introduced by them.

The Annual Reports of the Directors are regularly printed, with full accounts of the Receipts and Expenditure, and may be obtained by written or personal application at the Office.

LIFE DEPARTMENT.

Premiums moderate: terms and conditions liberal.

Participating Policy-holders receive every 5 years four-fifths of the Profits realised. Surrender Values given after the payment of only one Premium.

The LIFE FUNDS exceed £1,500,000, invested in first-class Securities.

The LIFE INCOME is nearly £200,000.

The claims paid (without litigation) have exceeded £5,000,000, exclusive of Bonuses. The Expenses of Management average only 10 per cent. on the Premium Income.

Advances are made on Policies which have acquired sufficient value.

Policies are issued for the benefit of the wife of the Assured, or of his wife and children, or any of them, under the "Married Women's Property Act," thus creating a secure family provision without the expense and trouble of Deeds.

FIRE DEPARTMENT.

Insurances against loss and damage by Fire are effected upon nearly every kind of Property at home and abroad.

The annual charge for Insurance on ordinary risks is at the rate of 1s. 6d. per cent.

No expense is incurred on effecting an Insurance, or in transferring Insurances from other Offices, beyond the payment of the Premium.

The Accounts published under the "Life Assurance Company's Act, 1870," and the Company's Prospectus, give the fullest information respecting the state of the Company's affairs, and the terms on which Fire and Life Assurances may be effected.

LIFE ASSOCIATION OF SCOTLAND.

FOUNDED 1838.

LONDON—5, LOMBARD STREET, and 48, PALL MALL.

The Association has two Classes of Policies, A. and B., having distinctive arrangements as regards Bonuses, &c.

The Conditions of the Policies are unusually favourable as regards Indisputability, Non-Forfeiture, Residence, &c. In Class B. the assured may reside or travel in any part of the world.

The utmost protection is afforded under accidental omission or inability to pay premiums; and the Policy-Holder's convenience is met, in as far as possible, by arrangements for postponing payments, by loans to the extent of the value of the Policy, reduction of Assurance to a smaller amount, &c.

Non-Forfeitable Premiums applied to all kinds of Assurances, giving the Policy-Holder the right to discontinue his Policy without loss of payments.

During the Year ending April, 1872, 1889 New Assurances were issued for £832,181. The Revenue was £323,012, and the Accumulated Fund £1,547,476.

Assurance Offices may be classified under two heads :

1st. Those which are conducted solely and entirely in the interests of the **Assurers.**

2nd. Those which are conducted partly for the benefit of the **Assurers** and partly for that of **Shareholders** and **Agents.**

The "**National**" belongs to the first class.

It does not pay Commission, or any equivalent for it, for the introduction of business, and consequently employs no Agents to recommend it.

But it offers great advantages to Assurers in the two points of most importance to them, viz. :—

Safety, which is guaranteed by a Reserve Fund exceeding **£600,000,** being in the unusually large proportion of more than **90 per Cent.** of the whole of the premiums which have been received upon existing Policies ; and

Large Bonuses, the whole of the profits being applied in the gradual reduction and ultimate extinction of the Assurer's premiums.

THE POSITIVE GOVERNMENT SECURITY LIFE ASSURANCE COMPANY, LIMITED, was founded pursuant to Act of Parliament in January, 1870, for the introduction of an entirely new system of Life Assurance, the chief features of which are—

1. Providing Government Securities for Assurances.
2. A Negotiable Promissory Note for each Premium, payable "To Bearer," on the death of the Life Assured, or convertible into cash to the extent of Forty per cent. of the Premiums paid, at any time. Three days after sight, without forfeiting the balance of the sum Assured.
3. *If you only pay one premium, and you never pay another, you are still assured, as long as you live, for the value of your first premium.*
4. *Whatever your occupation may be, whether Soldier, Sailor, Traveller or anything else, you may travel and reside wherever you like without fines, or extra premium or giving notice to anyone, and your* POSITIVE *Life Assurance remains in force.*

THE CAPITAL OF THE POSITIVE IS £500,000.

In Shares of £1 each, represented by Negociable "Share Warrants to Bearer," on being fully paid up, pursuant to Clause 27 of the Companies Act of 1867.

SHAREHOLDERS' ADVANTAGES.

SHARE WARRANTS "TO BEARER."

1. Which are transferable by simple delivery. They pass from hand to hand like Bank of England notes. They represent the Shares, and are issued for sums of £5, £10, £50, £100, &c., to suit the convenience of investors.
2. Shareholders receive Five per cent. per annum on their paid up Capital. This is paid half-yearly, on the 1st January and July in each year.
3. Shareholders also receive Twenty per cent. of the profits periodically, besides the Annual Interest.

THE SOCIETY'S PROFITS.—The entire profits belong to the Assured, and are equitably divided every five years.

ABSOLUTE ASSURANCES.—The Directors invite attention to the new system of Life Assurance by ten, fifteen, and twenty annual payments, each premium when paid, securing an absolute assurance of either a tenth, fifteenth, or twentieth part of the sum assured.

FOREIGN TRAVEL AND RESIDENCE.—Attention is also requested to the extension of limits for foreign travel and residence, as set forth in the Society's prospectus.

PAYMENT OF CLAIMS.—Claims not exceeding £200 are paid as soon as recognised by the Board. Assurances of larger amount are settled within three calendar months after proof of death, satisfactory to the Directors, shall have been given.

INDISPUTABILITY OF POLICIES.—The Policies of the Society are, and always have been virtually indisputable; no Policy will be voided by error in the age stated, nor by any unintentional misstatements in the proposal and declaration.

Medical men are remunerated for their Reports by the Society.

Forms of Proposal, Prospectuses, and every information may be obtained on application at any of the Society's Branches or Agencies throughout the United Kingdom.

FIRE.—Insurances effected at moderate Rates on Houses, Manufactories, Rents, Furniture, Farming Stock, and Shipping in Port or Dock, or whilst building. Losses promptly and equitably arranged.

LIFE.—Policies granted at half Premium Rates for the first five years, without any debt accruing against the Policies.

Policies granted on a Ten-payment System, under which, after payment of ten annual Premiums, no further Premiums are required.

Policies granted on the Ten-payment System are not forfeited by non-payment of Premiums, as *Paid up Policies* are granted proportionate to the number of annual Premiums that have been paid, when the Assured wish to discontinue payment of further Premiums.

Policies granted at Rates nearly as low as the non-participating Rates of other Companies, under which the Assured, after living out their expectation of life, will be entitled to have nine-tenths of their annual Premiums added to their Policies as bonus.

Endowment Policies and every other description of modern improvement in Life Assurance provided for by this Company.

Medical men are remunerated for their Reports by the Company.

N.B. The Ten-payment System of this Company allows professional men to make a large provision for themselves or for their families during the most prosperous period of their career.

THE CORPORATION OF THE

SCOTTISH PROVIDENT INSTITUTION,

No. 6, ST. ANDREW SQUARE, EDINBURGH.

LONDON, 18, KING WILLIAM ST., E.C. DUBLIN, 16, COLLEGE GREEN.

As regards ECONOMY, SAFETY, and EQUITY—three most important elements in the constitution of a Life Assurance Office—a comparison will show that this Institution holds a very advantageous position.

The PREMIUMS are on so moderate a scale, that at early and middle ages an assurance of £1200 or £1250 may be secured from the first for the same yearly payment which would elsewhere assure £1000 only.

The whole SURPLUS (or profit) is divided among the Assured. The valuations for its ascertainment are made on a cautious estimate of mortality, and at a rate of interest considerably lower than is realized. And in its apportionment the safe and equitable rule is adopted, that those only share who have paid in premiums, with compound interest, a sum equal to their original assurance—no share being given to those by whose early death there is in fact a *loss*.

The effect of thus reserving the whole surplus for the survivors (who will, however, comprise more than half the members) is, that their shares are necessarily greater than by the usual mode of division. And in this way policies which have shared at three septennial investigations have been increased from £1000—to £1400, £1600, and even in some cases to £1800.

The amount of the ACCUMULATED FUNDS—above £1,970,000—is larger (notwithstanding the lowness of the premiums) than that of any Office of the same age in the Kingdom. In the last three years the Funds have increased by upwards of £400,000.

The ADMINISTRATION has throughout been liberal. In regard to SURRENDERS, freedom from grounds of forfeiture, and liberty of residence abroad, the rules are framed solely in the interest of the members—there being in fact no conflicting interests.

Full STATEMENTS of PRINCIPLES will be found in the Annual Reports.

LIFE DEPARTMENT.—Quinquennial Investigation.—*The result of the Quinquennial Investigation, as at 31st of January,* 1872, *showed in the Participation Branch a surplus of* £75,459 17*s.* 5*d.*, *of which the sum of* £67,584 10*s.* 3*d. was divided among the Policies then in force belonging to that Class. Vested Bonuses*, ranging from £1 to £1 10s. per cent. per annum on the sum assured, were declared on such Policies, together with a Prospective Bonus at the rate of £1 per cent. per annum on such of these Policies as may become claims by death before next Investigation for every full year for which Premiums may have been paid thereon. The Valuations were based on the Carlisle Table of Mortality, and the rate of interest assumed was 3½ per cent.

THE NET OR PURE PREMIUMS HAVE ALONE BEEN DEALT WITH, AND THE LOADING, AMOUNTING TO £22,052 1s. 10d. PER ANNUM, HAS BEEN RESERVED, IN ACCORDANCE WITH THE PRACTICE OF THE COMPANY, TO MEET FUTURE CHARGES, AND TO FORM A SOURCE OF PROFIT FOR NEXT INVESTIGATION.

Funds.—THE ACCUMULATED FUNDS, AS AT 31st JANUARY, 1872, AMOUNTED TO **£790,282 7s.** The value of the Securities taken at the market price of the day (31st January, 1872) showed a considerable increase upon the prices at which they stood in the Books of the Company.

The average rate of interest was £4 10s. 4d. per cent.

BONUS YEAR 1873.

THE SCOTTISH WIDOWS' FUND

(MUTUAL)

LIFE ASSURANCE SOCIETY.

HEAD OFFICE—9, ST. ANDREW SQUARE, EDINBURGH.

Since 1815

POLICIES have been issued for TWENTY MILLIONS,

AND IT IS MOST IMPORTANT TO OBSERVE

That this Business is not the result of amalgamation with other Offices, but has been obtained by direct transaction with Individual Members, whose eligibility has in every case been tested by Medical Examination, and approved of by the Directors. By this careful management, the Society has steadily advanced to a position of great prosperity. While every Claim has been met, there is in hand now to meet future contingencies

An Accumulated Fund Exceeding FIVE MILLIONS Sterling.

It may be mentioned that this Assurance Fund is the largest possessed by any Office in the country. This fact alone, even to those who have but little familiarity with the accounts of public companies, must be sufficient evidence that the Policy-holders of the Society enjoy in a high degree that SECURITY which should be the first consideration in the selection of an Office. After Security, attention should be directed to *Economy* and *Profitableness*. In these respects, the Members of the SCOTTISH WIDOWS' FUND derive great advantage from its Mutual Constitution. There being no Shareholders, the Funds are not burdened with the payment of Dividends.

THE POLICY-HOLDERS share among them the WHOLE PROFITS.

The Divisions take place every seven years, and each Policy-holder receives his share in the form of a Bonus addition to the sum assured. These Bonuses are calculated not only on the original sum assured, but on previous Additions as well ; and thus good lives, who long continue to pay into the Fund, receive an increasing share of profit, while those who die early are not deprived of a fair participation.

AT THE LAST INVESTIGATION

THE CASH SURPLUS DIVIDED AMONG THE POLICY-HOLDERS EXCEEDED

EIGHT HUNDRED THOUSAND POUNDS.

Assurances effected

BEFORE 31st DECEMBER, 1873,

Will participate in

THE PROFITS OF THE CURRENT SEVEN YEARS,

This Association offers to Assurers the security of an ample Guaranteed Capital, in addition to a large Fund accumulated by the investment of the Premiums received.

The Rates of Premium are moderate and the conditions of Assurance liberal.

Eighty per Cent. of the Profits of the Association are divided every Five Years.

The Profits may either be received in Cash, or a Bonus added to the Policy, or a reduction made in all future Annual Premiums.

At the Division of Profit declared 20th February, 1872, on the business of the Association for the Five Years ending 31st December, 1871, Reversionary Additions were made to the sums assured of **50** per cent. and under (according to the Age of the Life Assured) on the Premiums paid on the Policies since the Division of 1867.

The Stamp Duty on Life Assurance Policies is paid by the Office.

Immediate, Deferred, and Survivorship Annuities granted upon favourable terms.

Policies granted in conformity with the provisions of "The Married Women's Property Act, 1870," by which the sums Assured are secured for the benefit of the wife, or wife and children of the Assured, are not subject to the control of the husband or his creditors.

Every information on the subject of Life Assurance can be obtained on application at the office, or to any of its Agents. **EDWARD CUTBUSH, Actuary.**

Students enjoy the advantages of a Reading-room, Museum, and Lending Library.

There is accommodation in the Hospital for two Medical and six Surgical Resident Pupils as Dressers. Fee, £21, including Hospital Certificate.

Comfortable Lodgings may also be procured in the vicinity of the Hospital (five minutes' walk from Phœnix Park), of which a Registry is kept by the Resident Surgeon. Parents and Guardians have thus an opportunity of placing the Pupil under the supervision of one of the Surgeons or the Chaplain of the Hospital. Some of the Lecturers receive Pupils to reside in their families.

SPECIAL PRIVATE CLASSES are held for the preparation of Gentlemen for the Licensing Bodies and Competitive Examinations.

SENIOR MIDDLE and JUNIOR EXHIBITIONS will be awarded at the end of the Session to those whose answering exhibits general proficiency in every branch of their professional studies.

There will also be Prizes for the best reports of Cases which have occurred in the Hospital during the Session.

TWO MIDWIFERY ASSISTANTS are each year (month of November) selected by Competitive Examination—Salary, £30 per annum.

The DISSECTING ROOMS, which are most spacious and well ventilated, open on 1st Monday in October, for Practical Anatomy. The Lecturers and Demonstrators attend unremittingly throughout the day, to assist the Student in this most important pursuit, for which unusual facilities exist.

The Sessional Courses of Lectures commence on the first Monday in November.

Fees—Hospital, £7 7s. ; Lectures, £3 3s. ; each Course—perpetual to all Educational Courses required by Colleges, Halls, and Public Service, 75 Guineas, payable in two instalments.

REGULATIONS AS TO THE TRAINING OF HOSPITAL NURSES AT ST. THOMAS'S HOSPITAL.

1. Candidates should apply to Mrs. WARDROPER, the Matron, at St. Thomas's Hospital, subject to whose selection they will be received into the Hospital as Probationers. The age considered desirable for Probationers is from 25 to 36, single or widows; a certificate of age and other information according to the form which will be supplied by Mrs. WARDROPER will be required. Gentlewomen are admitted who desire to qualify themselves for Matrons, Superintendents, or Hospital Sisters.

2. The Probationers will be under the authority of the Matron of the Hospital, and will serve for one year as Assistant Nurses in the Wards.

3. Free Probationers will be supplied with separate lodging in the Hospital, with board and washing, and with a certain quantity of outer clothing, and they will be paid a sum of £10 during the year.

4. At the close of a year their training will be complete, *and they will be required to enter into service as Hospital Nurses in such situations as may be offered to them.*

Candidates are received on the usual quarter days, if there are vacancies. Applications should be made personally to Mrs. WARDROPER, *St. Thomas's Hospital, London, S.E.*, between 10 and 12 A.M. on Monday, Wednesday, or Friday. The Regulations may be obtained by writing to the Secretary of the Nightingale Fund, 91, Gloucester Terrace, Hyde Park, W.

DRIFFOLD HOUSE,

SUTTON COLDFIELD, WARWICKSHIRE,

GEORGE FOWLER BODINGTON, M.D., M.R.C.P., F.R.C.S. (Exam.), &c.,

Proprietor and Medical Superintendent.

Driffold House has been carried on as an Asylum for thirty-five years and three-quarters by Dr. G. F. Bodington and his father; but the Estate on which it stands being required for building purposes, the old House is now closed and the Asylum transferred to Ashwood House, which offers very superior advantages for the accommodation, treatment, and comfort of Patients.

The following extract is from the last Report of the Lunacy Commissioners [*July*, 1872], *touching the management and condition of* Driffold House :—

"Driffold House, Sutton Coldfield, near Birmingham, is now very judiciously managed, and uniformly satisfactory account has been given lately of the accommodation and the treatment of its patients of both sexes . . . . . all of them receiving much attention and kindness from Dr. Bodington's family."—*26th Annual Report of the Commissioners in Lunacy*, p. 44.

Ashwood House is in the county of Stafford, close upon the borders of Worcestershire. It is situated upon an elevated spot, commanding extensive views. The soil is sand and gravel, has excellent natural drainage, and is very dry. The gardens and grounds are large, well planted with shrubs and ornamental timber, private and picturesque. The climate is genial and the locality healthy. The country around is secluded and quiet, and the scenery charming.

PRIVATE HOUSE OF RETIREMENT,

(FOR THE RECEPTION OF INSANE PERSONS OF BOTH SEXES,)

DUNNINGTON HOUSE, NEAR YORK.

This Establishment is in a retired and healthy situation, about four miles from York. Its domestic comforts, gardens, and pleasure-grounds attached, render it equal to any other Establishment in the kingdom. The Patients are under the immediate superintendence of Mr. and Mrs. HORNBY, and partake of all the enjoyments of a domestic life. The amusements are varied and numerous. The Billiard Table and Bowling Green afford ample exercise for those whose unhappy situation renders walking or riding exercise from home improper. The house is attended by an eminent Surgeon, *but the friends of any Patient may make their own choice of a Medical Adviser when occasion requires.* Patients attended from their own residences, travelling expenses only charged. The terms will vary according to the accommodation required.

CORBAR HILL HOUSE, BUXTON,

DERBYSHIRE.

RESIDENT PROPRIETOR . . . MR. THOMAS DICKSON.
PHYSICIAN . . . . . DR. F. KENNEDY DICKSON.

An Establishment for the reception of a select number of persons suffering from the effects of **ALCOHOLIC ABUSE**, and from other **MALADIES OF A LIKE NATURE** requiring **MEDICAL OR HYGIENIC TREATMENT.**

CORBAR HILL HOUSE stands on the southern slope of Corbar Hill, one of the most beautiful eminences in the neighbourhood of Buxton, and from its elevated position, its invigorating mountain air, and the dryness and porous nature of its soil, combines every natural essential for the maintenance of health and its recovery when impaired.

It is a private mansion, with large and elegantly-furnished rooms, heated throughout with hot water, and containing every modern improvement for comfort and health. The situation is peculiarly favourable, being completely sheltered from the north and east winds. The grounds are extensive, richly wooded, and laid out in a series of walks commanding splendid views over many miles of picturesque scenery.

Every provision is made for the comfort and amusement of the inmates. A spacious and well-appointed billiard-room; ample means for the pursuit of musical and other artistic tastes; extensive lawns for croquet, archery, and other out-door games; large fruit and flower gardens, affording every facility to those interested in horticulture to follow their favourite tastes; as well as an extensive range of conservatories, connected by a verandah, the whole forming a covered promenade of nearly 200 feet, with a southern aspect, for exercise in wet weather. Carriage exercise is provided for those who may require it, and there is ample stabling and coach-house accommodation for those who may prefer using their own horses and conveyances.

From the large amount of success which has heretofore been met with in the treatment of the particular classes of cases for the reception of which Corbar Hill House is specially designed, the Proprietor feels every confidence in now offering to the afflicted the comforts and advantages of a well-regulated, completely equipped, and first-class House, in conjunction with the most recent and improved modes of Medical and Hygienic Treatment.

For terms and other particulars address the Proprietor.

WYE HOUSE ASYLUM, BUXTON,

DERBYSHIRE.

AN ESTABLISHMENT FOR THE CARE AND TREATMENT OF THE INSANE OF THE HIGHER AND MIDDLE CLASSES.

Resident Physicians—Dr. Thomas Dickson, Dr. F. K. Dickson.

Chaplain—Rev. S. R. Eddy, Vicar of Buxton.

Erected in 1861 *by* HIS GRACE THE DUKE OF DEVONSHIRE.

This Institution has been established for the reception of Patients of **BOTH SEXES** of the Higher and Middle Classes, for whom it is admirably adapted by its position and appointments.

It is erected on an eminence surrounded with scenery of the most varied character, and the views from the House and Terraces extend over many miles of picturesque country.

The House is furnished throughout on the most liberal scale, and fitted up and arranged to resemble as much as possible that of an ordinary dwelling-house with Bath-rooms and every necessary convenience.

Every exertion is made to promote health and comfort both by moderate bodily employment and by variety in amusements, such as reading, music, drawing, excursions, fishing, billiards, &c. &c. &c.

A Library is provided, containing works of an instructive and amusing character, suited to the condition of the Patients; also Periodicals, Magazines, and Newspapers.

Due provision is made for the spiritual welfare and consolation of the Patients, and Divine Service is held every Sunday at 4 P.M. in the Chapel attached to the Institution by the Rev. S. R. Eddy, Vicar of Buxton.

The Pleasure Grounds, which are very spacious, have been laid out in the most tasteful manner, especially for the recreation of the Patients; and contain a Conservatory, Lawns for Croquet and other out-door games, also a Billiard-room and Workshop for the in-door occupation of the Patients.

The House is heated throughout by means of hot-water apparatus, and is well and thoroughly ventilated.

Buxton is situated on the Mountain Limestone Formation, at an elevation of 1000 feet above the level of the sea, and is accessible by railway from Manchester and Liverpool by Stockport, or by the Great Northern and Midland Railways *viâ* Ambergate and Derby. It is also connected by Telegraph with all parts of the kingdom.

Particulars of Terms and Forms of Admission can be obtained on application to the Resident Physicians.

DINSDALE PARK, NEAR DARLINGTON.

As a residence for Mental Invalids, Dinsdale Park Retreat was successfully carried on for fourteen years by Dr. Mackintosh, and in 1869 Dr. Eastwood succeeded him in the charge of the establishment. The house has always maintained a high character, and is eminently well adapted for patients of the higher and middle classes. Its southern aspect and elevated situation on the Durham side of the River Tees, overlooking a large portion of the North Riding of Yorkshire and the varied scenery of the Cleveland Hills, render it at once a healthy and cheerful residence. Attached to the mansion are more than one hundred acres of land, of which a considerable portion is laid out in gardens and pleasure-grounds. The neighbourhood has become proverbial for its beauty and salubrity. The house is well arranged for both ladies and gentlemen, and is peculiarly adapted to the requirements of invalids of the highest classes, having suites of apartments for special use if desired.

Carriage exercise, Archery, Bowls, Croquet, Billiards, Bagatelle, Daily and other Newspapers, Periodicals, Books, and Musical Instruments are provided, whilst amusement and occupation are obtained on the farm and in the gardens.

Dr. Eastwood has had great experience in the treatment of mental disorders and in the care of the insane. Dr. and Mrs. Eastwood endeavour to promote, in every possible way, the early recovery of the patients, and to give them a comfortable and cheerful home.

For forms of admission and for further particulars, application may be made to Dr. Eastwood, Dinsdale Park, Darlington.

The Parliamentary Gazetteer of 1843 *has the following Description by* Sir George Head :—

"The house is a spacious, well-built mansion, lately erected by the Earl of Durham, embellished with lawn and pleasure-grounds, situated on an eminence commanding a magnificent view over the broad vale of Cleveland as a foreground, and in the distance bounded by the Yorkshire mountains. Immediately below, the River Tees, almost equal in beauty to the Thames at Richmond, forms an ample and graceful bend; and on its hither bank plantations afford a retired and shaded walk nearly two miles in extent. The walks through the fields and woods in the neighbourhood of Dinsdale are as beautiful as can be imagined, combining a splendid distant prospect with a home picture of rural retirement."

ESTABLISHED 1830.

A Retreat for the Medical Care of the Insane.

FOR TERMS AND THE NECESSARY FORMS APPLY TO

WM. GARBUTT, *Proprietor.*

EFFRA HALL, NEAR THE CHURCH, BRIXTON, S.

THREE MILES FROM THE BRIDGES,
AND FIVE MINUTES' WALK FROM THE BRIXTON STATION ON THE LONDON, CHATHAM, AND DOVER LINE.

For the Care and Recovery of Nervous, Epileptic, and Insane Ladies.

Established at Cowper House, Old Brompton, 1825, for Private Female Patients only.

PROPRIETOR—MR. CYRUS ALEXANDER ELLIOTT.

RESIDENT PHYSICIAN—WARREN HASTINGS DIAMOND, M.D.

LADY SUPERINTENDENT—Miss Leech. SECRETARY AND DISPENSER—Miss E. Leech.

The House, surrounded by its Lawn, walled-in Gardens, Meadow, and Orchard of five acres, has long been admitted to be one of the most beautiful and secluded residences in this well-known healthy locality, proverbial for its pleasant walks and varied scenery. The greatest care has been taken to render this an Establishment for Recovery, and a Domestic Home rather than an Asylum in the general acceptation of the term; and being exclusively for the reception of Females, a greater extent of liberty and recreation is available than can possibly be obtained in houses where both sexes are admitted.

The Faculty and the friends of Patients are invited to view, in Effra Hall, the arrangements expressly made for the various forms of Mental Disease, which have by experience been found to assist so materially in its Medical and Moral Treatment, by affording Classification to the Insane, Quietude to the Nervous, and to the Epileptic those accommodations which are so particularly required. The number of recoveries in this Establishment has not been exceeded by any other, and restraint is not nor has been used in any case.

Those patients whose cases permit are allowed (accompanied) to walk and ride into the country, and attend Divine Worship; and if change of air is considered requisite, will, by the request of their friends, and consent of the Commissioners, be sent to the Establishment on the sea-coast. The Proprietor has a cottage always in readiness for a case not admissible into an asylum.

Omnibuses pass Effra Hall every five minutes from the City and Oxford-street.

The Brixton Railway Station, in connection with all the Suburban Railways, is close to Effra Hall.

For Terms and Attendants, or other particulars, apply as above.

PLYMPTON HOUSE ASYLUM, NEAR PLYMOUTH,

Is an Institution for the care and Medical Treatment of the Insane of Both Sexes of the Higher and Middle Classes, under the direction of Dr. Charles Aldridge, who was for several years Resident Assistant Physician to the West Riding of Yorkshire Lunatic Asylum, where nearly 2000 cases of Insanity pass under treatment during the year.

Plympton House, which has been established for upwards of half a century, is a fine old country mansion, pleasantly situated in the midst of its own extensive Lawns, Gardens, Shrubberies, and Pleasure Grounds, which are all used for the recreation of the Patients.

The surrounding country, extensive views of which can be obtained from all the windows, is of a most beautiful and picturesque description, and the proximity of the House to the Sea, together with the well-known character of the climate of South Devon recommend this Asylum as a proper residence for Insane persons who are the subject of pulmonary diseases, or otherwise in delicate health.

A Library is attached to the Institution, containing works of an entertaining and amusing character, also various periodicals, magazines, and newspapers.

Divine Service is regularly performed, and such Patients as are able attend the village church. Constant Medical Supervision is insured by the Physician-Proprietor residing in the House, and the Establishment is made as much like a home as possible by the Family mixing freely with the Patients, and by dining with them. Illustrated Prospectus sent on application.

WESTERMAINS HOUSE, KIRKINTILLOCH,

A PRIVATE INSTITUTION FOR THE TREATMENT OF LADIES (EXCLUSIVELY) SUFFERING UNDER THE MILDER FORMS OF MENTAL DERANGEMENT, AND THOSE OF INTEMPERATE HABITS.

Under the Superintendence of Mr. and Mrs. Lawrie.

Visiting Surgeon—D. P. Stewart, Esq., M.R.C.S. Eng.

This Institution stands in a retired and beautiful situation in the outskirts of the town of Kirkintilloch. It commands an extensive and delightful view, and is within easy access from Edinburgh and Glasgow, the latter city being distant only seven miles. The house is fitted up with every domestic comfort and convenience, and is well adapted for the care and treatment of Ladies suffering from the milder forms of Mental Disease, and those of Intemperate Habits.

The following are Extracts from the recent Reports of Sir James Coxe, *and* Dr. Arthur Mitchell, *Commissioners in Lunacy:—*

"17*th May*, 1872.—Since the visit of 29th July, the Asylum has passed into the possession of Mr. and Mrs. Lawrie, who were formerly Superintendent and Matron of Garngad Asylum. Mrs. Lawrie was trained under Dr. Skad, of the Royal Edinburgh Asylum, and has had much experience in the treatment of the Insane. The management is, as much as possible, that of a private family. Nearly all the patients take their meals at the same table with Mr. and Mrs. Lawrie, and the day is spent in the usual routine of home occupations.

"James Coxe, *Commissioner in Lunacy.*"

"10*th July*, 1872.—There are at present fourteen Ladies under care in this Institution. The aspect of the Establishment is very much that of a gentleman's private residence, and the fact of its being an Asylum is made to appear as little as possible in the management. This Institution affords excellent accommodation for Ladies, and there is every reason to believe that they are treated with kindness and consideration by Mr. and Mrs. Lawrie. Their medical treatment continues to be well directed by Dr. Stewart.

"Arthur Mitchell, *Commissioner in Lunacy.*"

Further information may be obtained on application to Mr. Lawrie, *Superintendent.*

CHLORODYNE.

IMPORTANT CAUTION.

The published statement that Chlorodyne having obtained such Universal celebrity it can NOW SCARCELY be considered a specialty is calculated to mislead the public.

J. T. DAVENPORT therefore begs to state that Chlorodyne has baffled all attempts at analysis, the published formulæ differing widely; hence the statement that the composition of Chlorodyne is known is contrary to fact.

The universal celebrity of Chlorodyne is the greater reason that the Public should be supplied with the Genuine, not a justification for the sale of a spurious compound.

The word "Chlorodyne" is a fanciful name applied by Dr. J. Collis Browne to his discovery, and the formula confided to J. T. Davenport only.

The following is an extract from the decision of the Vice-Chancellor in the late Chlorodyne Chancery suit, BROWNE and DAVENPORT *v.* FREEMAN :— Vice-Chancellor Sir W. P. Wood stated that Dr. J. Collis Browne was undoubtedly the inventor of Chlorodyne, that the statements of the defendant Freeman were deliberately untrue, and he regretted to say that they had been sworn to. Eminent hospital Physicians of London stated that Dr. J. Collis Browne was the discoverer of Chlorodyne; that they prescribe it largely, and mean no other than Dr. Browne's.—See *The Times*, July 13th, 1864.

"THE WATER WE DRINK."

MESSRS. BURROW invite the attention of the Medical Profession to the singular purity of the Malvern Springs, of which they are the Proprietors and Lessees. The whole Mineral Constituents range from three to six grains only per gallon.

Where local water supplies are bad, or of *doubtful* quality, and it is of importance to INSURE purity and freedom from Organic Matter, the Water from the Syenitic Rocks of Malvern may be confidently relied on. (See Analysis.*)

These are the Springs at which the well-known "Malvern Seltzer" and Malvern Soda, Potash, and Lithia Waters are prepared, and these aerated waters are quite unrivalled for purity and delicacy.

---

* Copy of Analysis, Descriptive List of the Waters, and Prices are forwarded, free, on application to Messrs. Burrow, at the Malvern Waters Depôt, and samples may be had. (Six dozens, or more, of any of the Waters are delivered, CARRIAGE FREE, to any Railway Station in England or Wales.)

MALVERN WATERS DEPÔT,

GREAT MALVERN.

W. & J. BURROW, *Proprietors.*

N.B.—The Bottlings of the PURE SPRING WATER (in Stoppered Wine Quarts) are always fresh, to order.

The demand for the AERATED MALVERN WATERS is constant, and the Bottlings are continuous throughout the year.

The Waters are sent out in Bin Cases, so that no "unpacking" is necessary, and all dust and trouble are thus avoided.

PORTABLE SUBSTITUTES FOR THE ALKALINE AND CHALYBEATE SALINE SPAS.

DAVIES'S ALKALINE SALINE.

Antacid, Alterative, and Aperient, according to the Dose.

This elegant preparation forms an agreeable and refreshing Saline draught, and from its unique properties of becoming Alkaline during effervescence (not from any excess of Alkali, but produced by double decomposition); it is invaluable as an Antacid, and far superior to either Soda, Potash, or Seltzer Water, for Acidity, Indigestion, Nausea and Bilious Headache. Being portable, it has great advantages over Vichy, Pullna, Friedrickshall, and other Alkaline and Saline waters, as an Aperient for Constipation, and an Alterative for Bilious Constitutions, Gout, Skin Diseases, and Impurities of the Blood.

DAVIES'S CHALYBEATE SALINE.

An agreeable form of taking Iron, and highly recommended for Anæmia, attended with General Debility and Constipation.

From Dr. BROWN, Haverford—"Your salines are as pleasant as they are valuable."——Dr. CHATER, Tenby—"I consider your Salines most useful and valuable."—See BRITISH MEDICAL JOURNAL, Nov. 23, 1872.

In bottles 1s. 6d. & 2s. 6d. each. Prepared only by M. P. DAVIES, Pharmaceutist, Tenby. To be obtained through any Chemist, and all the Wholesale London Houses.

BEER IN BOTTLE.

WHITBREAD & Co.'s

LONDON COOPER, STOUT, AND ALES.

OPINIONS OF THE MEDICAL PRESS.

"To get a good sound beer in bottle we want two things—*absolute cleanliness* and good material—to begin with. We lay especial stress on the former, for it is that, simple though it be, which is too often neglected. And if you put ever so good beer in dirty bottles, the result will be the reverse of satisfactory. We have been induced to make these observations *apropos* of certain specimens of bottled beer submitted to us. The beer is Whitbread's, and it is bottled by Mr. Robert Baker, of 277, Gray's Inn Road, W.C. We have since visited the bottling premises, and can say this, that there cleanliness rules and reigns. And the product is good ; the beer fairly tested is excellent. Six kinds of beer altogether are bottled. Two of these—the extra stout and old ale—are very fine ; but it is of the former we mainly desire to speak. It has often been our desire to prescribe stout for a patient who could digest it, and we had only Guinness's to fall back upon. Now, without derogating for a moment from the admirable qualities of the Dublin product, we can obtain here in London a beer—if you know where to go for it—which, in the estimation of many, is far superior. Such a beer we have frequently desired to obtain in bottle, but never could until we came across this, which is Whitbread's best, duly matured in wood and bottled with all proper precautions when fully ripe. This beer we can fully commend to our readers, though even the inferior quality—ordinary stout—is very much better than that usually obtainable. The price too is most moderate : the ordinary stout is sold retail at the rate of threepence per pint ; the extra stout costs a halfpenny more. It is, moreover, to be noted that the bottles are all imperial pints, no 'reputed' measures being used. We should say, 'Give it a trial.'"—*Medica Times and Gazette*, June 1, 1872.

"We have received samples of several varieties of malt beverege—as pale ale, family ale, and strong ale, London cooper and extra stout—from Messrs. Whitbread and Co.'s stores, 277, Gray's Inn Road. These beverages, being bottled on their own premises, possess a guarantee of genuineness that has long been desired, and is worthy of recognition. We have so far tested the samples as to be in a position to pronounce an opinion upon them. We believe them to be perfectly genuine, well-brewed, and of excellent quality. They are free from acidity, well up, and in first-rate condition."—*The Lancet*, March 16, 1872.

"Dr. Paul, the principal English authority on this subject, says—'I have examined the six samples of bottled beer received from Mr. Baker, of Gray's Inn Road. All these samples were of excellent quality, and the original gravities of the worts from which they were brewed showed that the full proportions of malt had been used in each. The pale ale was remarkable from being almost wholly destitute of acid, and on this account would probably be especially adapted for invalids.'"—*British Medical Journal*, March 9, 1872.

CADBURY'S COCOA ESSENCE.

CADBURY'S COCOA ESSENCE (Registered) is now taken by thousands as a light and invigorating beverage, who could not before take prepared Cocoa, owing to its being too thick and heavy.

It consists solely of fine Cocoa Nibs, with the EXCESS of fatty matter extracted, and is consequently three times the strength of the prepared Cocoas so largely advertised, which often disagree with dyspeptic and delicate constitutions.

"Those who wish for Pure Cocoa in a convenient form should obtain the Cocoa Essence."—*Nature*, October 20th, 1870.

"Cocoa treated thus will, we expect, prove to be one of the most nutritious, digestible, and restorative of drinks."—*British Medical Journal*, July 20th, 1867.

CADBURY'S MEXICAN CHOCOLATE

Is guaranteed to consist solely of the finest Cocoa and Sugar, slightly flavoured with Vanilla. Great care has been taken in its preparation, so that it may be depended upon as the best Chocolate, used either as a confection or as a beverage.

OBSERVE.—*When Cocoa thickens in the cup it proves the addition of Starch.*

WATERPROOF TRANSPARENT ISINGLASS MEMBRANE PLASTERS.

Now patronized by Mr. Liston's successor, Mr. Quain, in his hospital and private practice; patronized likewise by Sir W. Fergusson, Bart., Surgeon of King's College Hospital, Mr. J. M. Arnott and Mr. Wormald, of Bartholomew's Hospital. Used for Amputations and other serious wounds requiring observation without exposure to the air.

F. L. P. begs to state there are two qualities, and it is particularly beneficial for Spinal complaints, Ruptures, or any weakened part; likewise for Burns or Scalds, will remove the pain in a very short time. Also, a defensive Skin, to apply between the wound and the lint, and causes less pain in dressing. Likewise a superior Gauze Lisse, of the same adhesive properties as the Membrane. Also, superior Tinted Court Plasters, and Tinted Gold-beater's Skin, by the yard and in cases.

F. L. P. offers his most grateful thanks for the encouragement and kind patronage he has received from the Medical Gentlemen of England and foreign parts, and hopes to merit a continuance of their favours by manufacturing his Plasters with the same unremitting care as heretofore.

F. L. P. begs particularly to introduce to the surgeon-dentist, for tender gums, a delicate Plaster, that will adhere to the gold or ivory, and at the same time heal and protect the gums from pressure.

May be had of the Proprietor, 183, Walworth-road, Surgical Instrument-maker, Chemist, &c., with improved directions how to apply.

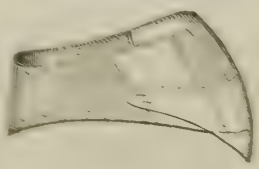
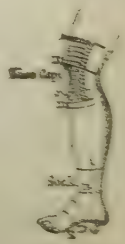
SHOOLBRED and CO. beg permission to call the attention of the Profession to the improvements they have made in the above articles, whereby all the objections hitherto existing have been overcome.

SHOOLBRED and CO. have likewise made arrangements for the manufacture of all Surgical Bandages on India plan, embodied on a principle whereby the flannels is prevented and not affected by climate, the Bandages being all made from patterns taken from each particular case. A pamphlet is issued thereto, pointing the many evils arising from undue pressure being applied to any part, which must always be the case providing the Bandage is not adapted to each particular case.

Prices which will be found as low as other makers', notwithstanding the elaborate manner in which they are made. Directions for measurement will be sent on application, per return of post.





No. 1 shows J. Alderman's Patent Graduating Elastic Spinal and General Invalid Couch, which is fitted up with two, three, or four distinct graduating actions, so that an invalid can be adjusted imperceptibly to any position without being touched by the nurse, and free from all pressure, that being avoided by his Elastic Ventilating Mattress and his Patent Elastic Adjusting Foundation, so that a patient cannot become bedsore by long confinement. They are also fitted with a Closet arrangement if required.

No. 5 is J. A.'s Patent Graduating Elastic Self-Adjusting Invalid Chair. This Chair, like the Couch, is made to follow nature in every respect, as the back, the arms, the seat, and the leg-rest are made to work at the same time, so that not a muscle of the patient need be disturbed. The arms are also made to put on and off in an instant, so that the patient may get on and off from either side while the leg-rest is out.

COMFORT FOR INVALIDS

BY HER MAJESTY'S ROYAL LETTERS PATENT

J. ALDERMAN,

16, SOHO SQUARE, LONDON.

No. 6 is J. A.'s improved Self-propelling Chair, which renders an invalid perfectly independent, being able to run from room to room without any assistance.

No. 8 is J. A.'s Patent Portable Equilibrium Carrying Chair, which enables an invalid, however weighty, to be carried up and down stairs with perfect ease and safety. The Chair, always adjusting itself, enables the two persons who carry to walk up and down stairs in the usual way, quite erect, with their arms straight down, which avoids any strain upon their muscles. It is also a perfect Easy Chair for the patient to sit in during the day, the carrying handles being made to hook on and off in an instant.

No. 11 is J. A.'s improved Three-wheel Albert Chair, with a Hood. It is elegant and easy.

The following gratifying Letter has been received by Mr. ALDERMAN *from* GENERAL GARIBALDI.

"Caprera, August 20th, 1863.

"Mr. ALDERMAN,—Some time ago I addressed to you a few words of thanks for your magnificent bed, which has been so great a comfort to me during my illness. Now I hear with regret that my letter has miscarried, and I willingly come forward again to express my gratitude to you. You have alleviated half my sufferings. My affectionate thankfulness will accompany you eternally. Accept a grasp of the hand from yours ever,

THE ROYAL MEDICAL BENEVOLENT COLLEGE

Was founded in order to provide an ASYLUM and PENSIONS for duly qualified Medical Men, and the Widows of such, in reduced circumstances; and a SCHOOL for the sons of duly qualified Medical Men.

THE ASYLUM contains twenty-four residents, who are called Pensioners, each of whom is provided with three furnished rooms, and receives a pension of £21 a year, and an annual allowance of 3½ tons coals. In addition to the resident Pensioners, there are Pensioners who have Annuities of £21, without residences. There are now twenty non-resident Pensioners, and six more will be elected, raising the total number of Pensioners to fifty.

PENSIONERS must be legally qualified Medical Men, who have been in independent practice in England or Wales for five years from the date of their diploma, licence, or degree, or the Widows of such. They must not be less than sixty years of age, at the time of their application for admission as Candidates, and their yearly income must not exceed £60. They will be elected in the first instance to Annuities only, and will succeed to residences in turn, as vacancies arise among the residents, provided that their circumstances are such as to render them fitting inmates of the Asylum.

THE SCHOOL contains two hundred resident pupils, the sons of Medical Men, fifty of whom, being the Foundation Scholars, are educated, boarded, clothed, and maintained, at the expense of the Institution; while the remainder (with the exception of a few Exhibitioners, who pay lower rates,) are charged £45 a year each for an education of the highest class, board, washing, use of books, &c. &c. There are also some Day Scholars, who are not necessarily the sons of Medical Men.

FOUNDATION SCHOLARS must be elected from among the necessitous orphans and sons of such Medical Men as would be professionally qualified for Pensionerships. They must be fully eight years old when proposed as candidates.

There is a CHAPEL for Divine Worship according to the ritual of the Church of England.

The Royal Medical Benevolent College was first projected in 1851, by the late JOHN PROPERT, Esq. In the latter part of 1852, subscriptions to a large amount having been received, a site was obtained at Epsom, and on the 6th of July, 1853, the first stone of the College was laid, by the Right Hon. the EARL MANVERS, then President of the College, in the name of H.R.H. the PRINCE CONSORT, who was prevented by indisposition from being present. On the 25th of June, 1855, the Institution was formally opened by H.R.H. the PRINCE CONSORT, accompanied by H.R.H. the PRINCE of WALES, and was shortly afterwards occupied by the Pensioners and Scholars who had been elected. On the 14th of July, 1857, the Chapel, the funds for which were provided by a special subscription among the Ladies, was opened by the LORD BISHOP OF WINCHESTER. During the year 1862, the School Department was improved by the addition of a large new school-room, additional class-rooms, an atelier, a swimming-bath, and another large dormitory; and the Pensioners' Department was added to, in the year 1863, by the construction of a new block of residences, called "THE ALBERT WING," in memory of the late lamented PRINCE CONSORT. In 1870 the School Department was completed by the construction of a laboratory, some more class-rooms, and a gymnasium.

Donors of TEN GUINEAS are Life Governors of the College; Subscribers of ONE GUINEA annually are Governors during the continuance of their Subscriptions. All Subscriptions are due in advance on the 1st of January in each year, and must be paid before the elections in May in order to entitle Governors to vote.

The Governors vote at all elections by ballot, either personally or by proxy, and have votes in the proportion of one for each GUINEA subscribed annually, for every TEN GUINEAS given, for every TWENTY GUINEAS collected.

Any information with regard to the details of the Institution will gladly be communicated to parties addressing inquiries to the SECRETARY, at the Office of the College, 37, SOHO-SQUARE, where Subscriptions and Donations will be thankfully received. Subscriptions will also be received by the TREASURER, the MEMBERS OF THE COUNCIL, the HONORARY LOCAL SECRETARIES, and the BANKERS, Messrs. Goslings and Sharpe, 19, Fleet-street. Post Office Orders should be drawn on the Chief Office, "London, E.C." and should be made payable to "Robert Freeman."

The Office is open daily from Ten to Five, except on Saturdays, when it closes at Two o'Clock.
